$5,000,000 on June 1 1935. The committee expects to make with the Government a satisfactory arrangement with regard to these bonds.

(e) No change will be made in the provisions of the bonds held by the public which fall due in 1933 and subsequent years.

Prior Preference Stock.

A new class of 7% prior preference stock shall be created. The dividends on this stock shall be cumulative, and it shall have full voting power share for share with all other classes of stock, and shall have priority both as to dividends and in liquidation over all other classes. It shall be callable as a whole but not in part on any interest day after Jan. 1 1930 at 110 and divs. but in case of any such call made on or before Jan. 1 1940, a period of at least 90 days shall intervene between the public announcement of the call and the date fixed for redemption, and during said period the bonds which are convertible as herein provided may be converted into prior preference stock without regard to any limitation (as set forth above), and the stock to be called and redeemed shall include all shares issued in exchange for bonds so converted, but in this event the conversion privilege on all bonds not so converted within the period of 90 days shall terminate at the end of said period.

$13,000,000 in par value of this stock is to be issued for cash at the time of the reorganization to provide for improvements and additions to the property of the railroad and shall be paid for in 5 equal semi-annual installments, upon which until full payment is made interest shall be allowed at the rate of 7% per annum. This present issue shall be offered to the existing stockholders in the proportions of $12 par value of prior preference stock for each share of 1st pref. stock now held, $15 par value of prior preference stock for each share of preferred stock now held, and $20 par value of prior preference stock for each share of common stock now held. It is hoped that the plan may be sufficiently advanced so that the first installment may be payable Oct. 1 1925.

Kidder, Peabody & Co., Lee, Higginson & Co. and Harris, Forbes & Co. have been requested to form a syndicate to assist in making the plan an assured success, and to underwrite any portion of the prior preference stock not taken by stockholders, under an arrangement by which the shares now outstanding which will be forfeited by non-subscribing stockholders shall be utilized in whole or in part for the compensation and protection of the underwriters.

Future issues of this class of stock may be made from time to time for cash, and from 1930 to 1940 additional shares shall be issued as may be made necessary by the conversion of bonds.

Adjustment of Outstanding First Preferred Stock.

The outstanding classes A, B, C, D and E will be consolidated into one issue of 7% pref. stock, upon which the dividends shall be cumulative after July 1 1927. This new stock is to be issued to the present holders of classes A, B, C, D and E, in such amounts that each will receive the same preferential dividends as are called for by the shares now held, that is to say, for each 7 shares now held.

Class A, present rate 5%, will receive 5 new shares.
Class B, present rate 8%, will receive 8 new shares.
Class C, present rate 7%, will receive 7 new shares.
Class D, present rate 10%, will receive 10 new shares.
Class E, present rate 4½%, will receive 4½ new shares.

It shall be provided, however, that present holders of 1st pref. stock of classes A and E who do not subscribe to their share of the new prior pref. stock shall receive new shares at the above rates for only 85% of their present holdings, that present holders of classes B and C who so fail to subscribe shall receive new shares at the above rates for only 90% of their present holdings, and that present holders of class D who so fail to subscribe shall receive new shares at the above rate for only 92% of their present holdings.

This new 7% preferred stock, unlike the outstanding 1st pref. stock, shall be preferred over the common stock not only as to dividends, but also in liquidation to the extent of $100 per share.

It shall also be provided that if in any calendar year dividends equal to 6% in all shall have been paid on the common stock, then an amount equal to one-half of any remaining balance of net earnings or surplus which in the opinion of the directors may properly be distributed as dividends during that year shall be applied pro rata to the payment of the dividends accumulated and unpaid up to and including July 1 1925, on the outstanding classes A, B, C, D and E, this provision to remain in force until 50 cents on the dollar has been so paid in all upon said dividends accumulated and unpaid, but not longer.

Adjustment of Outstanding 6% Non-Cumulative Preferred Stock.

The 6% non-cumulative preferred stock will be abolished. Holders of this class of stock now outstanding who subscribe for their share of the new prior preference stock as above stated shall receive in common stock 115% of their present holdings of the preferred stock, but such holders who fail to so subscribe shall receive in common stock only 85% of their present holdings.

Adjustment of Outstanding Common Stock.

Holders of outstanding common stock who subscribe to their share of the new prior preference stock as above stated shall receive the same amount of common stock which they now hold, but such holders who fail to so subscribe shall receive in new stock only 60% of their present holdings.

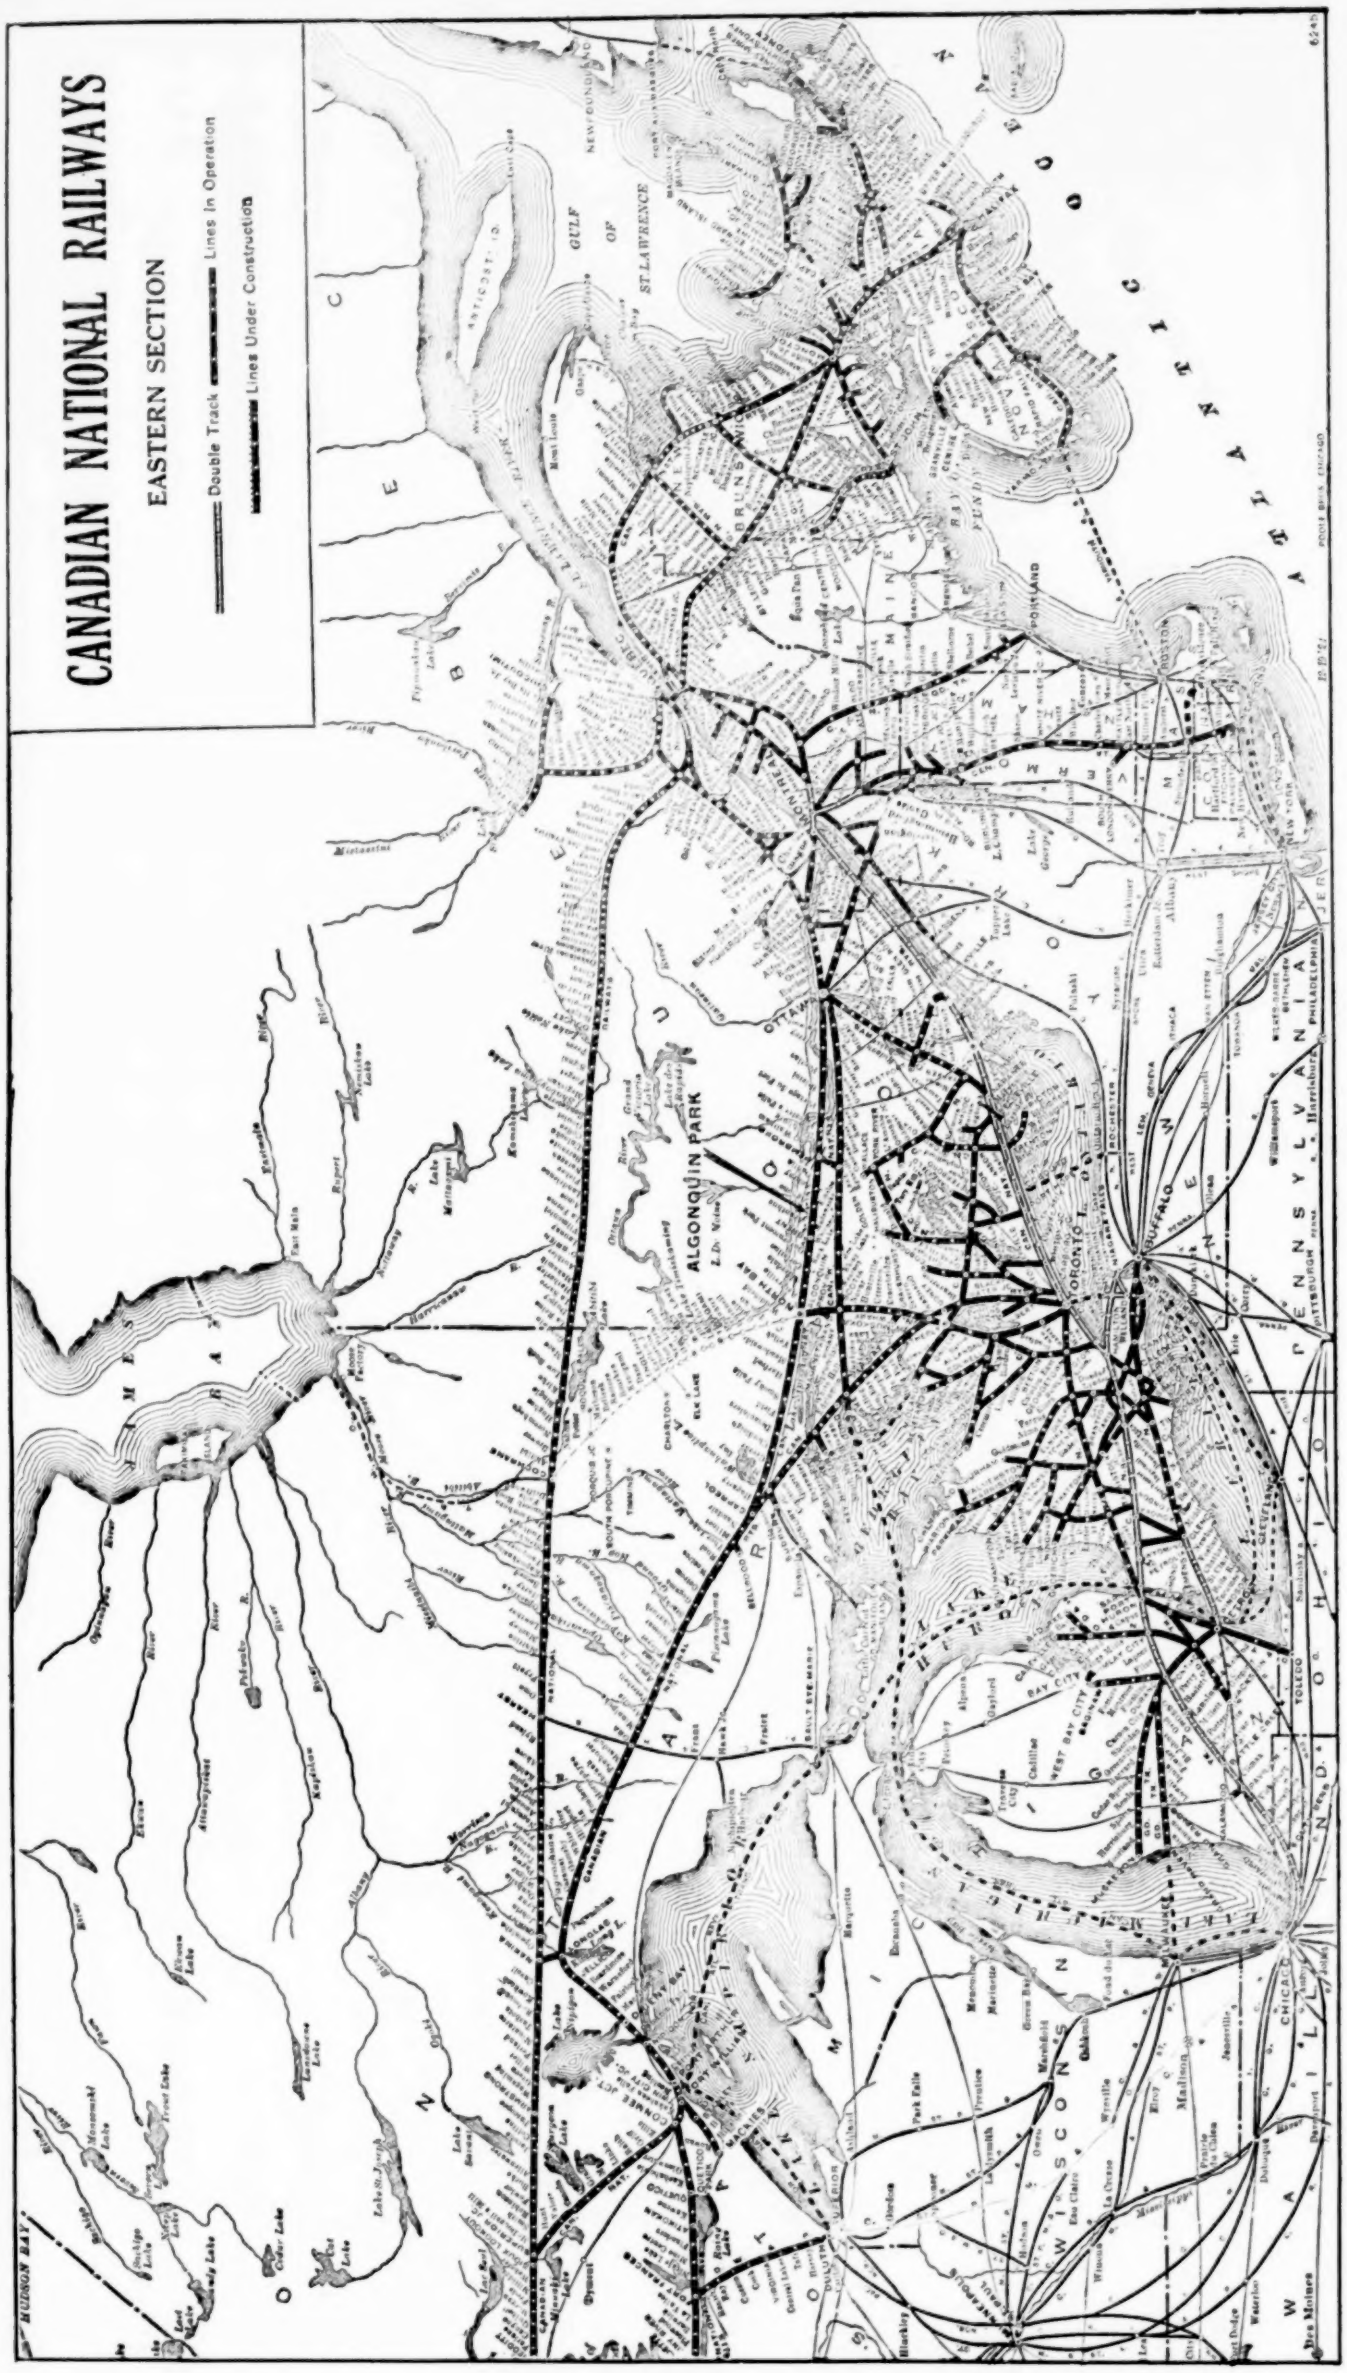
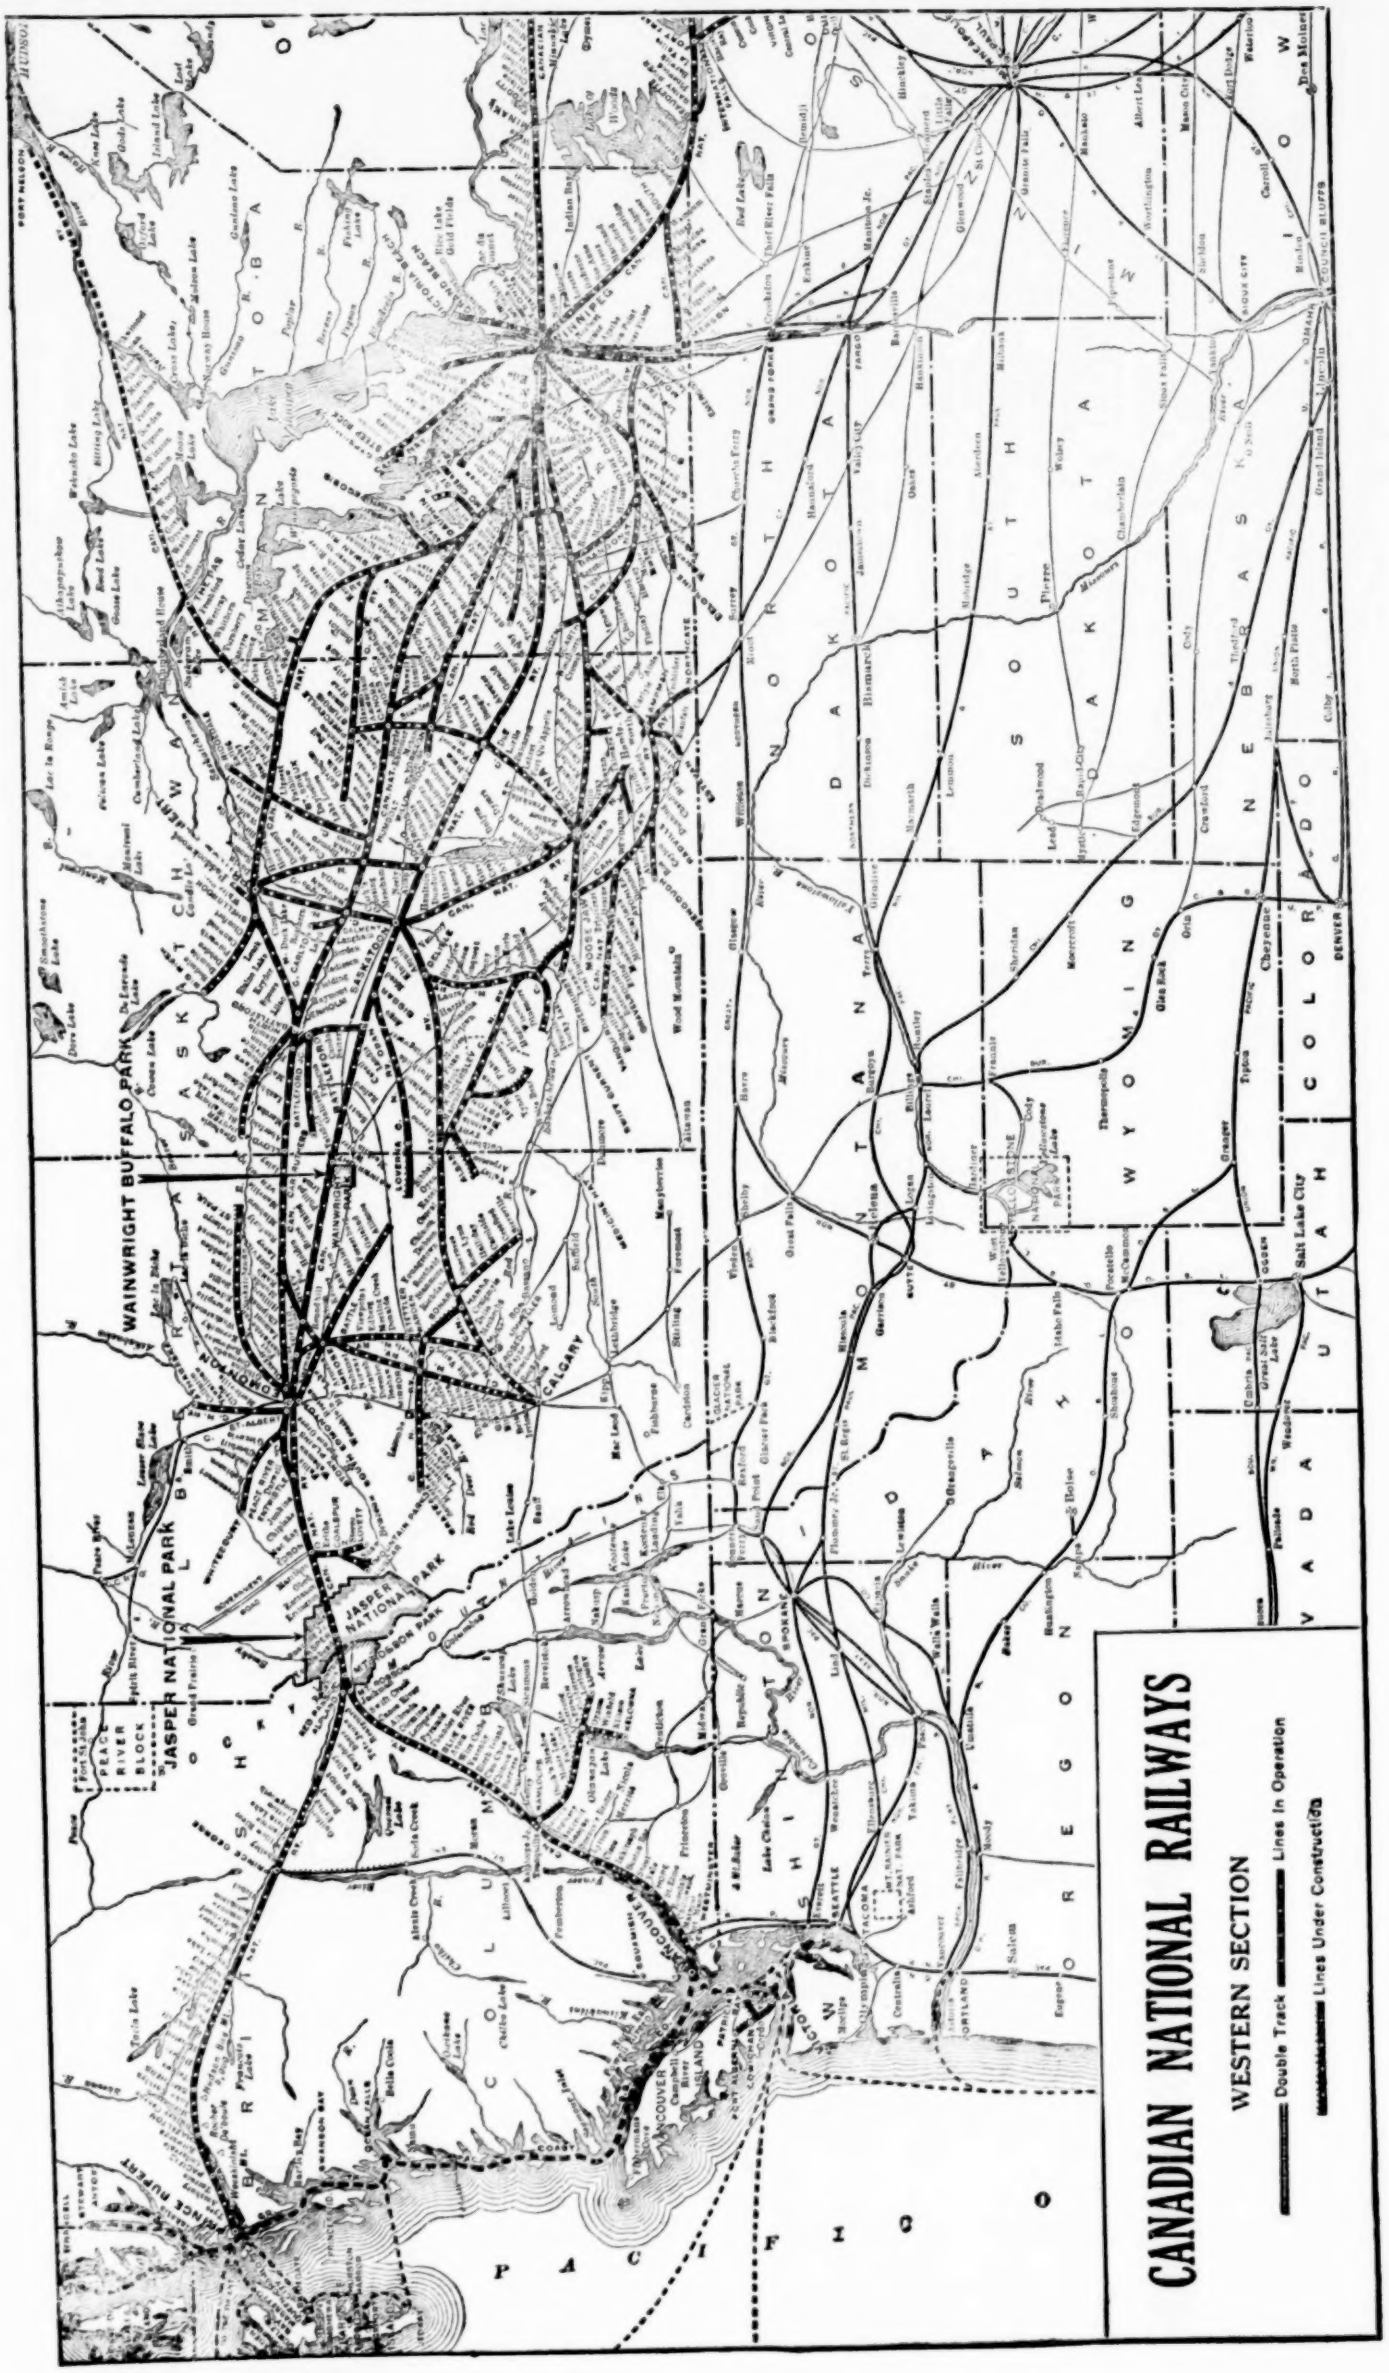
CANADIAN NATIONAL RAILWAYS.—(*See Map.*)—In 1919 a company under the name of "Canadian National Railway Company" was incorporated by the Dominion Government with the intention of having that company take over or operate the railways owned or controlled by the Government. This company was organized in October 1922.



In Jan. 1923 an amalgamation was effected between the above company and the Grand Trunk Ry. of Canada, the result being a new company with the name "Canadian National Ry. Co." and which new company became vested with the properties of the two amalgamating companies and became liable for the obligations of said companies. Pursuant to the agreement between the Dominion of Canada and the Grand Trunk Ry. Co. all the capital stock of the Grand Trunk Co. became vested in His Majesty the King on behalf of the Dominion of Canada and as a result of this and of the above amalgamation there was issued in favor of the Minister of Finance of the Dominion of Canada in trust for His Majesty as above $180,424,327 70 of capital stock of the new Canadian National Ry. Co. This amount represented the previously outstanding capital stock of the Grand Trunk Co., there being no capital stock outstanding of the previous Canadian National Rys. Co. The Canadian National Rys. now operates about 22,000 miles of railway all under control of the same directors and the same general and executive officers, whether acting respectively as directors or officers of one or another of the companies included in the Canadian National Rys. System.



In May 1920 Wm. A. Read & Co., New York, offered $15,000,000 7% equipment trust gold certificates, dated May, 1920, and due May 1 1935.

Semi-annual payments of $500,000 each beginning Nov. 1 1920 must be used by the trustee to purchase certificates at or under par, if obtainable. At the end of each six months any unexpended balance must be used at the direction of the railway to purchase either certificates or Canadian Government obligations due before the maturity date of the certificates. Certificates may be purchased at a premium and tendered by the railway company to the trustee, under the foregoing provisions.

Serial equipment bonds of 1923, V. 117, p. 552. 3-year gold notes of 1924 and equipment trust ctfs. Series "H," V. 119, p. 578.

The 30-year 5% bonds of 1924 are secured by the full credit and taxing power of the Dominion of Canada equally with its Victory bonds and other direct obligations. The Dominion of Canada guarantees unconditionally the payment of principal and interest, the guaranty being endorsed on each bond. V. 118, p. 430.

BONDS, DEBENTURE STOCK, GUARANTEED BONDS, &C.—List of securities owned Dec. 31 1921, V. 114, p. 1426.

The shareholders on May 4 1921 gave the directors blanket authority to issue any form of security for any purpose, provided it is junior to the Consolidated Debenture 4% stock, and does not exceed the amount of this stock.

Late in 1916 $40,000,000 4% Consolidated debenture stock over and above the $176,284,882 (£35,611,124) then listed on the London Stock Exchange, was issued and loaned to the Imperial Treasury for a maximum period of five years, at a premium of ½% per annum, over the interest payable on the stock. Provision is made in the agreement for the sale to the British Treasury of this stock in annual installments, should the company require money for any of its purposes in Great Britain, and the Treasury reserves the right to purchase all or any of the stock during the five years at 80% of face value. V. 104, p. 1604, 1388; V. 106, p. 1241. The balance sheet of Dec. 31 1924 showed $264,244,882 Consol. debenture stock outstanding. V. 108, p. 1280; V. 119, p. 692.

In June 1890 company *guaranteed* the principal and interest of $20,000,000 4% bonds issued by the Dul. So. Sh. & Atl.; also 4% int. on Consolidated bonds of the Minn. St. P. & S. Ste. M., and in 1899 interest on the 2d mtge. 4s of the latter. Owns Dul. So. Sh. & Atl. consols. $15,107,000, &c.

Collateral Trust Bonds.—The 5% collateral trust gold bonds are secured by deposit of $15,000,000 4% Consol. Deb. stock. The bonds are redeemable, all or part, at 102½ and int. after April 15 1926. V. 118, p. 1909.

Secured Note Certificates.—The sinking fund secured note certificates are redeemable, all or part, on any int. date on six weeks' prior notice at 102 and int. up to and incl. Dec. 15 1929, and at a declining premium of ½ of 1% during each 5-year period thereafter. They will be secured by the assignment to the trustee, by way of security, of all unpaid purchase money or deferred payments owing or accruing due to the company in respect of lands in the Province of Manitoba, Saskatchewan, Alberta and British Columbia, sold or contracted to be sold by it prior to Dec. 1 1924. The amount due or accruing due to the company on Dec. 1 1924 in respect of said sales was $66,000,000. The company will covenant to pay to the trustee all moneys, both principal and interest, less expenses and taxes paid to protect the security, received by the company in respect of these contracts. The company covenants that it will not charge the lands in respect of which such deferred payments are or shall be due so as to prejudice in any manner the security hereby created.

All moneys received by the trustee will be utilitized for the payment of interest on these note certificates and thereafter as a sinking fund for the purchase and cancellation of these note certificates at the best prices obtainable up to the call price prevailing at the time of such purchase. If note certificates cannot be so purchased the trustee shall redeem the note certificates by lot at the prevailing call price. The company will covenant that in the fourth and each succeeding year the annual amount available for the purchase of note certificates will be at least $300,000.

St. Lawrence & Ottawa bonds are endorsed with the Canadian Pacific's acceptance of a 999-year lease at a rental sufficient to pay 4% int. on bonds; and the bondholders' agreement to accept int. at 4% (instead of 6%) and to refrain from demanding principal (due 1910) during lease. V. 90, p. 1361.

HISTORY.—Reorg. in 1887 without foreclosure; V. 44, p. 714, 716; V. 105, p. 1707. Concerning coal properties, see Lehigh & Wilkes-Barre Coal Co. and Lehigh Coal & Navigation under "Industrials." In 1901 Reading Company acquired control, owning $14,500,000 stock. The latter company will dispose of its holdings under its dissolution plan. V. 113, p. 1469; V. 112, p. 743, 2304; V. 72, p. 86, 136, 241, 391, 721. In Sept. 1913 the Govt. brought suit alleging violation of both the Sherman law and the commodities clause of the I.-S. Commerce Law. In Oct. 1915 final decree of U. S. District Court dismissing said suit ordered that this company must dispose of its interest in the Lehigh & Wilkes-Barre Coal Co. within 90 days. Both parties appealed to the U. S. Supreme Court. On April 26 1920 the U. S. Supreme Court sustained most of the Government's charges. The plan for the disposal by the company of all the stock of the Lehigh & Wilkes-Barre Coal Co. owned or controlled by it (as embodied in the dissolution decree of the Reading Co. dated Feb. 14 1921), provided that the stock be disposed of within six months after entry of the decree or previous to any other later date which may be fixed by the Court. Announcement was made on Nov. 17 1921 that the company had sold its 169,788 shares of Coal Co. stock to a syndicate for $32,500,000. See V. 114, p. 737, 946, 2578; V. 115, p. 182, 644, 868; V. 117, p. 669, 1555; V. 113, p. 1982, 2184, 2719; V. 112, p. 743, 2641; V. 101, p. 1464, 1807; V. 110, p. 1816. Full Crew Law, V. 105, p. 1897, 2093. Rebate decision in V. 109, p. 1891.

Tentative Valuation.—The I.-S. C. Commission has placed a tentative valuation of $103,473,706 on the total owned property of the system and $125,111,211 on the total used property as of June 30 1918. The tentative valuations include Central RR. of New Jersey, the Dover & Rockaway RR., the Easton & Western RR., the Hibernia Mine RR., the Lehigh Coal & Navigation Co. (Lehigh & Susquehanna RR.) the Ogden Mine RR., the Tresckow RR. and the Wilkes-Barre & Scranton Ry.

Huntington interests acquired by O. P. Van Sweringen. V. 116, p. 175; V. 115, p. 2904.

Merger.—In Sept. 1924 O. P. and M. J. Van Sweringen made a proposal for the unified control and operation of the railroads of The New York Chicago & St. Louis RR. Co., The Chesapeake & Ohio Ry. Co., The Hocking Valley Ry. Co., Erie RR. Co. and Pere Marquette Ry. Co., for details of which see The New York Chicago & St. Louis RR. Co. below.

The stockholders on March 30 1925 approved the lease of the road to the new Nickel Plate system. The proposed 999-year lease of the road to the new Nickel Plate system, however, must not be executed, even though the I.-S. C. Commission approves it, until Judge William A. Moncure of the Chancery Court decides definitely whether the corporation has power under the Virginia statutes to enter into such an agreement. This ruling was upon the petition of minority stockholders for an injunction to prevent the stockholders' meeting on March 30 from approving the proposed lease of the road to the new Nickel Plate.

The minority stockholders' committee is composed of the following members: Geo. Cole Scott, Chairman; John Stewart Bryan, Richmond, Va.; Lindsey Hopkins, Atlanta, Ga.; George S. Kemp and Berkeley Williams Richmond, Va., with Berkeley Williams, Sec., 705 Richmond Trust Bldg., Richmond, Va., and Munford, Hunton, Williams & Anderson, counsel, Richmond, Va. Compare V. 120, p. 83, 325, 1086, 1322, 1454, 1582, 1744.

STOCK.—Author. stock was increased in 1916 to $155,000,000, of which $37,200,000 was reserved for conversion of 4½s of 1910 and $50,225,000 for conversion of 5s of 1916 V. 102, p. 1162, 1625.

The *general mortgage* of 1892 (Central Union Trust Co. and H. T. Wickham, trustees) is for $70,000,000, but additional amounts at $25,000 per mile may be issued for double-tracking. See full abstract of mortgage in V. 54, p. 644.

General funding and impt. mortgage, V. 87, p. 1663; V. 88, p. 157.

It provides for extensions and improvements and the retirement of certain equipment and other obligations, including the "General Funding and Improvement" bonds, and for other corporate purposes. Of entire $75,045,000 outstanding under this mortgage in Mar. 1925, $36 212,000 had been pledged to secure the $31,685 500 convertible 5s of 1916, due 1946, and no part held by public. $23,329,000 had been pledged as security for loans from U. S. Govt. and $15,504,000 in treasury.

(2) A *first lien* on all stock of C. & O. Northern Ry., and 80.23% of stock of the Hocking Valley Railway Co. (3) A lien on all the remaining lines of railway owned or controlled by the company, aggregating about 1,800 miles, subject to $101,872,000 prior liens.

The 4½% convertible bonds, due Feb. 1 1930, have a parity of lien with the first lien & impt. bonds on such lines as were owned on April 28 1910, but not on the above-mentioned collateral.

Of the authorized $37,200,000 convertible gold bonds of 1910, $31,390,000 were issued in that year. They are redeemable after 1915 at 102½. The option to convert these bonds into stock expired Feb. 1 1920. V. 90, p. 771, 848; V. 91, p. 870, 945, 1159, 1574.

The *Convertible 30-year 5% gold bonds* of 1916 for $40,180,000 (V. 102, p. 1162) are convertible at option of holder at face value into common stock at $90 per share up to and incl. Apr. 1 1926, and at $100 per share up to and incl. Apr. 1936, with adjustment of divs. and int. The entire issue, but not a part thereof, is redeemable at option of company on any interest date up to and including April 1 1929 at 105% and interest, and thereafter at 100% and interest, upon 60 days' notice; in case of redemption during the conversion period the privilege of conversion shall terminate 30 days prior to the redemption date. $8,404,500 had been converted into Common stock to Mar. 31 1925, incl. The bonds are secured by deposit with the trustee of $36 212,000 first lien & impt. mtge. 5% bonds, above described. A proportionate amount of the security may be withdrawn as bonds are converted into stock. V. 103, p. 60.

The list of companies included in the term "Rock Island Lines" is as follows: Chic. Rock Isl. & Pac. Ry. Co., Chic. Rock Isl. & Gulf Ry. Co., Choctaw Okla. & Gulf RR. Co., Rock Isl. Ark. & La. RR. Co., Rock Isl. Memphis Term. Ry. Co., St. Paul & Kansas City Short Line RR. Co., Rock Isl. Stuttgart & Southern Ry. Co., Rock Isl. & Dardanelle Ry. Co. and Morris Terminal Ry. Co. The company also leases Peoria & Bureau Valley RR. Co. and White & Black River Ry. Co.

It was announced in March 1925 that the company had acquired a substantial interest in the stock of the St. Louis Southwestern Ry. Co., the investment being almost entirely in the preferred stock.

ORGANIZATION.—The company at midnight on June 24 1917 resumed possession of its property, having been successfully reorganized without foreclosure. The sale of $29,422,160 7% pref. stock to a syndicate and $5,000,000 6% pref. to former directors provided for old floating obligations and reorganization expenses, while the $20,000,000 debentures of 1912 were replaced by $20,000,000 6% pref. stock. V. 104, p. 2641, 2552, 2451, 2342; V. 106, p. 2025. Plan of reorganization was in V. 103, p. 1887, 1980, 2155; V. 104, p. 451.

FULL FINANCIAL STATEMENT TO N. Y. STOCK EXCHANGE of Feb. 26 1919, see V. 108, p. 1172 to 1174. Valuation, V. 109, p. 1461; V. 113, p. 1470, 1573, 1771; V. 114, p. 2240.

In Jan. 1919 the company concluded a settlement of its litigation with the Colorado & Southern Ry. Co. respecting the Trinity & Brazos Valley Ry., extending from Fort Worth and Dallas to Houston and Galveston, whereby the Colorado & Southern accepted in cash 60% of the amount due on the contract, which, under the final decree in the Rock Island receivership, would be payable in full in 6% preferred stock at par, such as was paid to all other general creditors of the Rock Island. This involved the payment of some $4,000,000 and the Rock Island now owns outright a half interest in the Trinity & Brazos Valley Ry. and will have a permanent outlet to the Gulf ports. V. 108, p. 378; V. 109, p. 672.

Settlement with "Clover Leaf" regarding Chicago & Alton stock. V. 112 p. 2078.

The Keokuk & Des Moines Ry., which formerly had been operated under lease, was acquired outright during 1924 for $2,641,000 1st & pref. mtge. 4% bonds. Compare V. 119, p. 324, 455, 2407, 2526.

HISTORY, &c.—Chartered in 1832, present title assumed in 1853.

In June 1909 the D. L. & W. Coal Co. was incorporated with $6,800,000 authorized stock, to act as selling agent for the company's coal in Pennsylvania, the railroad stockholders being permitted to subscribe for its stock See extra dividend below, also that company's caption under Miscel. Cos.

United States Supreme Court on June 21 1915 in the suit brought by the Government held that the company, under the contract of Aug. 2 1909, violated the commodities clause of the Hepburn Act and the Sherman anti-trust law (V. 100, p. 2114; V. 101, p. 17), in its relations with the D. L. & W. Coal Co. A new contract was arranged. V. 101, p. 47.

The company on Sept. 17 1920 submitted to the I.-S. C. Commission a plan for the segregation of its coal properties and the operation of its mines owned, as distinct enterprises from its railroad properties. The Comission, in April 1921 authorized the company to issue $45,000,000 common stock to be distributed as a stock dividend. The stockholders on July 21 1921 authorized an increase of $45,000,000 in the capital stock and also approved the sale of the road's anthracite coal properties to the Glen Alden Coal Co. for $60,000,000. Compare V. 112, p. 2190.

Digest of Reorganization Plan (as Modified).

Reorganization Plan.—Kuhn, Loeb & Co. and the Equitable Trust Co., New York, as reorganization managers, have announced a reorganization plan which has been approved and adopted by the bondholders' committees, of which John Henry Hammond, James H. Perkins and Richard Sutro are Chairmen. The plan has also been approved by the directors of the Western Pacific RR. Corp. (which holds all the stock) and the Missouri Pacific RR. also by the I.-S. C. Commission. The plan also provides for the creation of equal beneficial interests in the new company for the Western Pacific and the Missouri Pacific (compare also original proposed reorganization plan of the Hammond committee, subsequently abandoned, in V. 114, p. 515, 519.) The I.-S. C. Commission on June 9 1924 approved the plan as modified. V. 118, p. 2947. The plan was declared operative in June 1924. V. 118, p. 3077.

The properties were bid in at mortgage foreclosure sale at Denver Oct. 29 1924 for $17,935,700. The sale was confirmed by Federal Judge J. Foster Symes on Nov. 20 1924. V. 119, p. 2063, 2407.

(7) The creation, under a voting trust, of equal beneficial interests in the new company's common stock, to be vested in the Missouri Pacific and the Western Pacific.

Securities to Be Authorized by New Co. and Proposed Disposition Thereof.

(1) *Refunding & Improvement Bonds.*—To be secured by a mortgage which will be a lien (subject only to existing liens of underlying bonds and to liens subject to which after-acquired properties may be acquired) on all of the railroad properties and equipment of the new co., including its interest in terminal properties, and such securities and (or) after-acquired property as the reorganization managers shall determine. Bonds may be issued in separate series, maturing on same or different dates and bearing same or different rates of int. and other provisions determined by directors at time of issuance.

The mortgage securing the ref. & impt. bonds shall authorize the issue thereunder by the new company of such principal amount of bonds, at any one time outstanding, not exceeding $150,000,000, as determined by the directors. Of the bonds so authorized there shall be reserved to refund underlying bonds a principal amount equal to 105% of the principal amount of underlying bonds (now $81,112,000) from time to time outstanding.

The modified plan provides that refunding and improvement bonds, to the extent of $3,000,000, are to be issued to provide additional capital. The Missouri Pacific RR. and the Western Pacific RR. Corp. have agreed upon the consummation of the plan of reorganization to purchase $2,000,000 of the new ref. & impt. bonds provided for by the plan, and at the same time to purchase an additional $1,000,000 of the bonds if it shall be deemed necessary for the purposes of the new company, all of the bonds to be purchased at such prices as may be approved by the I.-S. C. Commission.

The obligations of the railroad companies shall be several, that is to say each of them shall be under obligation to purchase one-half only of the bonds. The purchase by one of them of its one-half of the bonds shall operate as a discharge of such party from its obligation to advance to the new company any part of the sum of $740,827, as provided in a letter to the I.-S. C. Commission, dated Dec. 3 1923.

The I.-S. C. Commission on Nov. 1 1924 authorized the company to issue $3,000,000 ref. & impt. mtge. 6% bonds, series "A"; said bonds to be sold at not less than par and int. The proposed bonds will be designated series "A," will be dated Oct. 1 1924, will bear int. at rate of 6% per annum will be redeemable, in whole or in part, on or after Oct. 1 1934 at 107½ and int., and will mature Oct. 1 1974.

(2) *Gen. Mtge. Bonds.*—Limited to the total authorized amount of not exceeding $30,000,000, maturing Aug. 1 1955 (i. e., date of maturity of present ref. bonds) and bearing 5% int., payable semi-ann. from Feb. 1 1924. Bonds will be secured by a mortgage subject and subordinate to the ref. & impt. mtge. and co-extensive therewith as to property and rights covered.

The gen. mtge. will contain further provisions to the effect that (*a*) gen. mtge. bonds shall be redeemable, all or part, at any time at 105 & int.; (*b*) new company shall pay, on or before May 1 1925, and on or before May 1 in each year thereafter, so long as any of the gen. mtge. bonds shall be outstanding, an amount equal to 1% of the maximum amount of gen. mtge. bonds at any one time issued and outstanding, such payments to be required to be made only out of net income for the last preceding calendar year (but to be cumulative) as a sinking fund, to be applied to the purchase at not exceeding redemption price, of gen. mtge. bonds, all bonds purchased or called for the sinking fund to be kept alive and the interest paid thereon from time to time to be added to sinking fund and applied in same manner.

The gen. mtge. bonds will be applicable in the first instance as follows:

In exchange for refunding bonds and coupons	$22,557,650
In exchange for adjustment bonds and coupons	7,250,000
Total	$29,807,650

The plan as modified provides that "Until Feb. 1 1929, the gen. mtge. bonds shall be income bonds, cumulative from Feb. 1 1924, to the full extent of 5% per annum; the payment of the int. accruing on the gen. mtge. bonds for the period from Feb. 1 1924, until Feb. 1 1929, shall not be mandatory even if the same shall have been earned by the new company; but if earned and available, whether prior to Feb. 1 1929, or thereafter, the int. on the bonds accruing during such 5-year period (including accumulations, if any), shall be paid to the extent that in the reasonable discretion of the directors of the new company such payment is not inconsistent with due regard for the protection of the property of the new company and the maintenance of efficient service thereon. Commencing Feb. 1 1929, int. upon the gen. mtge. bonds accruing from and after that date shall be a fixed charge of the new company."

The directors announced on April 1 1925 that there would be no net income available May 1 1925 for the payment of interest on the company's general mortgage bonds.

The board also made a similar determination with respect to the installment of sinking fund under the general mortgage for the calendar year 1924.

(3) *Preferred Stock.*—Authorized, $17,000,000 (par $100). Entitled to receive cumulative dividends at rate of 6% per annum, payable quarterly Dividends on the pref. stock shall accrue from Feb. 1 1924. Redeemable, all or part, upon 30 days' notice at 105 and dividends.

A preferred stockholders' committee, consisting of three members (one to be selected by each of the different committees above) shall be created. The members so designated shall hold office for 5 years. The pref. stockholders' committee, at any time when as many as four quarterly dividends upon the pref. stock (whether or not consecutive) shall have accrued and be unpaid, may, and at the request in writing of the holders of record of at least 10% of the then outstanding pref. stock shall, appoint an accountant familiar with railroad affairs, a banker and a man of experience in practical railroad work, who shall be given full access to the books and accounts of the new company and of its subsidiaries, and also to the books and accounts of the Utah Fuel Co. Such appointees when so required by the pref. stockholders' committee, shall report their opinions and conclusions concerning the propriety of declaring dividends upon the pref. stock and the proper availability of moneys therefor and their opinions and conclusions as to the carrying out of the policies prescribed for the new company.

The pref. stock is to be applicable in the first instance as follows:

To be issued in exchange for refunding bonds	$12,445,600
To be issued in exchange for adjustment bonds	4,000,000
Total	$16,445,600

Common Stock.—An issue of common stock shall be created which shall possess full voting rights and shall consist of 300,000 shares, or such other number as the reorganization managers shall determine. The shares may have such par value or be without par value as the reorganization managers shall determine. All of the common stock in the first instance shall be issued to or vested in the Western Pacific, but the beneficial interest therein, upon the consummation of the plan, shall be vested equally in the Western Pacific and the Missouri Pacific.

Treatment of Refunding and Adjustment Bonds.

(*a*) Refunding bondholders who shall have become bound by the plan will be entitled to receive: For each $1,000 of bonds with coupon of Feb. 1 and all subsequent coupons, $725 of gen. mtge. bonds, bearing int. from Feb. 1 1924 at the rate of 5% per ann., and $400 6% cum. pref. stock. Holders of refunding bonds who have heretofore sold the Feb. 1 1922 coupon appurtenant thereto may at their election deposit such bonds without the Feb. 1 1922 coupon attached. Such depositors and holders of certificates of deposit representing refunding bonds, the Feb. 1 1922 coupons appurtenant to which have heretofore been sold, shall receive for each $1,000 of refunding bonds bearing the coupon of Aug. 1 1922 and all subsequent coupons attached, $700 of gen. mtge. bonds bearing interest from Feb. 1 1924 at the rate of 5% per ann. and $400 6% cum. pref. stock. Holders of such Feb. 1 1922 coupons appurtenant to refunding bonds as have been heretofore sold may deposit the same and shall receive in respect thereof $25 of gen. mtge. bonds bearing interest from Feb. 1 1924 at the rate of 5% per annum.

(*b*) Adjustment bondholders who shall have become bound by the plan will be entitled to receive: For each $1,000 of adjustment bonds with the coupons of Oct. 1 1921 and all subsequent coupons, $725 of gen. mtge. bonds, bearing interest from Feb. 1 1924 at the rate of 5% per annum, and $400 of 6% cumulative preferred stock.

Provision for Transfer of Mortgaged Property, Other Assets and Cash to New Co.

Upon transfer to the new company of the properties to be sold under foreclosure of the refunding and adjustment mortgages, and upon receipt from the Missouri Pacific of the purchase price of the stock of the new company to be acquired by it as provided, the Western Pacific will:

(*a*) Pay to the new company $10,000,000 in cash.

(*b*) Transfer or cause to be transferred to the new co. all its right, title and interest and all the right, title and interest of the present co. in and to:

The lines of railroad and other property subject to the refunding mtge. or the adjustment mtge. (except such items of property as the reorganization managers may determine to be of no value or not advantageous for the new co. to acquire, or of which other disposition is specifically made by the plan).

Certain shares of stock, bonds, equipment, &c., Compare V. 116, p. 2881.)

(*c*) Account to the new company or to the reorganization managers for any amounts which hereafter may be realized by it, as the owner of an equitable interest, amounting to approximately 95%, in the unsatisfied portion of the judgment in favor of Equitable Trust Co. of New York, as trustee, against the old Denver company (amounting, with interest, as of May 15 1923, to approximately $33,000,000), not, however, including moneys, amounting to less than $50,000, now in the hands of A. R. Baldwin as receiver of the old Denver company nor any moneys now in the hands of Equitable Trust Co.

(*d*) Account to the new company or to the reorganization managers for whatever it may receive as the proceeds of: $1,777,000 1st mtge. 5% gold bonds of Rio Grande Southern RR. now in default, and 35,797¾ shares of the capital stock of Rio Grande Southern RR. Co.

Other properties to be acquired include 19,583 shares of the capital stock of Rio Grande Junction Ry. pledged under the adjustment mtge. and the refunding mtge. and 7 shares in the treasury of the present company. The balance of the stock of such company, which was outstanding in the hands of the public has been acquired by the Western Pacific, with a view to consolidating the Rio Grande Junction Ry. into the Denver System.

Sale of One-Half Interest to Missouri Pacific and Creation of Voting Trust.

Upon the transfer to the new company of the properties sold under foreclosure the Western Pacific will transfer to the Missouri Pacific one-half of the common stock of the new company for the sum of $9,000,000.

All stock of the new company shall be placed in a voting trust, to continue for the longest period for which a voting trust may be legally made, consisting of three trustees, one appointed by the Missouri Pacific, one appointed by the Western Pacific and the third person to be agreed upon by both.

The board of directors of the new company shall consist of nine members, four to be nominated by the Western Pacific, four to be nominated by the Missouri Pacific, the remaining director to be nominated by the Missouri Pacific and the Western Pacific jointly.

HISTORY.—On Dec. 1 1895 succeeded, per plan in V. 61, p. 368, the N. Y. Lake Erie & Western RR. Co., sold in foreclosure under its second consolidated mtge. The company holds in fee or through ownership of all or practically all the stock of the subsidiary companies the line from New York to Chicago (including the Nypano RR. and Chic. & Erie companies)

COAL PROPERTY.—The allied coal properties at last advices aggregated 12,400 acres of anthracite, of which about 9,000 acres, and 53,000 acres of bituminous coal lands were held by allied companies, 14,000 acres of bituminous held under mineral rights. *Pennsylvania* coal properties acquired in 1901 are additional. V. 82, p. 1322.

MERGER.—In Sept. 1924 O. P. and M. J. Van Sweringen made a proposal for the unified control and operation of the railroads of the New York Chicago & St. Louis RR. Co., the Chesapeake & Ohio Ry. Co., the Hocking Valley Ry. Co., Erie RR. Co. and Pere Marquette Ry. Co., for details of which see the New York Chicago & St. Louis RR. Co. below.

The stockholders on March 25 1925 voted to lease the road for a period of 999 years to the new "Nickel Plate" road. Under the plan adopted the new "Nickel Plate" system will pay every year to the Erie RR. on account of the stock outstanding and not exchanged an amount equal to the amount that such stock would receive if exchanged.

STOCK.—Prior and General Lien bonds of 1895 have 10 votes for each $1,000 of principal. Provisions of pref. stock were in "Supplement" of April 1897, page 3. V. 66, p. 335, 573.

BONDS.—First Consol. mtge. of 1895 for $175,000,000 (Farmers Loan & Trust Co., trustee)—see abstract, of deed, V. 62, p. 89, secures the $35,000,000 Prior Lien (V. 103, p. 1032) and $140,000,000 General Lien bonds. Both series have voting power: see "Stock" above.

Of the $140,000,000 *Consol. Gen. Lien 4s*, $92,668,000 were reserved for ultimate acquisition of bonds and guaranteed stocks left undisturbed on various parts of the system (see list, V. 62, p. 89), and $17,000,000 were reserved for new construction, betterments, additions, &c., after 1897—not over $1,000,000 to be used in any one year. On Dec. 31 1924 $55,104,000 Gen. Lien bonds had been issued, of which $35,885,000 were in hands of the public and $19,219,000 owned by Erie RR. (on Dec. 31 1924 $19,000,000 of these had been pledged). V. 102, p. 2077; V. 97, p. 1898; V. 100, p. 1168.

The collateral trust 4s of 1901 are secured by 51% of the entire N. Y. Susq. & Western stock ($26,000,000 total issue), all of the Pennsylvania Coal Co. stock, and the stock of the Erie & Wyoming Valley RR., Scranton, Pa., to Lackawaxen, 80 miles, and Delaware Valley & Kingston RR. Sinking fund of 10c. per ton of coal mined from mines of Penn. Coal Co. V. 71, p. 1219, 1311; V. 72, p. 44, and circular, p. 36, 532, 257; V. 79, p. 212, $18,130,000 included in the $34,000,000 "outstanding" were in sinking fund Dec. 31 1924.

The Gen. M. Convertible 4s of 1903 ($50,000,000 authorized) cover the entire system subject to prior liens, and when issued were convertible into common stock, but the conversion period has expired for all except series "D" bonds which till Oct. 1 1927 are exchangeable at option of holder for common stock at 50 ($200 par value of stock for $100 of bonds). There is no Series "C."

The shareholders on Dec. 1 1916 authorized a Refunding and Improvement mortgage, limited to $500,000,000 (maturing as to Series A at Dec. 1 1936), to provide for refunding existing funded debt and for necessary capital expenditures over a long period of years. V. 103, p. 412.

In Nov. 1917 authority was obtained to issue $15,000,000 6% Series A *Ref. & Impt. Mtge.* bonds and forthwith pledged $8,750,000 thereof as collateral security for a short-term loan aggregating $5,000,000, with the right to use the remaining $6,250,000 as security for other and additional loans, upon the basis of not more than $175 in amount of bonds for each $100 in amount of loan. On Dec. 31 1924, $14,300,000 pledged, $700,000 unpledged.

In May 1918 was authorized to amend the mortgage so as to make possible the extension of the old (underlying) bonds.

In July 1918 obtained permission from the New York P. S. Commission to issue further $12,500,000 6% series "B" Ref. & Impt. Mtge. bonds as security for not over $12,500,000 notes issuable on account of improvements and additions made and to be made. V. 107, p. 82, 181, 291; V. 106, p. 1577, 1900, 2559. In March 1919 $5,400,000 of "B" bonds were pledged as part collateral for the $15,000,000 note issue. V. 108, p. 1060. An additional $1,300,000 Series "B" was auth. to Aug. 1920. V. 111, p. 588. On Dec. 31 1924 $25,000,000 Series "B" bonds had been issued, of which $19,008,000 were pledged and $5,992,000 in treasury.

In Feb. 1915 sold $7,400,000 Erie & Jersey (closed) 1st M. and $6,000,000 Genesee River 1st M. bonds. Both issues are subject to call as a whole or in part to July 1 1920 at 110, and thereafter at 115. Cumulative annual sinking fund for each issue. Both roads have been merged in the Erie RR. Co. V. 100, p. 474, 481, 397, 555, 641, 981, 1447; V. 104, p. 863.

N. Y. Lake Erie & Western Docks & Impt. Co. 1st 5s (extended) are redeemable at 105. V. 96, p. 1422, 1772; V. 97, p. 54, 370.

As to extension of bonds (three issues), due July 1 1918, see V. 106, p. 1756; extension of Jefferson RR., $2,800,000 5% bonds in 1919 at 1½%, see V. 108, p. 1165. (Extension of N. Y. & Erie, $2,149,000 2d M. 5s, callable at 110. See V. 109, p. 370.

J. P. Morgan & Co. on behalf of the company offered to extend the $2,926,000 N. Y. & Erie RR. 4th Mtge. Extended 5% bonds from Oct. 1 1920 until Oct. 1 1930, at 5% per annum, and to pay $142.50 per $1,000 bond to such holders as presented their bonds for extension on or before Sept. 20 1920. The extended bonds are subj. to redemption at 105% & int. on any int. date on 30 days' notice, and interest is to be paid without deduction for any taxes which the company may be permitted or required to pay thereon or to deduct therefrom (except such part of any Federal income tax as may be in excess of 2%). The present mortgage security is to remain unimpaired.

In Aug. 1920 offered to extend $16,891,000 consol. mtge. 7s of 1870 and $3,699,500 N. Y. L. The extended bonds are redeemable at 110. Announced on Sept. 1 1920 that a sufficient amount of the bonds had been deposited to permit the company to carry out the plan of extension. V. 111, p. 588, 692, 792, 895, 990.

In April 1922 offered to extend $1,100,000 N. Y. L. E. & W. Coal & RR. 1st mtge. 6% gold bonds due May 1 1922 to May 1 1942 at 5½% and to pay $40 for each $1,000 of bonds so extended. The bonds were extended as series A bonds and will have the guaranty of the Erie RR. as to principal and interest. Red. all or part on any int. date at 105 if called for redemption on or before May 1 1932; plus a premium of 2½% if called for redemption after May 1 1932, but on or before May 1 1937; and thereafter at ½% less than that premium for each 12 months or part thereof which shall have elapsed between May 1 1937 and any subsequent date fixed for redemption. Compare V. 114, p. 1891.

In Feb. 1923 offered to extend the N. Y. & Erie RR. 3d Mtge. Extended bonds to March 1 1933 at 4½%, subject to prior redemption, as a whole only, at 105 and int. the present lien of the mtge. indenture securing such bonds to remain unimpaired.

EST RR. CO. OF FRANCE (COMPAGNIE DES CHEMINS DE FER DE L'EST).—The company operates 3,124 miles of track. It serves an industrial region characterized by the numerous metallurgical concerns in the neighborhood of Nancy and the mines of the Briey Basin.

The first of its three most important lines connects Paris with the region of the Ardennes, with Belgium and with Luxembourg, by way of Rheims and Charleville; the second connects it with Alsace and with Lorraine by way of Chalons-sur-Marne, Bar-le-Duc and Nancy; the third connects it with Switzerland and by way of Troyes, Vesuol, Belfort and Basle. The geographical situation of its system assures it, therefore, a large freight traffic, because, on the one hand, it serves one of the most important industrial regions of France, and, on the other hand, it provides the avenue for the exchange of commodities with the countries of Central Europe.

CAPITAL STOCK AND BONDS.—The bonds now outstanding in France, after deduction of bonds redeemed by amortization, are carried on company's books for the amount of 3,075,000,000 francs. None of its bonds is secured by any mortgage or other lien. Its lines and rolling stock, and its other property real and personal, are free and clear of mortgages or other liens or charges. The capital stock originally was of 292,000,000 francs, but by Dec. 31 1923 it had been reduced to 195,000,000 francs by reason of fo amortizations. Dividends have been paid on the common stock without interruption since 1846.

In January 1925 Dillon, Read & Co., Marshall Field, Glore, Ward & Co., White, Weld & Co., Cassatt & Co., New York, and Union Trust Co., Cleveland, sold at 87½ and interest, $20,000,000 7% External Sinking Fund Gold bonds. Dated Nov. 1 1924, due Nov. 1 1954. Interest payable M. & N. Denom. $1,000 and $500 c*. Principal and interest payable in U. S. gold coin of the present standard of weight and fineness at the office of Dillon, Read & Co., New York, without deduction for any French taxes present or future. A sinking fund is provided, beginning May 1 1925, which is calculated to retire the entire issue by maturity, by purchase in the market at or below 100% and interest, or if not so obtainable, by call by lot at 100% and interest. Redeemable as a whole at 105 and int. on Nov. 1 1929 or any interest date thereafter.

GUARANTY OF FRENCH STATE.—The convention between the French Government and the principal French railway companies signed on June 28 1921 and approved by the Law of Oct. 29 1921, secured to the Est RR. (with the other principal railway companies) the payment of its working expenses and the interest on and amortization of its loans of every kind, and dividends on and amortization of its capital stock. In the event of receipts proving insufficient to meet these charges the deficit has to be borne by a "common fund" formed for the benefit of all the large systems. Into this fund excess receipts of all the systems are paid and tariffs have to be adjusted to meet the requirements of the fund, but if this adjustment of tariffs should not produce sufficient income for the purpose, the deficiency has to be made good by the French Treasury. Further, at the expiration of the concession, the payment of interest on and amortization of any bonds which may be outstanding will be borne by the State. These guarantees are identical to those under which all other issues of the principal French railway companies have been made pursuant to the above law.

PROVISIONS OF ISSUE.—This issue of bonds will be the direct obligation of the company, rank pari passu with all other issues of the company now outstanding, and the company agrees that it will not place any mortgage, lien or other charge on any of its properties or revenues or on any of the rights accruing to the company under the convention dated June 28 1921 and the law of Oct. 29 1921 confirming the said convention, without causing the above issue to share ratably in the security created by such mortgage, lien or charge.

The company covenants that it will not while any of the bonds of this loan are outstanding, be instrumental in, or give its consent to, any change in the convention with the Government of the French Republic approved by the law dated Oct. 29 1921, which would curtail any security, guaranty, benefit or advantage accruing to the Est RR. in respect of the bonds of this loan, or through it to the holders of the bonds of this loan under said convention or said law of Oct. 29 1921.

The company has obtained assurance from the Government of the French Republic that, while any of the bonds of this issue are outstanding, no obstacle will be placed in the way of the railroad company to fulfil its obligations in respect thereof.

EARNINGS.—The company's gross receipts were, in 1922, 1,037,356,546 francs, and in 1923, 1,062,440,364 francs. In 1922 and 1923 its operating expenses were 851,135,913 francs and 877,166,820 francs, respectively, and the charge for service of its bonded obligations 153,979,976 francs and 167,424,257 francs, respectively. The fixed dividends on and the amortization of the capital stock, which in 1922 were 11,842,660 francs, and in 1923 11,836,640 francs, were also covered by the surplus of receipts over operating expenses.—(V. 120, p. 698.)

The "Big Four" in April 1921 received authority from the I.-S. C. Commission to acquire the entire stock. It is proposed to operate the property as the Evansville Division of the "Big Four." FORT SMITH & WESTERN RY.—Operates Fort Smith, Ark., to Guthrie, Okla., 216 miles, of which Coal Creek, Okla., to Guthrie, 196 m., is owned and Ft. Smith to Coal Creek, 20 m., is Kansas City Southern trackage. In Oct. 1915 contracted for use of M. K. & T. tracks, Fallis to Oklahoma City, 30 miles. V. 101, p. 1553.

On Oct. 9 1915 Gen. Mgr. Arthur L. Mills was made receiver, but retired on April 15 1921, being succeeded by Chas. T. O'Neal, of Washington, D. C. V. 101, p. 1272. Sold in Jan. 1923 to A. C. Dustin of Cleveland, representing the bondholders, for $50,000, plus $800,000 of receivership indebtedness.

The property of the old Ft. Smith & Western *Railroad* on Feb. 1 1923 was acquired by Fort Smith & Western *Railway*, a Delaware corporation, organized in the interests of the bondholders of the old Railroad Co. In exchange for the bonds of the old Railroad Co. (substantially all of which were in the possession of a bondholders' protective committee), such protective committee received all the securities issued by the new Railway Co., to wit:

$1,500,000 20-year 1st mtge. 6% bonds;
3,744,000 20-year 2d mtge. 5% bonds (income bonds for first 10 years);
62,400 shares no par common stock.

The new Railway Co., in addition to the railroad itself and the equipment, receive current assets and inventory amounting to $545,000 and assumed current and other liabilities of the receiver amounting to approximately $800,000. These liabilities are prior in lien to the above-mentioned bonds. Feb. 1 1925, all receiver's debts, excepting Govt loan of $156,000 due Dec. 1925, had been paid.

Pres. Alton C. Dustin in Feb. 1923 stated that the bondholders' committee (the protective committee of the old bondholders) will continue to function for at least another year in order to pay its debts and the receiver's debts before it will be in a position to make any distribution to the old mortgage bondholders, and that it was impossible at the time to give any estimate as to what the old bondholders will receive.

NATIONALIZATION.—The Governor-General of Canada on Nov. 10 1919 signed a bill looking to the acquisition by the Government of the entire capital stock of the company, except the £12,500,000 4% Guaranteed stock. A board of three arbitrators (Sir Walter Cassils, Sir Thomas White and William Howard Taft) were appointed to determine what should be paid for the stock.

The arbitration proceedings came to an end on July 8 1921, and on Sept. 7 1921 the Board's decision was made public, the arbitrators issuing a majority opinion that the pref. and common stock was worthless. V. 113, p. 1155, 1471, 1674, 2185, 2720; V. 115, p. 543, 2267; V. 117, p. 1347.

The Governor-General of Canada on May 11 1920 signed the amended bill for the purchase by the Dominion Government of the stock control of this company.

The Government will guarantee the dividends on the present 4% Guaranteed stock and the interest on the company's debenture stock issues, all these securities at the same time parting with their voting power. The present 4% guaranteed and also the new guaranteed stock will be made subject to call at par and dividends. Compare V. 112, p. 1740.

The shareholders on May 12 1921 ratified an agreement between the management and the Canadian Government providing for the transfer of the control of the railway to the Government during May 1921. V. 112, p. 1519, 1740, 1977, 2083, 2190.

On Dec. 31 1924 Gt. Nor. and Nor. Pac. owned $107,613,500 of the $110,839,100 Chicago Burl. & Quincy RR. stock, exchanged for their joint 20-year 4% gold bonds (secured by deposit of the stock in trust) on basis of $200 in bonds for each $100 stock. See circular, V. 72, p. 871, 1034, 1135, and application to l.st, V. 73, p. 294, 903; V. 85, p. 600. Through the declaration of a stock dividend by the C. B. & Q. of 54.132% ($60,000,000) to stockholders of record Mar. 31 1921, these holdings were increased to $165,867,400 out of a total of $170,839,100.

In April 1921 a syndicate headed by J. P. Morgan & Co. and First Nat. Bank, New York, offered an issue of $230,000,000 Northern Pacific-Great Northern joint 15-year 6½% convertible gold bonds (C. B. & Q. collateral), due July 1 1936, at 96½ and int. The C. B. & Q. collateral joint 4% bonds due July 1 1921, with final coupon attached, were accepted in payment at 100 and int. to date of payment on allotments.

Bonds are to be the joint obligations of the Northern Pacific Ry. and of the Great Northern Ry., and are secured by pledge of the following collateral conservatively valued at an amount in excess of 120% of the principal amount of this issue:

1,658,674 shares of the capital stock of the Chic. Burl. & Quincy RR.
$33,000,000 North. Pacific Ry. Ref. & Impt. M. 6% bds., ser. B, due 2047
$33,000,000 Great Northern Ry. Gen. M. 7% bds., ser. A, due 1936.

The bonds are redeemable as a whole or in amounts of not less than $5,000,000 at 103½ and int.

In the indenture securing the bonds the Northern Pacific and Great Northern Ry. cos. have covenanted that, in the event of any mortgage being placed on the properties junior, respectively, to the Northern Pacific Ref. & Imp. M. and to the Great Northern Gen. M., such new mortgages will secure the Joint 6½% bonds outstanding by a lien pari passu with that securing such new bonds.

The indenture also provides that if the amount of that issue is reduced through conversion or retirement the bonds and stock deposited as collateral may be withdrawn proportionately by the respective companies.

The bonds are convertible into Northern Pacific Ref. & Imp. M. 6% bonds, Series B, due 2047, or into Great Northern Gen. M. 7% bonds, Series A, due 1936, part of which issues are deposited as collateral and of which an additional amount is reserved, sufficient to provide for the conversion of the Joint 6½% bonds.

The conversion may be exercised by the holder of Joint 6½% bonds with a view to obtaining a like principal amount of bonds, either all in the Ref. & Imp. M. 6% bonds, Series B, of the Northern Pacific, due 2047; all in the Gen. M. 7% bonds, Series A, of the Great Northern, due 1936, or in bonds of both issues in any ratio between the two which the holder may desire, but not more than $115,000,000 of either of such bonds will be issued in conversion.

As Joint 6½% bonds are presented for conversion, the trustee will withdraw from the deposited collateral a proportionate amount of C. B. & Q. stock and will deposit such stock with the trustee of the Northern Pacific Ref. & Imp. M., or the trustee of the Great Northern Gen. M., as required by the demand for conversion, and will deliver such Northern Pacific or Great Northern bonds, as the case may be, in exchange for the Joint 6½% bonds presented for conversion. At the time of conversion an adjustment of accrued interest will be made between the Joint 6½% bonds presented for conversion and the mortgage bonds issued in exchange. Compare V. 112, p. 1866.

The G. N. Ry. Co.'s portion, $115,000,000, has been converted into a like amount of gen. mtge. 7% bonds and proportionate amount of Burlington stock has been released from lien of the joint indenture and pledged under the gen. mtge. The remaining outstanding joint convert. bonds (the Northern Pacific's portion not converted) were called for redemption July 27 1922 at 103⅓ and int. V. 114, p. 2240.

The Gen. Mtge. bonds are secured by a mortgage covering the entire railroad property of the Great Northern Ry. in the U. S., subject to existing debt, and in addition, by pledge of $36,332,000 Ref. M. bonds secured by the same mortgage under which the $35,668,000 Great Northern Ref. M. 4¼% bonds, due 1961, now outstanding in the hands of the public, were issued in 1911 and subsequently. They will be additionally secured by such shares of stock of the C. B. & Q. RR. as are released by the trustee of the joint indenture as a result of the conversion of the Joint 6½% bonds into the Great Northern Gen. M. 7% bonds. Bonds are not subject to redemption before maturity.

As to offering of $30,000,000 gen. mtge. 5½% Series B gold bonds, due Jan. 1 1952, compare V. 114, p. 626; for offering of $15,000,000 Series "C" 5% gold bonds, due Jan. 1 1973, compare V. 118, p. 2572.

After Jan. 1 1928 the interest on the Adjustment bonds at the rate borne will be cumulative, and at the maturity of the principal all arrears of cum. int. shall be payable, but accumulations of interest shall not bear int.

REPORT.—Report of directors for 12 months ended June 30 1924 says:

The company's railway and its leased lines, which were seized by the Government of Mexico in Aug. 1914, still remain in the Government's hands, and no accounts have been rendered, nor any compensation paid since that date. As a consequence the directors are not in a position to present any revenue statement or balance sheet.

As stated in the last report, there was a debit balance against net revenue at June 30 1923 of $2,556,566, mainly in respect of accrued interest on debenture stocks and rentals of leased lines. At June 30 1924 the amount of the debit balance had increased to $2,892,939. As against this amount the company's claim upon the Mexican Government in respect of loss of earnings alone, based upon the provisions of the Railway Law of Mexico, amounts to over $4,000,000.

During the year £5,000 was received from the National Rys. of Mexico on account of the administration and moratorium expenses of this company and its two leased lines, viz., the Mexican Eastern and Mexican Southern Rys., and of the expenses of the Commission sent to Mexico in Jan. 1923.

It has still been found impossible to make any progress with the Mexican Government for the return of the company's railway and leased lines and the payment of compensation.

The receivers on Sept. 29 1920 filed application with the I.-S. C. Comm. for authority to issue a receiver's certificate to the amount of $2,500,000, bearing interest at 6% and maturing Dec. 1 1921, to pledge and hypothecate it as collateral security for a loan of like amount from the Government.

Reorganization Plan.—A plan of reorganization for the road was filed Feb. 7 1925 in Topeka at the office of the Clerk of the Federal Court.

Under the proposed plan, the Government would be called upon to grant a 15-year extension on the $2,500,000 loan which the Orient now owes the Government. The extension would run from Dec. 1 1921 and ending in 1936. The new money which the road would acquire, according to the plan, would be $2,250,000; $1,000,000 to be advanced by the Government as an equipment loan and the balance to be advanced by Mr. Histed.

The Government would take prior lien on the Orient properties under the 15-years extension on the $2,500,000 loan now due the Government and under the proposed $1,000,000 advance in the reorganization plan.

It was proposed that the new operating company for the Orient be organized with a capital of $7,500,000. [The new company was chartered in Kansas on or about April 1 1925]. In return for the advance of $1,250,000, 35,000 shares of stock valued at $3,500,000 is to be delivered to Mr. Histed.

The remainder of the $4,000,000 in Common stock is to be allotted among the noteholders for subscription. The subscription price shall be $80 per share, payable in cash and installments without interest, as follows: 20% in cash to accompany the subscription, 25% on or before Sept. 1 1925, 25% on or before Dec. 1 1925. Black Tom decision, V. 107, p. 2008; V. 108, p. 973, 2122; V. 110, p. 1089, 1816; V. 112, p. 2305, 2748; V. 113, p. 2185. Coal rate case, V. 108, p. 683.

The company on Feb. 7 1923 filed with the U. S. District Court for the Southern District of New York an amended plan for the segregation of its coal properties pursuant to a decree of the Court entered Feb. 24 1921 (V. 112, p. 849). The plan is a modification of the original plan filed with the Court in Oct. 1921 (V. 113, p. 1574), to which the Attorney-General of the United States filed several objections (V. 113, p. 1674, 1987). A final decree was signed by Federal Judge Learned Hand on Nov. 7 1923. The plan, given in full in V. 116, p. 576, and as supplemented by the final decree, V. 117, p. 2109, provided as follows:

1. The Lehigh Valley Coal Co. will create a new $40,000,000 50-year mortgage carrying 5% interest and protected by adequate sinking fund arrangements. This mortgage until Jan. 1 1933 will be a second mortgage on a small part of the coal company's properties, and thereafter will be a first mortgage on all its properties. Of the bonds $15,000,000 will be sold at once and the proceeds paid over to the Lehigh Valley RR. in satisfaction of all indebtedness on account of advances for capital expenditures and otherwise in the past. The proceeds will be devoted by the railroad company to the improvement of the railroad properties pledged under its general consolidated mortgage of 1903, the income from said fund, however, in the meantime to be received by the railroad company and used for general purposes.

The remaining $25,000,000 of bonds provided for by the new Lehigh Valley Coal Co. mortgage will be reserved for the purpose of retiring the present outstanding bonds of the Lehigh Valley Coal Co. when due—that is, on Jan. 1 1933—to the extent not provided for by the then existing sinking fund. The Lehigh Valley Coal Co. bonds now outstanding amount to $11,514,000, and it is estimated that the sinking fund, which now amounts to $2,871,000 par value of securities therein, will by Jan. 1 1933 with accumulations and additions have a value of at least $5,000,000, so that the bonds then to be paid off from new funds will not amount to more than $6,500,000. This will leave approximately $18,500,000 of the new mortgage bonds of the coal company available for improvements or other capital expenditures by the coal company as occasion may demand.

2. The $9,465,000 stock of the Lehigh Valley Coal Co. is pledged with the Girard Trust Co. of Philadelphia, as trustee under the railroad company's general consolidated mortgage of Sept. 30 1903, which mortgage matures in 2003. The railroad company sold for $1,212,160 all of its right, title and interest in the equity of redemption which it owns in said stock, also voting rights and dividends payable thereon, to a new trustee issued certificates for 1,212,160 shares of interest therein carrying voting rights and dividends, thus making certificates on the basis of one share of interest in Lehigh Valley Coal Co. stock for each share of Lehigh Valley RR. stock, both common and preferred. The shareholders of the railroad company were given the right by said new trustee to subscribe to said shares of interest at the rate of $1 per share. Shares of interest not subscribed for on or before April 15 1924 were sold by the new trustee to the Lehigh Valley Coal Co. at the rate of $1 per share.

Shareholders of the railroad company who bought and buy shares of interest as aforesaid will be obliged to dispose of their said shares of interest on or before Dec. 31 1927 unless in the meantime they shall have disposed of their railroad company stock. Neither the railroad company nor any corporation controlled by it, nor any person acting for its interest, shall acquire by purchase or otherwise any of said shares of interest.

3. All certificates for shares of interest as above stated were, at the time of sale, registered by the Lehigh Valley Coal Co. in appropriate form, in the names of the purchasers or their nominees, upon information furnished by the trustee, and thereafter transfer may be made only on the books of the coal company.

4. The Girard Trust Co., as trustee under the general consolidated mortgage, holds the legal title to all of the coal company stock and gives the railroad company a proxy to vote the same, the giving of this proxy being dependent upon there being no existing default under the mortgage. After the sale of the railroad company's equity in the coal company's stock, as stated above, the trustee holding said equity will exercise its voting power for the benefit of and at the direction of the owners of the shares of interest, that is to say, the registered owners of the coal certificates as shown by the transfer book of the coal company will exercise their voting power exclusively through their trustee

5. Upon the maturity or termination of the general consolidated mortgage, the stock of the Lehigh Valley Coal Co. will be available for distribution to the then owners of said certificates of interest and will be distributed to them accordingly, each certificate of interest entitling the holder to a pro rata share of the coal company's stock.

6. The [$2,910,150] stock of Coxe Brothers & Co., Inc., will remain in pledge under the collateral trust agreement of Nov. 1 1905 until the maturity of that agreement on Feb. 1 1926, except that the voting power in the meantime will be assigned to a trustee to be appointed by the District Court. At the maturity of the collateral trust agreement, the stock will be sold by the Lehigh Valley RR.

7. The [$1,500,000] stock of the Delaware Susquehanna & Schuylkill RR. will remain in pledge under the collateral trust agreement also until the maturity of the agreement on Feb. 1 1926, the voting power in the meantime to be assigned to a trustee to be appointed by the District Court. In the meantime application will be made to the Inter-State Commerce Commission for authority to merge and consolidate this company with the Lehigh Valley RR., in accordance with the provisions of the Inter State Commerce Act which permits authority to be granted notwithstanding the status of the petitioners under the Federal Anti-Trust Laws.

Under a supplemental indenture dated July 1 1916 holders of these bonds were offered the privilege of having due date extended to May 1 1959, provided bonds then outstanding were presented to trustee for extension prior to Nov. 1 1918. $1,122,000 were extended. Acceptance is stamped on each bond. A separate sinking fund was established sufficient to retire extended bonds by maturity. Interest on extended bonds is guaranteed by Philippine Government. The bonds are redeemable as a whole at any time at 110 or by lot for a sinking fund of ½ of 1% yearly from May 1 1919 to April 30 1928 and 1% yearly thereafter. In June 1917, under agreement of sale ratified Sept. 8 1916, $4,330,000 Northern Lines First Mtge. 6% bonds and $7,716,000 2d Mtge. 7% bonds were canceled as of July 1 1916. In lieu thereof there were issued $13,236,000 Manila RR. Co. *Refunding Mtge.* 5% 40-year gold bonds, dated July 1 1916, a first lien on the Northern Lines and, subject to the Southern Lines First 4s, a lien on the Southern Lines. The entire issue is held and pledged by the Manila Ry. Co. (1906), Ltd., as below stated.

It was also arranged to apply not over £590,000 of the $4,000,000 purchase price to payment of loans of Manila Ry. (the English co.), canceling the A & B deb. stock pledged therefor and so reducing the nominal issues of its deb. stock (and bonds) to the amounts theretofore sold, viz., £2,000,000 Class A 4% and £1,880,000 Class B, the interest rate on the latter being reduced from 4% to 3½%. The A and B issues thus to be first and second charges, respectively, on the $13,236,000 new 1st M. 5% 40-year bonds of the American co. and on about $2,000,000 Southern Lines 1st M. 4s. See also V. 102, p. 2166; V. 103, p. 145, 493, 1032; V. 103, p. 1888.

The 7% sinking fund bonds of 1922 are guaranteed prin. & int. by the Govt. of the Philippine Islands. There have been deposited with Chase National Bank, New York, trustee, as security for the payment of the principal and interest of this issue, $2,811,000 Manila RR. (Southern Lines) 1st Mtge. 4% gold bonds, due May 1 1939, guaranteed as to interest by the Philippine Govt. The company has agreed to create and maintain a sinking fund for the redemption of the bonds at maturity, paying annual installments to the Chase National Bank, New York, trustee, sufficient to retire entire issue by maturity. Of the 6% bonds, 50,000,000 francs were offered in Oct. 1920 by A. Iselin & Co., New York. The same firm also offered 25,000,000 francs 6% bonds, issue of 1920, in March 1921. V. 114, p. 1063. These bonds are redeemable at par by annual drawings, in accordance with the amortization schedule printed on the bonds, in amounts sufficient to retire the entire issue by 1960, the company reserving the right to increase the amount to be redeemed in any year. Convertible at any time into an equal principal amount of 6% French bonds, listed on the Paris Bourse, but subject to French taxes. Principal and interest (J. & D.) payable at the office of A. Iselin & Co., 36 Wall St., New York, without deduction for any French taxes, present or future, if held by non-residents of France. Compare V. 111, p. 1472.

No mortgage has been issued on any part of the property, all bonds rank equal and are a direct obligation of the company (see Govt. guarantee).

Government Guarantee.—By an agreement between the company and the French Govt., approved by a law enacted Nov. 20 1883, it is provided that if in any year, prior to Dec. 31 1960, the end of the concession of the company, the net income of the company is not sufficient to cover the interest on, and the amortization of, its bonded debt, and to make a distribution of 12,500,000 francs on its capital stock (at the rate of 50 francs per share of 500 francs), the French Govt. will provide the company with the amounts necessary to make up the deficiency, any amounts so advanced to be repaid with interest at the rate of 4% per ann. (3% since 1896 in accordance with the agreement in connection with the transfer to the Govt. of the two canals mentioned above) out of any surplus net income of the company remaining after making distribution of 10% on its capital stock, and that if at any time prior to the end of the concession the Govt. shall repurchase the company's property and take over the operation of its railroad, the Govt. will pay to the company annuities not less than the aggregate amount required for interest on, and amortization of, its bonded debt, and for making a distribution of 12,500,000 francs on its capital stock.

The I.-S. C. Commission has placed a tentative valuation of $104,674,000 on the properties of the company as of June 30 1916.

HISTORY.—A consolidation in 1888 of Minn. Sault Ste. Marie & Atl. Minn. & Pac., &c. See V. 46, p. 538, 609; V. 77, p. 628.

In 1909 51% of Wisconsin Cent. com. stock was purchased, affording a Chicago connection, the road being leased for 99 years from April 1 1909; $11,247,000 4% leased line ctfs. have been issued (see Wis. Cent.), secured by Wis. Cent. pref. stock, $ for $. V. 88, p. 232, 564, 686; V. 95, p. 1668. Int. on Wisc. Cent. 1st & ref. 4s ($5,816,000 auth.) guaranteed. V. 95, p. 1668.

The company offered to take up at 43⅓ Wisconsin Central Common stock issuing in exchange 5½% notes secured by Wisconsin Central stock. The offer expired Mar. 31 1924, 95% of the minority stock having been deposited in acceptance of the offer. V. 118, p. 1665, 2437.

The Central Terminal Ry., organized in 1911, on Apr. 1 1914 opened a new Chicago terminal. See BONDS below. V. 93, p. 1463, 1387, 871, 285, V. 95, p. 715

In Aug. 1921 acquired the property of the Wisconsin & Northern. V. 113, p. 183.

STOCK.—Canadian Pacific on Dec. 31 1924 owned $12,723,500 common and $6,361,800 preferred. Preferred stock has preference as to dividends only. Each year's surplus earnings are regarded as a separate fund. If dividends are declared from any such fund the first 7% on par goes to the preferred; the next 7% on par goes to the common; any further dividends from the same source must be in equal percentages on both pref. and com.

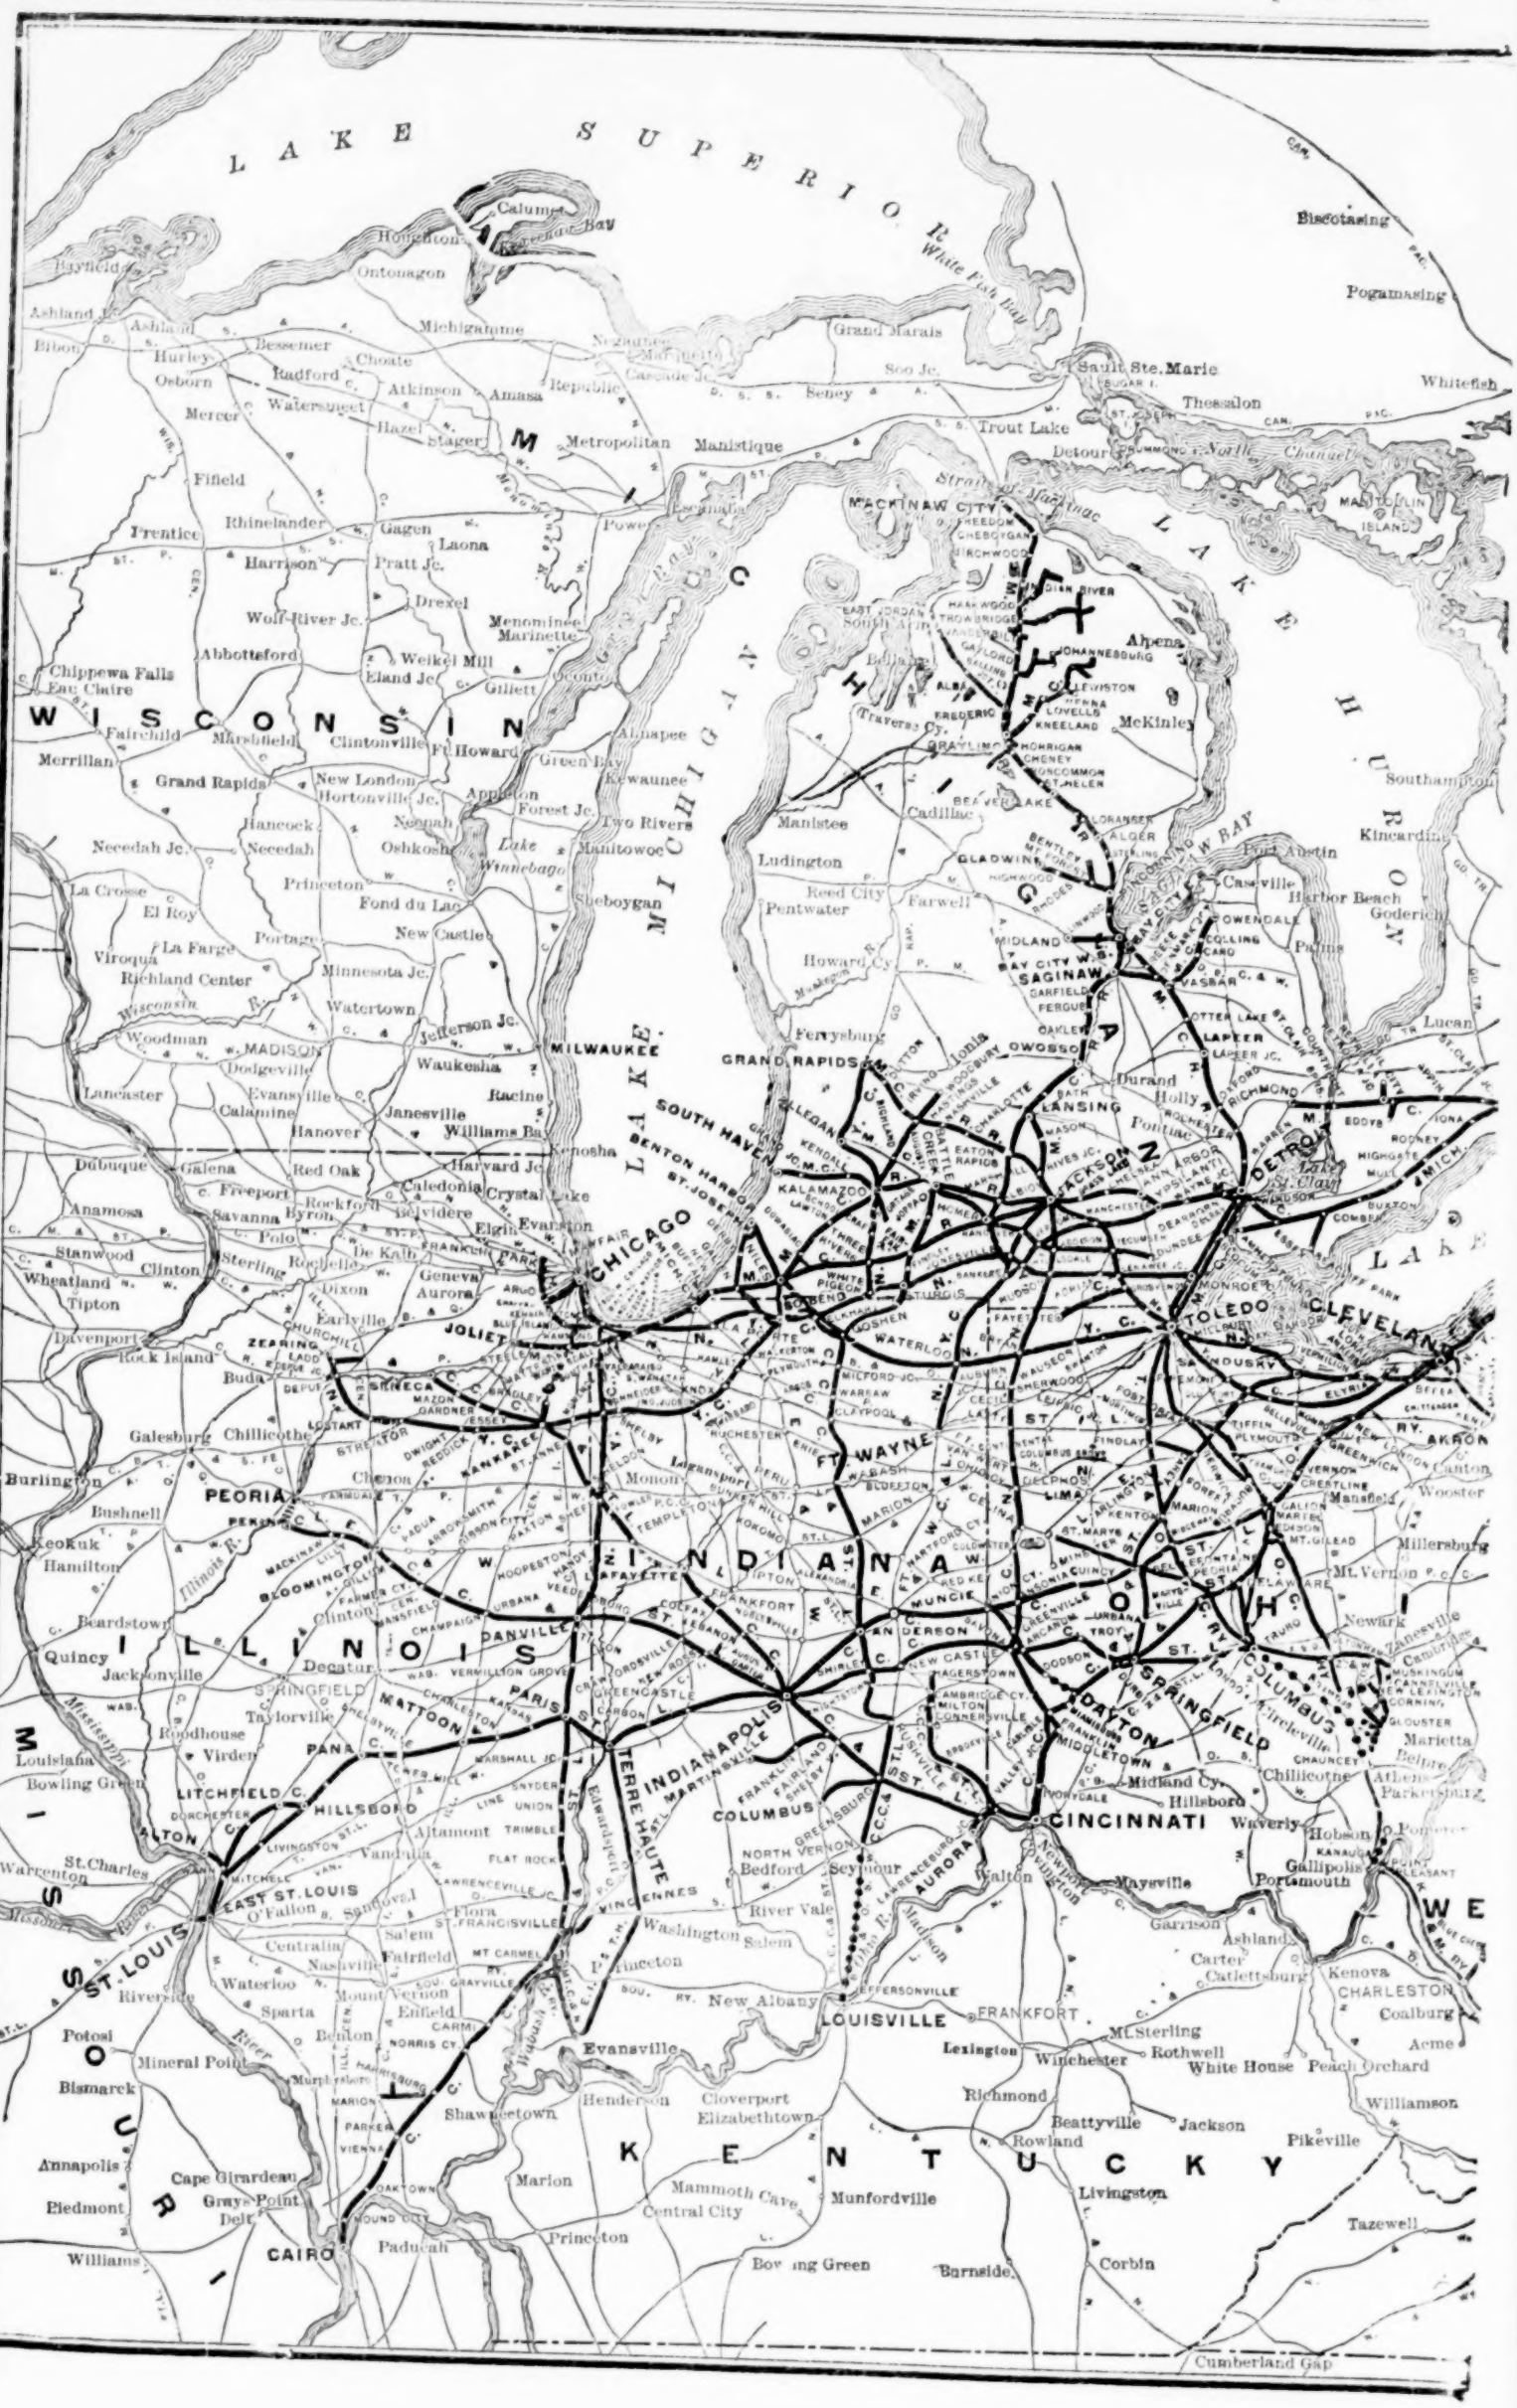
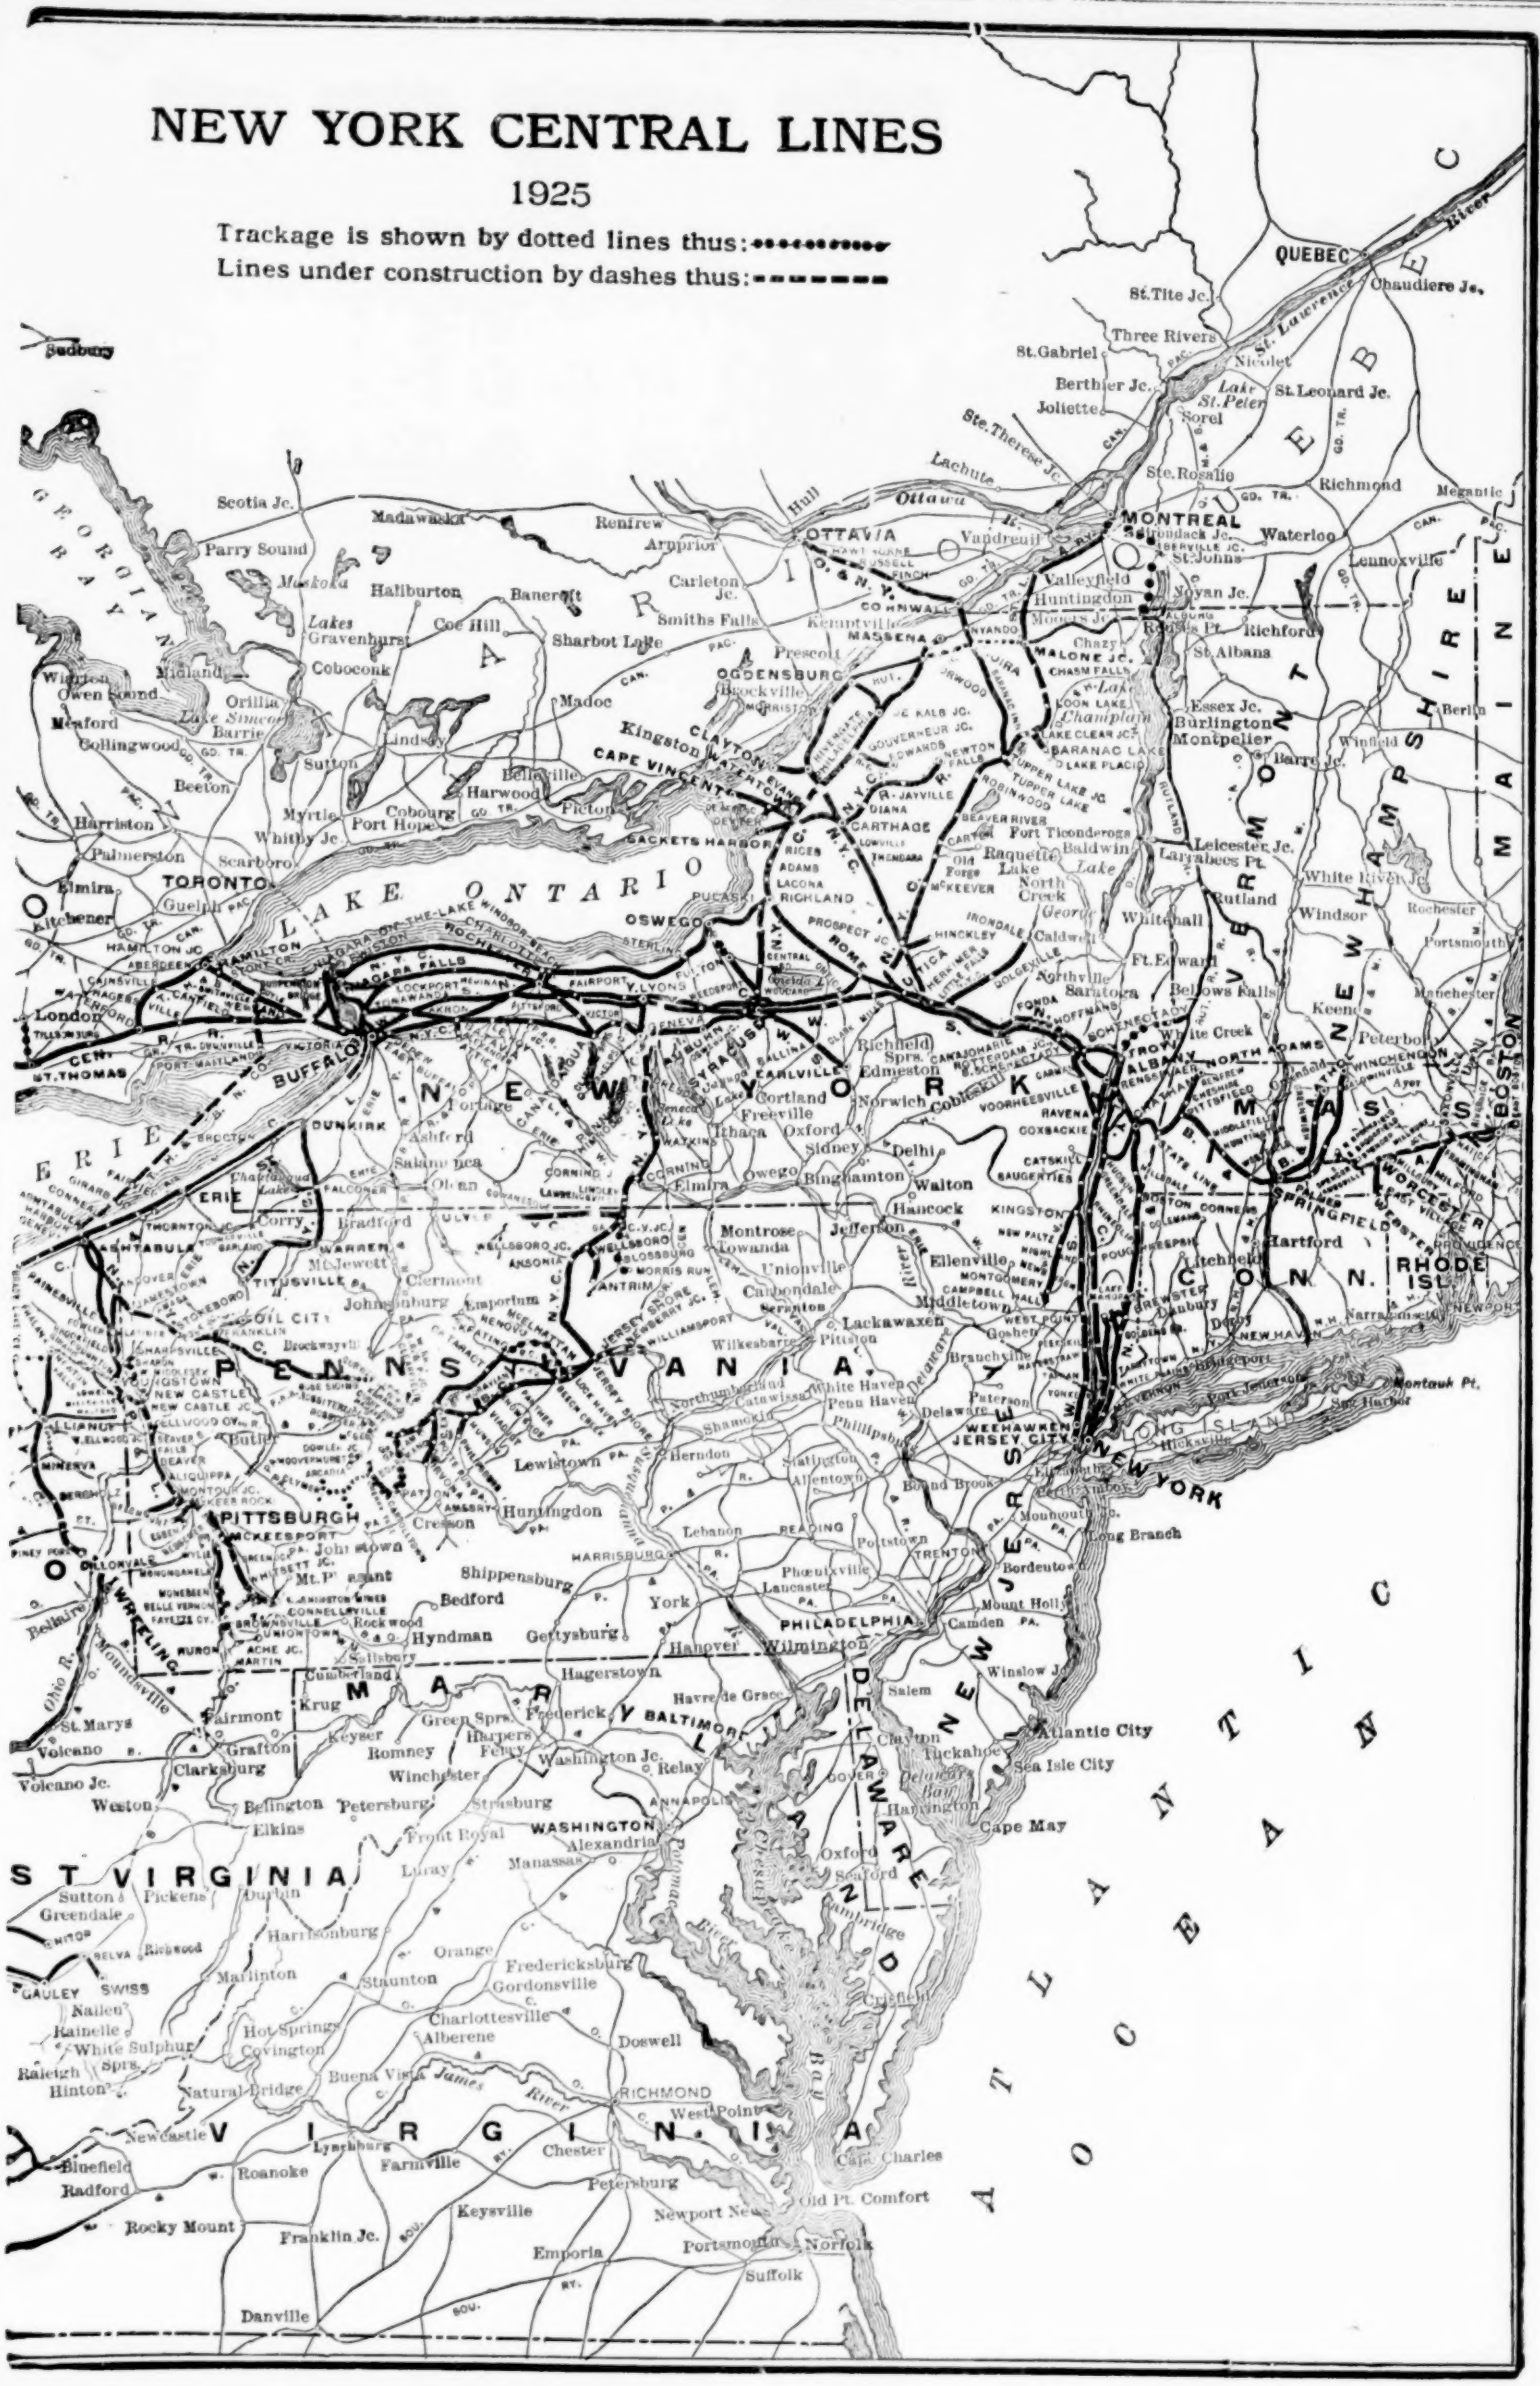
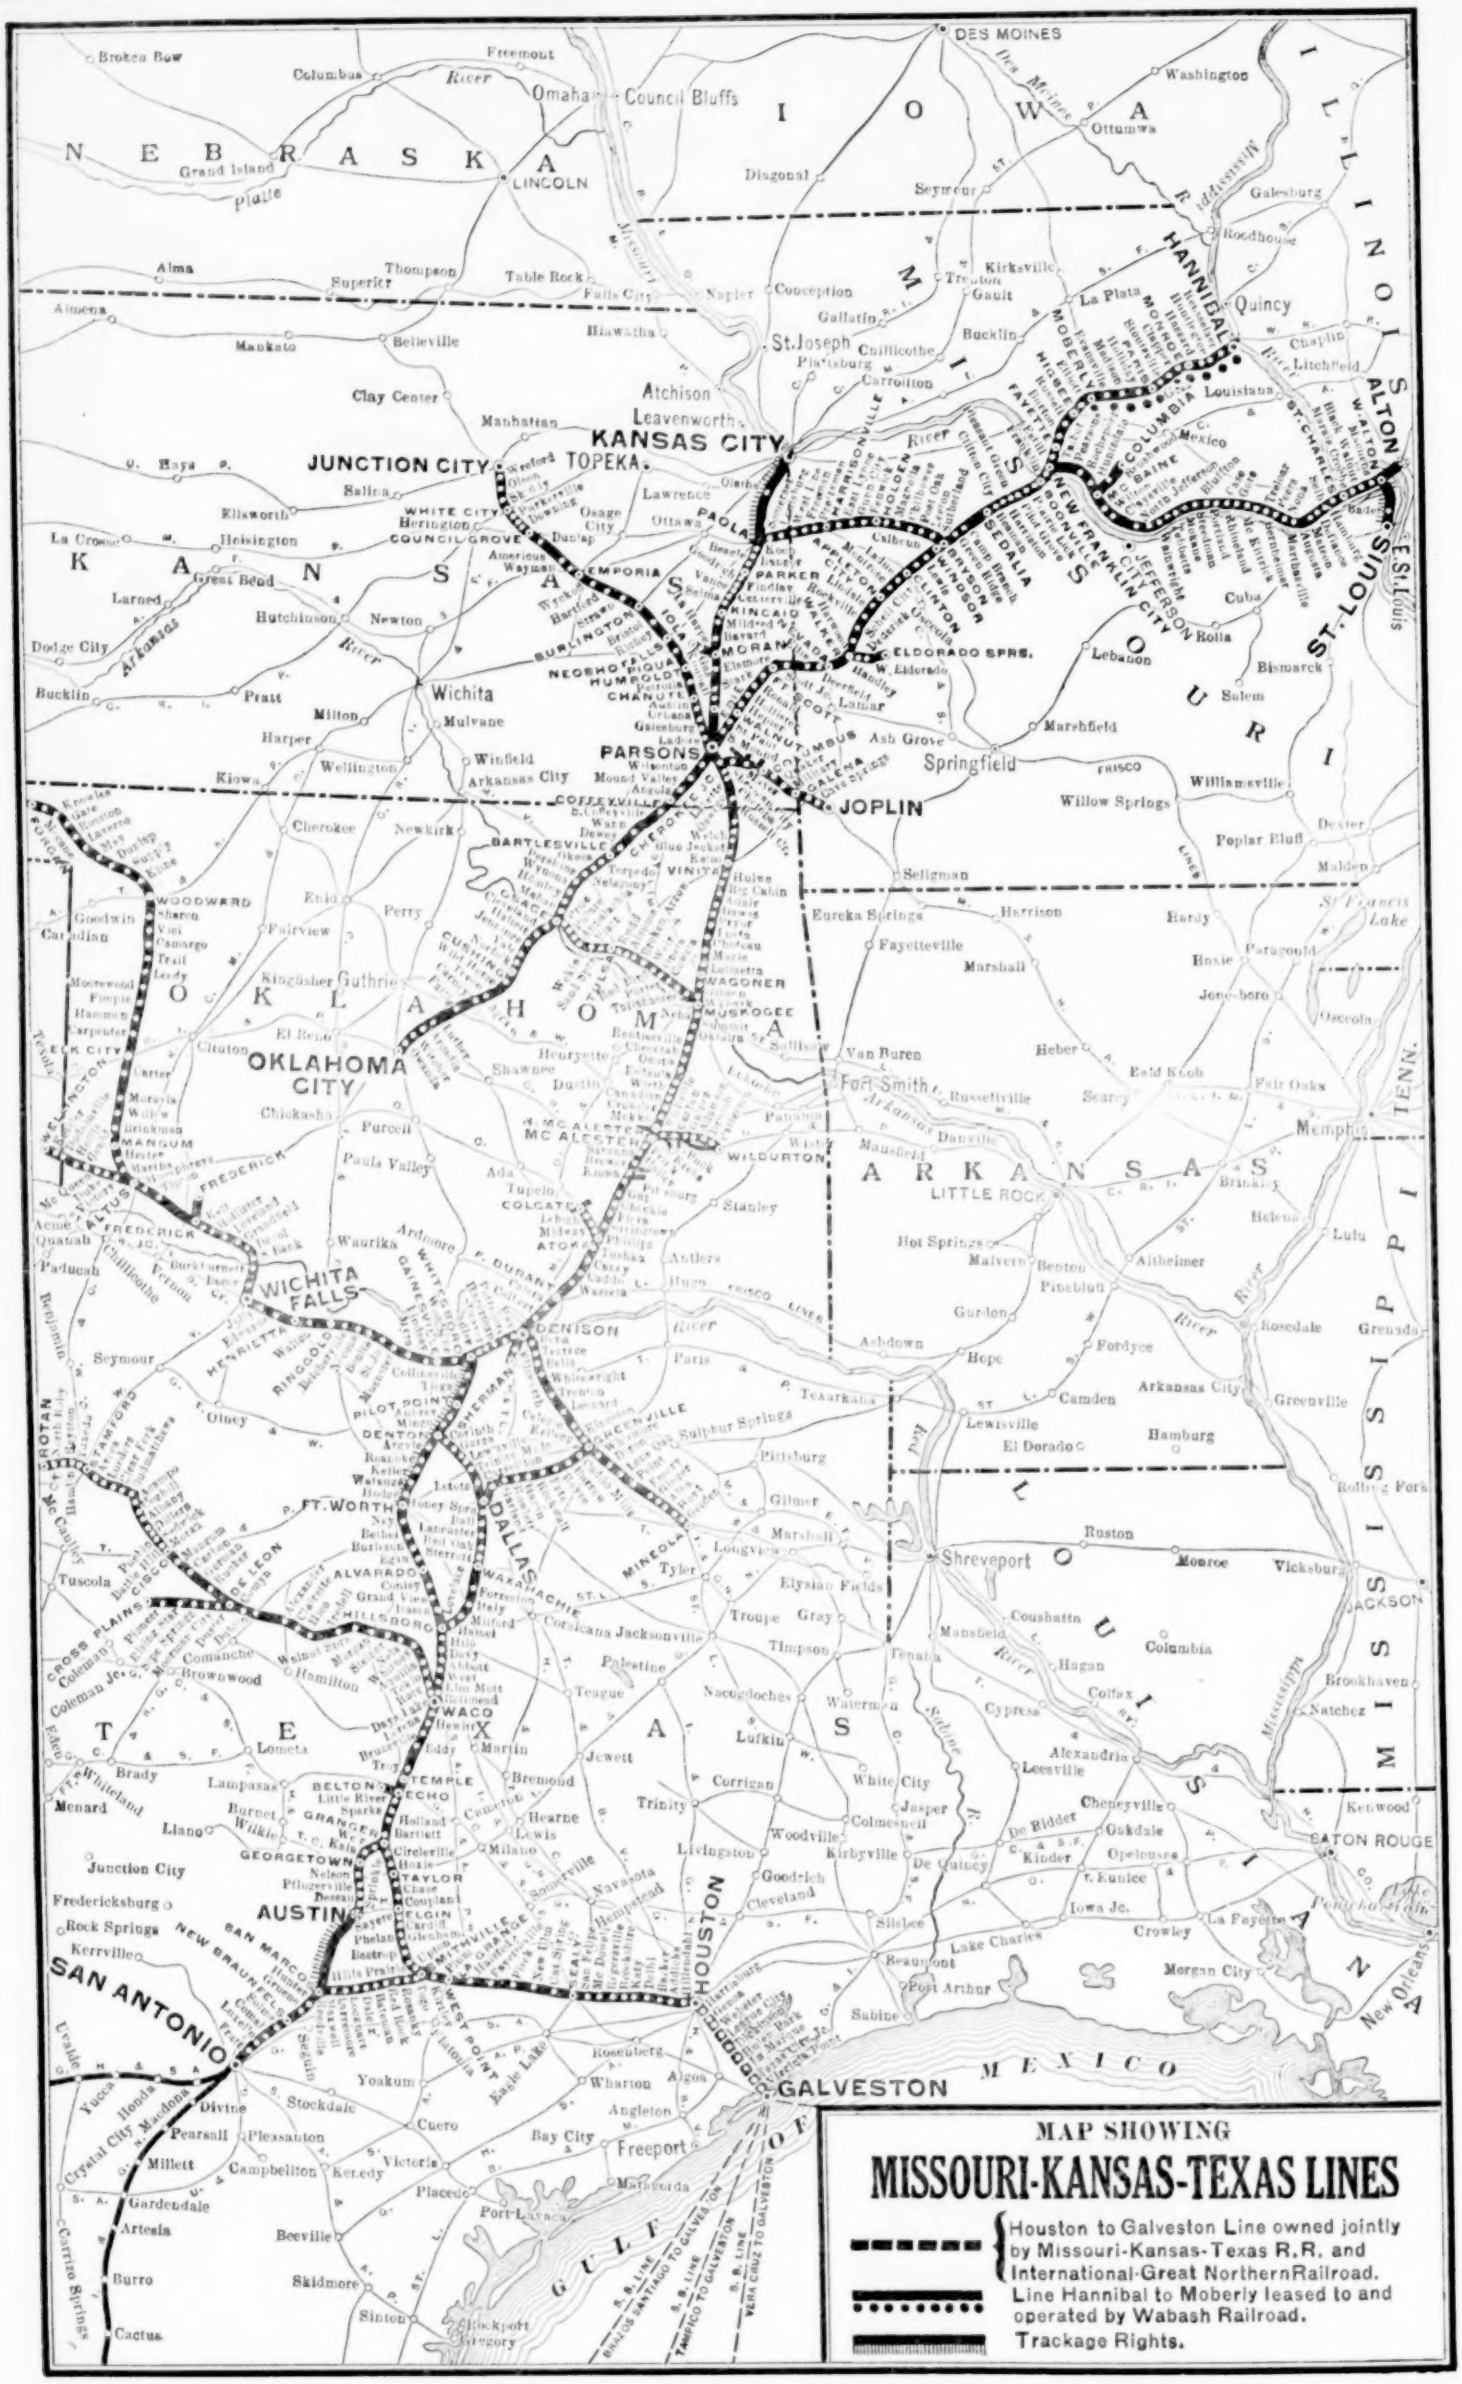
A dividend of 2% was declared payable April 15 1922, but payment of this div. was enjoined by the U. S. District Court of Minnesota following a suit brought by two stockholders involving the question of rights of pref. and common stockholders. In Dec. 1922 the directors declared 2% payable Dec. 28 1922, this payment also being enjoined by another suit brought by the same plaintiffs. See V. 116, p. 2123. In May 1923 a decision was rendered in favor of the directors. V. 116, p. 2129; V. 115, p. 869, 1429, 1532, 2581, 2685. On Oct. 15 1923 the U. S. Supreme Court denied an appeal in the suit. Compare V. 117, p. 1775. On Dec. 17 1923 paid 4% on both the common and preferred stocks.



BONDS.—Can. Pac. guarantees 4% int. on all old bonds assenting to a reduction of int. to 4%; also on 4% consols of 1888, but not on 5% consols. (See V. 50, p. 781; V. 51, p. 239.) All but $1,000 Minn. S. S. M. & Atl. bonds and practically all other issues assented. Abstract of *Minn. Sault Ste. Marie & Atlantic* mtge. in V. 45, p. 243; Can. Pac. Ry. Co. on Dec. 31 1924 owned $3,993,000 of the M. St. P. & S. Ste M. 1st 4s. The *Consolidated mortgage* of 1888, abstract V. 47, p. 142, was for $21,000,000 on 800 miles (sufficient of this reserved to retire prior bonds) and for $20,000 per mile on all additions. Outstanding amount is, however, restricted to three times the stock. V. 94, p. 351; V. 73, p. 185; V. 78, p. 820; V. 79, p. 1332; V. 80, p. 651; V. 87, p. 1011, 1664; V. 89, p. 779; V. 91, p. 1026; V. 95, p. 544; V. 98, p. 1316; V. 100, p. 812; V. 103, p. 321; V. 106, p. 1126. As to 2d 4s, see V. 68, p. 669, 771, 977; V. 71, p. 845; V. 85, p. 1646; V. 96, p. 1089.



The Central Terminal 1st M. 30-year gold 4s ($20,000,000 auth.) are secured under a joint mtge. with Central Terminal Ry. on Chicago terminals of Minn. St. P. & S. S. M. and Can. Pac. system lines. They are subject to call on any interest date beginning Nov. 1 1916 as a whole at 105 and must be called yearly, beginning Nov. 1 1916, at 102½ by a sinking fund sufficient to retire issue at or before maturity if not purchasable for less. The $6,000,000 bonds sold represent cash investment equal at least to their par value, the remainder being reserves for not exceeding 80% of cost of extensions and improvements; in sinking fund Dec. 31 1924, $1,486,000. V. 93, p. 1463; V. 95, p. 745.



The ref. mtge. closes all prior bond issues of the company, at the amount now outstanding, $74,647,000. It authorizes the issue of bonds in series, with interest rate and maturity fixed for each series at the time of issue. The authorized issue is limited so that the amount at any one time outstanding, together with all outstanding prior mortgage obligations defined in the mortgage, shall never exceed three times the outstanding capital stock. An annual sinking fund, payable July 1 1922, and on July 1 in each year thereafter, of 1% of the Series "A" bonds from time to time outstanding in the hands of the public, will purchase bonds at not exceeding par and interest. V. 114, p. 1180.

The $10,000,000 6½% collateral trust gold bonds due Sept. 1 1931 are secured by pledge of $12,500,000 25-year 1st ref. mtge. 6% gold bonds, Series "A." V. 113, p. 1156.

Reorganization Plan Dated Nov. 1 1921 (V. 113, p. 2311, 2505).—Pres. Chas. E. Schaff was on Sept. 27 1915 appointed receiver for the company by the U. S. Circuit Court at St. Louis. The Reorganization Managers, J. & W. Seligman & Co. and Hallgarten & Co., New York, announced a Plan of Reorganization, dated Nov. 1 1921, an outline of which is given below (for details in full, see V. 113, p. 2311.). The plan was declared operative in Jan. 1922, V. 114, p. 198. Sale of road, V. 115, p. 2794; V. 116, p. 616, 721.

The new company authorized the following securities:

Prior Lien Mortgage Bonds.—The prior lien mortgage bonds are limited to the total authorized amount of $250,000,000 at any one time outstanding. They bear interest, payable semi-annually, at such rate as may from time to time be determined by the directors at the time of issue and be stated in the bonds, and are secured by mortgage and deed of trust to Central Union Trust Co. of New York and Daniel K. Catlin as trustees, which embrace, except as otherwise dealt with in the carrying out of the plan, all or substantially all the lines of railroad, franchises and equipment, terminals and other property (including underlying bonds deposited under the plan and stocks and bonds of subsidiary companies) which may be vested in the new company pursuant to the plan and also all additional property of like character (including stocks and bonds of subsidiary companies) at any time thereafter acquired by the new company subject to existing liens or purchase money liens thereon. They may be issued in separate series maturing on the same or different dates and any series may be made redeemable in whole or in part at times, on notice and at premiums, and may have such conversion privileges as may be determined by the directors at the time of issue.

Cumulative Adjustment Mortgage Gold Bonds.—The adjustment mortgage bonds are limited to the total authorized amount of $100,000,000 at any one time outstanding. They are secured by mortgage and deed of trust to Irving Bank-Columbia Trust Co. and Thomas S. Moffitt as trustees, on the properties embraced in the prior lien mortgage and from time to time becoming subject thereto. The adjustment mortgage is subject to the prior lien mortgage. Bonds bear interest payable annually or semi-annually at such rate not exceeding 7% per annum as may from time to time be determined by the directors at the time of issue, but required to be paid, prior to the maturity of the principal, only out of the net income of the new company as defined in the adjustment mortgage. The interest will be cumulative from and after Jan. 1 1925, but accumulations of interest shall not bear interest. At the maturity of the principal, all arrears of cumulative interest shall be payable. The bonds may be issued in separate series, maturing on the same or different dates, and any series may be made redeemable in whole or in part at times, on notice and at premiums, as may be determined by the directors at the time of issue. The bonds of any series may be made convertible into preferred stock at such rate or rates, in such manner, under such regulations and during such periods as shall be authorized in the adjustment mortgage.

The adjustment mortgage bonds, Series A 5%, are redeemable in whole or in part at par and accrued interest and convertible prior to Jan. 1 1932 into preferred stock Series A 7%, at the rate of ten shares for each $1,000 bonds with adjustment of interest and dividends.

Preferred Stock.—The preferred stock is authorized to the amount of $200,000,000, divided into 2,000,000 shares of the par value of $100 each. The preferred stock may be issued in series. Each series shall carry dividends at such rate, not exceeding 8% per annum, as may be determined by the directors and any series may be made redeemable in whole or in part on such terms, on such notice and at such premium, if any, as may be determined by the directors and be stated in the certificates thereof. Dividends will be cumulative from and after Jan. 1 1928 or later issue. In the event of any liquidation, dissolution or winding up, whether voluntary or involuntary, the holders of the preferred stock shall be entitled to be paid in full out of the assets of the company $100 per share of their stock and all arrears in cumulative dividends, before any amount shall be paid out of said assets to the holders of the common stock, but they shall not be entitled to any other or further distribution of assets. Provision is to be made that no additional mortgage is to be put on the property becoming vested in the new company pursuant to the plan except with the consent of the holders of a majority of such part of the preferred stock at the time outstanding.

READJUSTMENT OF DEBT. (Compare advertisement in "Chronicle" of July 14 1923, page xxviii).

The International Committee of Bankers for Mexico in July 1923 announced that bondholders desiring to participate in the plan for the readjustment of the Mexican debt (V. 115, p. 1153) may do so by depositing their bonds with the authorized depositaries. The plan in brief provides as follows:

(1) The Mexican Government undertakes to set aside annually toward the payment of interest on the bonds after Jan. 2 1923 (a) The entire proceeds of the oil export tax; (b) 10% of the gross revenues of National Railways of Mexico; (c) the entire net operating revenues of such railways. In any event the Government agrees to provide for such current interest an annual fund amounting to not less than 30,000,000 pesos ($15,000,000 U. S. gold) during the first year; and increasing by 5,000,000 pesos ($2,500,000 U. S. gold) per annum for each of the ensuing four years, bringing the annual fund up to 50,000,000 pesos ($25,000,000 U. S. gold) in the fifth year, to be used for the payment in cash of the interest due on the bonds dealt with (compare table in "Chronicle" of July 14 1923, p. xxviii). The balance of such interest will be dealt with in 20-year scrip, not bearing any interest during the first five years, but, for the balance of 15 years, bearing interest at the rate of 3% per annum, payable half-yearly. Any excess of the allocated revenues over the minimum fund in any year may be applied to the purchase or redemption of such scrip, but the committee has the power, under certain conditions and in its sole discretion to determine the disposition of any such excess, in the interest of the bondholders and the general plan during the year 1923.

(It was announced in March 1924 that the cash warrants maturing up to and including Jan. 1 1924 would be paid upon presentation. The warrants maturing July 1 1924 were not paid. Compare V. 120, p. 142.)

(2) The interest coupons maturing on or before Jan. 2 1923 and included in the plan, with respect to bonds, are to be detached by the respective depositaries and lodged with Guaranty Trust Co. of N. Y. as depositary against the issue of receipts to an equivalent face amount. Such receipts are to be purchased or redeemed by the Government from a fund sufficient to retire them in full, during a period of forty years, beginning Jan. 1 1928. The receipts will be of two kinds—Class "A" and Class "B"; Class "A" to be retired completely prior to Class "B"—which will be issued in the approximate proportions stated in the schedule (see table in "Chronicle" of July 14 1923, p. xxviii) to the deposit agreement and hereinbefore set forth.

(3) The Government is to make prompt return of the National Railways to private management. It recognizes its obligations to restore such railways, including rolling stock, to their condition at the time the Government took over the railway lines. The Government has agreed to assume the payment of principal, interest and sinking fund of outstanding bonds of the National Railway System, listed hereinbefore, subject to the provisions set forth as to the payments during the five-year period. The liens created by the existing mortgages are not to be enforced unless the Government fails to carry out its obligations under the plan; in which event such liens may be enforced in favor of the respective bondholders.

(4) The matured 2-year notes of the National Railways of Mexico are to be extended for a period of ten years from Jan. 1 1923, with interest at 5% per annum for the first five years beginning in 1923 and at 6% per annum thereafter.

The following notes are to be extended to Jan. 1 1933, with interest at the rate of 6% per annum: National Railways of Mexico 6% Secured Gold Notes, maturing up to Jan. 1 1917.

The following issues are to be extended to Jan. 1 1933, with interest at the rate of 6% per annum after maturity to Jan. 1 1933: National RR. Co. of Mexico Prior Lien 4½% Bonds (No. 17); Mexican Central Ry. Co., Ltd., 5% Equipment Notes (No. 24).

(5) All sinking funds are to be postponed for a period not to exceed five years from Jan. 1 1923.

(e) 4% Consolidation Mtge. bonds dated Aug. 1 1913 and due Feb. 1 1998, issuable in series A, B, C and D only to refund above collateral bonds and debentures, respectively. See below.

The Consolidation Mortgage (securing the collateral issues and other bonds in the order indicated above) covers by a lien ranking ahead of the Ref. & Impt. Mtg. (see below), the lines owned in 1913 (inc. those then brought in by consolidation or merger), 75% (3,750 shares) of the stock of Hudson River Bridge Co. at Albany and the leases of Troy & Greenbush, New York & Harlem, West Shore and Beech Creek railroads. On the main line between New York and Buffalo there is no lien ahead of it except the $100,000,000 1st M. of 1897; and on the railroads consolidated or merged in 1913, such as the Rome Watertown & Ogdensburg, Mohawk & Malone &c., there are no prior liens except the old underlying mortgages thereon and the N. Y. Central's $100,000,000 1st M. V. 102, p. 800, 1541

Refunding & Impt. Mtge. for New Capital and Debt Unification.

The purpose of the Refunding and Impt. Mtge. was to provide for future financing of the N. Y. Cent. & Hud. River and the consolidated company and for the unification of the debt. The bonds are issuable in series, all due Oct. 1 2013, but bearing date of April 1 or Oct. 1 next preceding the date on which the series is authorized, and carrying interest at such rates subject to call at such dates, and prices, and with such provisions as to conversion, &c., as shall be fixed for successive series. V. 96, p. 1424.

The amount of bonds which may be issued under the Ref. and Impt. M. is not limited to a stated amount, but is determined by standards set up in the mortgage itself, and those standards are believed to be such that a bondholder will be indifferent as to the amount of bonds which may be outstanding under the mortgage, so long as the standards are complied with. The amount of Ref. & Impt. M. bonds outstanding cannot exceed three times the amount of the capital stock as from time to time increased.

After $500,000,000 of the bonds shall have been issued, not more than 80% of the cost of improvements, additions or new property can be paid for from the proceeds of bonds. Not more than one-third of the amount of bonds can be used in the acquisition of bonds or stocks of other companies. After $500,000,000 of bonds shall have been issued, no additional bonds can be issued without the vote of stockholders. Each issue of bonds must receive approval of RR commissions and P. S. Commissions. V. 98, p. 387, 611, 690, 1245, 1393; V. 99, p. 1052, 1131, 1367; V. 100, p. 1079; V. 104, p. 1387; V. 106, p. 2757

The Ref. & Impt. M. is (1) a lien next to the lien of the Consolidation Mtge. (see above) on the properties, &c., covered by the Consolidation Mortgage. (2) A first lien on the *leases* of the Beech Creek Extension, New Jersey Junction and Walkill Valley railroads, subject to the outstanding bonds of each. (3) A first collateral lien on $500,000 2d Mtge. bonds of Beech Creek RR. and $3,964,000 Consol. Mtge. 4s of the Beech Creek Extension RR. companies. (4) A first collateral lien on—

The Refunding & Impt. Mtge. is also a lien upon the properties described in the supplemental indenture (dated June 15 1915), assuming, as authorized by the shareholders, the obligations of the Ref. & Impt. Mtge. and extending the lien thereof over the former Lake Shore & Mich. So. Ry., Chicago Ind. & So. RR., Geneva Corning & So. RR., Dunkirk Alleg. Val. & Pitts. RR. and all of the other properties included in the consolidation of 1914, and also over the former Cleveland Short Line Ry., Jamestown Franklin & Clearfield RR., Sturgis Goshen & St. Louis Ry. and Elkhart & Western RR., acquired by conveyance in 1915 (see "Organization" above). The lien created by this supplemental mortgage is subject, as to parts of the mortgaged properties, to the respective prior liens of the several underlying mortgages thereon shown in table above. In 1914 $40,000,000 Series A 4½% bonds (issued under this mortgage) were sold (V. 98, p. 1245). None of the Series B bonds are outstanding in hands of public; $4,491,000 have been nominally issued and are held by or for the company. In April 1922 $60,000,000 Series C 5% bonds were sold and a further $25,000,000 were sold in July 1922. V. 114, p. 1534; V. 115, p. 308.

NEW YORK CENTRAL LINES.—The N. Y. Central Lines equip. trusts cover engines, passenger cars and freight cars used by various lines of the system, which jointly and severally agree to pay prin. and int., the larger part being for N. Y. Central —(V. 120 p. 2682.)

NEW YORK CHICAGO AND ST. LOUIS RR. CO. (THE).—This company was formed in 1923 under laws of N. Y., Pa., Ohio, Ind. and Ill. as a consolidation of the New York Chicago & St. Louis RR., Chicago & State Line RR., Toledo St. Louis & Western RR., Lake Erie & Western RR. and Fort Wayne Cincinnati & Louisville RR. The consolidated company operates 1,695 miles of road, its main line extending from Buffalo through Cleveland to the three Mid-Western gateways at Chicago, Peoria and St. Louis. Its lines also reach Fort Wayne, Indianapolis, and the important Lake ports of Sandusky and Toledo and the company also owns half the capital stock of the Detroit & Toledo Shore Line Ry., connecting Toledo with Detroit.

The agreement and articles of consolidation were entered into by the directors of the constituent companies on Dec. 28 1922. Ratification by the stockholders, and compliances with the requirements of State statutes, were completed on April 11 1923, on which date the consolidation became effective. On June 18 1923 the I.-S. C. Commission issued a certificate of public convenience and necessity authorizing the acquisition, and operation in inter-State commerce, of the lines of railroad of the constituent companies by the consolidated corporation, and approved the necessary issue of securities.

The total capital stock of the consolidated company authorized by the agreement and articles of consolidation is $105,500,000, of which $45,880,000 is preferred stock and $59,620,000 is common stock. The amount of stock authorized by the I.-S. C. Commission to be issued in exchange for the stocks of the constituent companies is $78,967,900, of which $32,720,000 is preferred stock and $46,247,900 is common stock. On Dec. 31 1924 capital stock of the constituent companies amounting to $78,728,900 par value had been exchanged, par for par, for stock of this company, leaving a stock liability for conversion under the agreement and articles of consolidation of $ 239,000. A part of the stock which will be issued to discharge that liability will be contributed to the company pursuant to the agreement. Because of contributions by stockholders and other adjustments incident to the consolidation, the company holds in its treasury, out of the total of $78,728,900 issued and exchanged to Dec. 31 1924, fully paid preferred stock of the par value of $6,841,699 and fully paid common stock of the par value of $15,781,756. V. 116, p. 721; V. 119, p. 1183.

a Reg. interest Amer. Exch. Nat. Bank; coup. int. Tre as. of Penn. RR., Phi l

Hocking Valley Ry. Co.; W. L. Ross, Pres. of Detroit & Toledo Shore Line RR. Co.; F. D. Underwood, Pres. of Erie RR. Co.; and E. N. Brown, Chairman of the Board of Pere Marquette Ry. Co., and Messrs. O. P. Van Sweringen and M. J. Van Sweringen will act as a committee to carry out the plan.

J. P. Morgan & Co., New York; Continental & Commercial Trust & Savings Bank, Chicago; The Union Trust Co., Cleveland; and Old Colony Trust Co., Boston, will receive deposits of stock and issue therefor transferable certificates of deposit.

Provisions of Leases.—The new company will receive the entire gross income from all leased properties subject to the provisions of the leases. Each lease shall provide for the consolidation, merger, conveyance or unification in other manner of the properties of the lessor and lessee companies into one corporation for the ownership, management and operation of such properties, when authorized by the I.-S. C. Commission, whereupon the lease may be terminated. In the case of the New York Chicago & St. Louis RR. Co., the lease shall provide in substance that, if for any reason whatsoever the lease should be terminated, then the lessor on request of the lessee, either shall forthwith, for a nominal consideration, convey the fee of its leased properties to the lessee, subject to the approval of the conveyance at such time by the I.-S. C. Commission, or shall, at the option of the lessor, return the stock of the new company given in consideration of the lease, or the equivalent, at the time of the termination of the lease, of said stock, as provided in the lease. If for any reason whatsoever such conveyance should not be made at the time of the termination of the lease, the lessor shall in any event return said stock, or its said equivalent; but nothing herein shall be construed to limit or prevent the free use or disposition of said stock by the lessor.

Each lease, except that from the New York Chicago & St. Louis RR. Co., will obligate the new company to issue its stock, in exchange for stock of the lessor company, upon the bases set forth in the foregoing proposal, against surrender of such stock at any time within one year from the date of delivery of the lease.

The committee carrying out the unification proposal made public Feb. 2 1925 a statement and analysis of the provisions relating to deposited and non-exchanging shares of these and other lessor companies embraced in the plan. Under the terms three optional courses are open to shareholders of the Chesapeake & Ohio, Hocking Valley, Erie and Pere Marquette; this analysis shows, as follows:

There is the choice, first, it is pointed out, of assenting to the plan and exchanging stocks on the basis set forth in the proposal of O. P. and M. J. Van Sweringen.

Secondly, a shareholder may withhold his stock. The status will then be that of stockholder in a lessor company, the corporate existence of which will be maintained. Into the corporate treasury of the lessor company the new company will pay rental at rates set forth in the terms under which the lessor companies are to be leased. The non-exchanging stockholder will participate in this rental to the extent of such dividend rates as the lessor company may declare on the basis of the rental fund.

A third avenue is open to the shareholder through the offer of an average market price for his non-exchanged shares, with the prerogative, if he so elects, of determining the price through appraisers designated by the Inter-State Commerce Commission or appointed by the U. S. District Courts, or as otherwise set forth in the lease.

Higher Rates for Exchanged Shares.

Advantages in the form of relatively larger dividends rest with shares of the lessor companies deposited for exchange as against non-exchanging shares of these companies. The latter, however, participate in rental, potentially equivalent, in the majority of instances, notably in the case of Common stock, to a better yield than the present dividend rates of individual lessor companies.

In the case of the Chesapeake & Ohio, now paying 4% on Common, the exchanging common shares, for illustration, will receive 6.6%, and non-exchanging shares, 6%. Rental, with respect to the lessor companies, is on a sliding scale. Six per cent dividend payment on new company preferred and common is the basis. Rental increases or decreases proportionately, if rates greater or less than 6% are paid on new company's stock.

The following table contrasts rates on exchanged shares with rates on non-exchanging stock of the Chesapeake & Ohio, Hocking Valley and Pere Marquette, giving also the existing dividend rates of these companies.

	Exchanging Shares Received.	*Non-Exch. Shares Received.*	*Present Rate of Dividend.*
Chesapeake & Ohio—Preferred	6.9%	6.5%	6.5%
Common	6.6%	6.0%	4.0%
Hocking Valley, Common	6.0%	5.5%	4.0%
Pere Marquette—Prior Preference	6.0%	5.0%	5.0%
Preferred	5.4%	5.0%	5.0%
Common	5.1%	4.5%	4.0%

The basis of rental payment to the Erie under the lease is $3 a share on non-exchanged 1st and 2d preferred and $2 40 a share on non-exchanged common. The Erie's distribution of this rental would be in the order of priority of stock, the 1st preferred having a preference of 4% before distribution to the 2d preferred, and the latter having a 4% preference before distribution to the common.

Because of the preference and priority which Erie 1st preferred has over 2d preferred and common under the provisions of the Erie charter, the incentive for the latter two classes of stock to exchange is declared apparent.

If all of the 2d preferred and common exchange the potential maximum rate of dividend on withheld 1st preferred shares, available from rental, would be the same as the dividend rate that this first receives in exchange for new company preferred, namely 3% per year. Moreover, for the first year of the lease, regardless of the amount of outstanding 2d preferred and common, the rental payment is limited to a rate of 3% on the non-exchanged 1st preferred only.

The incentive to exchange in the instance of the 1st preferred shareholders is declared to be the better market which the preferred stock of the new company will have as against the preferred of the non-operating Erie Railroad Co., the larger security and preference as to assets on the cumulative preference for the new preferred stock which does not exist for the Erie 1st preferred under the Erie's charter.

Stockholders Approve Plan.—The stockholders on April 2 1925 voted in favor of leasing the old company to the new Nickel Plate. This was the last of the stockholders' meetings voting on the plan, stockholders of the other four roads having approved the plan previously.

The I.-S. C. Commission on April 15 1925 began hearings on the proposed merger.

New Company Organized.—The New York Chicago & St. Louis Railway Co. has been incorporated under laws of Ohio for the purpose of acquiring by lease the properties the New York Chicago & St. Louis RR. Co., Chesapeake & Ohio Ry. Co., Hocking Valley Ry. Co., Erie RR. Co. and Pere Marquette Ry. Co.

DIVS.—On July 16 1923 paid 3% on new pref. stock and 3% on new common stock; Oct. 1 1923 to July 1 1925 paid 1½% quar. on each class of stock.

BONDS.—First mtge., abstract, V. 45, p 541.

The stockholders on July 2 1918 authorized a "Second & Impt. Mtge." for $30,000,000, including the $10,000,000 debentures of 1906, which are equally secured, leaving $25,000,000 that may be issued for improvements. The bonds are to be issued in series, each series to bear such rate of interest as may be fixed by the directors. At Dec. 31 1924 $14,309,000 had been issued, of which $2,079,000 were pledged as security for $1,000,000 note issued to U. S. RR Administration. V. 108, p. 1061, 579; V. 107, p. 1670.

In June 1924 sold $26,058,000 ref. mtge. 5½% gold bonds, Series "A." The authorized issue of refunding mortgage bonds is limited to an amount which, including all bonds at the time reserved to retire prior debt, shall not exceed three times the par value of capital stock then outstanding. The note was reduced by payment on account from $43,964,000 to $43,026,500. A new note in this latter amount, dated Nov. 1 1920 and payable Oct. 31 1930, was given to the Director-General to replace the note for $43,964,000, dated April 15 1918, since reduced by payments to $43,000,000 and $50,620,000 of first & ref. mtge. bonds were deposited with the United States as collateral security therefor. A note in the amount of $17,000,000, dated Nov. 1 1920 and due March 1 1930, with interest at 6%, was given to the United States to refund indebtedness of the company incurred during the period of Federal control, and first & ref. mtge. bonds in the amount of $20,000,000 were deposited as collateral security therefor. A 6% collateral gold note for $4,290,000, due April 1 1925, was issued to the Director-General of Railroads during 1922, since reduced by payments to $4,000,000 and extended to Oct. 31 1930. The company also issued its notes, payable in 15 years from date, to the United States of the total amount of $8,130,000, with interest at 6% in return for a loan of that amount from the revolving fund created by the Transportation Act of 1920, and deposited its first & ref. mtge. bonds to the amount of $9,565,000 as collateral security.

Further loan under the revolving fund of $8,000,000 was certified by the Inter-State Commerce Commission on Aug. 29 1921. Two ten-year notes in the respective amounts of $3,000,000 (dated Sept. 15 1921) and $5,000,000 (dated Oct. 15 1921) were given to United States in return therefor. First & ref. mtge. bonds of Series "B" in the amount of $4,775,000 were pledged as collateral security for the $3,000,000 note, while certain stock and bonds of other carriers were deposited with the United States as security for the $5,000,000 note.

On Nov. 1 1921 a further loan of $400,000, covering equipment purchased under Trust "EE" was made and equipment trust notes Class "B," amounting to $400,000, and first and refunding mortgage bonds, Series "B," amounting to $660,000, deposited as collateral security. $200,000 of the above loan have since been paid off, releasing a corresponding amount of "E" trust certificates which were canceled.

On May 26 1922 a further loan of $500,000, covering equipment purchased under trust "E," was made and equipment notes Class "A," amounting to $400,000 deposited as collateral security. $100,000 of the above loan has since been paid off, releasing a corresponding amount of "EE" certificates which were canceled. On Jan. 27 1923 a further loan of $500,000, covering equipment purchased under Trust "EE," was made and equipment notes Class "A" and "B," amounting to $600,000, deposited as collateral security.

A Government loan of $7,400,000 was authorized in June 1922. The first instalment of this loan, $2,000,000, was received Feb. 1 1923; the second of $2,000,000, April 2 1923; the third, of $1,500,000, March 6 1924; and $1,900,000 March 28 1924. EARNINGS.—The gross receipts of the lines in France only have been Office, Paris, Texas.—(V. 119, p. 1953.)

PARIS-LYONS-MEDITERRANEAN RR.—Company was organized in 1857. Its lines in France, comprising about 6,121 miles of road, consist of a main trunk line from Paris to Lyons and from Lyons to Marseilles; its branches and extensions reach throughout the part of France southeast of Paris, through the French Riviera and to the Swiss and Italian frontiers. In addition the company operates in Algeria 1,000 miles under lease.

Capitalization.—Company has outstanding debenture bonds to the amount of 8,886,688,125 francs, £5,000,000 and dollar bonds amounting to $60,000,000. None of the above debentures or bonds carries any special security nor is any part of the company's system or equipment mortgaged or pledged in any way. The capital stock originally amounting to 400,000,000 francs, has, through amortization to date, been reduced to 333,871,500 francs.

Guaranty of French Government.—Before the war the company paid substantial dividends on its capital stock in excess of the minimum rate of 11% guaranteed by the Government under the Convention of 1883. In 1914, at the outbreak of the war, the French Government took control of all French railroads in order to insure efficient co-ordination for military purposes. After the war a new convention was entered into on June 28 1921 by the French Government and the larger railroad companies, including the Paris-Lyons-Mediterranean RR., revising the status of the railroads. This convention was approved by the law "Regulating the Great Railroad Systems" dated Oct. 29 1921.

Under the terms of this convention and law there is established a "common fund" for the purpose of creating financial solidarity of the large companies and, if necessary, during any fiscal year, to provide funds for the current treasury requirements of the companies. The railroad companies shall turn over to the "commun fund" any balance of their gross receipts available after providing for their operating expenses, interest and amortization of their loans, a variable operating premium intended to encourage efficient and economic operation, the guaranteed dividends to the stockholders and other charges as established by the convention. If, at any time, the gross receipts of one of the railroad companies should be insufficient to meet the charges mentioned above, there will be paid to the railroad out of the "common fund" any sums necessary to make up the deficiency.

The Government of the French Republic has undertaken to provide the "common fund" with any sums by which the receipts of the "common fund" may fall short of its requirements; provided, however, that if the Minister of Public Works so requires, the railroads will issue bonds for such purposes, the Government of the French Republic guaranteeing the interest, amortization and actual expenses of the service of such bonds until paid. The convention further provides for an adjustment of tariffs, if necessary, in order to provide the railroads with sufficient revenue to meet expenditures. In regard to 1,673,000,000 francs of bonds issued by the company under the special law of Dec. 26 1914 to cover its deficiencies of 1,229,000,000 francs since the beginning of the war, the convention provides that the Government will reimburse the company therefor by the payment of annuities to cover the service for interest and amortization of these bonds. Thus the Government of the French Republic as above described undertakes to provide, if necessary, funds sufficient to pay interest on the bonds of this issue and funds for sinking fund sufficient to retire the entire issue by maturity.

Goldman, Sachs & Co., Bankers Trust Co., Lehman Bros., Halsey, Stuart & Co., Inc., and Union Trust Co. of Pittsburgh in Sept. 1924 sold at 93¼ and int. $20,000,000 7% external sinking fund gold bonds.

Dated Sept. 15 1924; maturing Sept. 15 1958. Denom. $1,000 and $500c*. Int. payable M. & S. Principal and int. payable in gold at the office of Bankers Trust Co., New York, fiscal agents for the loan, without deduction for any French taxes. Red. only as a whole on or after Sept. 15 1932 on any int. date at 103 and int., except for sinking fund.

Sinking Fund.—Graduated annual sinking fund payments beginning with $248,000 on Sept. 15 1931 and progressively increasing to a maximum of $1,540,000, calculated to retire the entire issue by maturity through purchase at not exceeding 100 and int. or by annual drawings for redemption at 100 and interest.

In March 1925 Kuhn, Loeb & Co. and National City Co. sold $40,000,000 6% external sinking fund gold bonds, due Aug. 15 1958.

Dated Feb. 15 1922. Not subject to redemption before Feb. 15 1932, except for the sinking fund. Entire issue outstanding, but not any part, will be redeemable at 103 and int., at the option of the company on Feb. 15 1932, or on any interest date thereafter. Denom. $1,000 and $500 (c).

Sinking Fund.—Bonds are to have the benefit of a cumulative sinking fund calculated to redeem the entire issue by Aug. 15 1958. This sinking fund will begin Aug. 15 1929, and is to operate by purchases of the bonds at or below 100 and int. or by redemption on Aug. 15 1929, and any Aug. 15 thereafter, at 100 and interest of bonds to be drawn by lot.

EARNINGS.—The gross receipts of the lines in France only have been as follows (in francs):

PARIS-ORLEANS RR. (COMPAGNIE DU CHEMIN DE FER DE PARIS A ORLEANS).—Organized in 1838 to operate a railroad line between Paris and Orleans. As a result of subsequent mergers, purchases of other companies and construction, now owns and operates the second largest system in France.

Mileage.—System covers about 7,800 kilometers, or 4,848 miles. The lines serve (*a*) the central part of France, providing a direct route between Paris and the important seaports of Bordeaux, Nantes and St. Nazaire and forming part of the through lines between Paris and Southern France and Spain; (*b*) rich agricultural districts; (*c*) the industrial centres of Montlucon (iron), Albi (coal) and Limoges (porcelain); (*d*) through the western extension the south coast of Brittany; (*e*) the Valley of the Loire and the Aubergne Mountains, carrying a very heavy and profitable tourists' traffic.

Government Guaranty.—A law enacted on Nov. 20 1883 provides that the French Government shall advance each year any amount necessary in addition to the net income to cover the interest on and amortization of the bonded debt and to make an annual distribution on the capital stock of frs. 56 per share of frs. 500 and frs. 45 on the beneficiary shares without par value. Any amounts so advanced are to be repaid with int. at 4% p. a. out of any future surplus remaining after paying the div. on the stock.

This agreement continues in effect until Dec. 31 1956 (the end of the concession of the company) and contains similar provisions to protect the bondholders and stockholders in case the Government should take over the company's property prior to that date.

New Convention—Common Fund Established.—See Paris-Lyons-Mediterranean RR. above.

Capital Stock.—Frs. 300,000,000, divided into 353,318 shares of frs. 500 each, and 246,682 beneficiary shares without par value. The stock is listed on the Paris Bourse.

Bonded Debt.—The bonded debt of the company consists of debentures to the amount of 6,100,000,000 francs; 2,000,000, 50,000,000 Swiss francs and $10,000,000.

In Feb. 1921 A. Iselin & Co., Halsey, Stuart & Co., Inc., and Hemphill, Noyes & Co., New York, offered frs. 50,000,000 6% bonds (Foreign Series), redeemable at par, by semi-annual drawings, not later than 1956. Interest from Dec. 1 1920, payable J. & D. at office of A. Iselin & Co., 36 Wall St., N. Y. City, without deduction for any French taxes, present or future, if held by non-residents of France. Denom. fr. 1,000.

Tax Exemption.—Under a recent French law these bonds are payable, principal and interest, without any deduction of French taxes, present or future, provided that are held by a non-resident of France.

Convertibility.—The company agrees to exchange any bond of this issue at its Paris office at any time prior to the drawing of such bond for redemption without expense for an equal face amount of 6% bonds (French series). These French Series bonds are listed on the Paris Stock Exchange, but holders thereof are subject to French taxes.

Redemption.—The concessions of the French railroad companies stipulate that at the expiration of their concessions, their property, except rolling stock and certain other working assets, shall revert to the Government free of charge. The companies have, therefore, with the approval of the French Government, adopted a plan of amortization which provides for the total redemption of their funded debt, and for the repayment of their capital stock by the time of the termination of their concessions.

The amortization plan provides for semi-annual drawings at par of a gradually increasing number of bonds, sufficient to retire the entire issue by Dec. 1 1956. Drawings under this amortization plan are made annually and the bonds drawn will be payable on Dec. 1 each year, beginning Dec. 1 1921. £2,000,000 6% sterling bonds of 1922, see Midi RR. Co. above. See V. 112, p. 563.

A. Iselin & Co., Brown Brothers & Co., Halsey, Stuart & Co. and Hemphill, Noyes & Co. in Sept. 1924 sold at 92¼ and int. $10,000,000 7% external sinking fund gold bonds.

Dated Sept. 1 1924. Due Sept. 1 1954. Int. payable M. & S. Denom. $500 and $1,000. Principal and int. payable in New York in gold at the office of A. Iselin & Co., fiscal agents of the loan, without deduction for any French taxes. Red. on any int. date as a whole only at 103 and int. except for sinking fund.

Sinking Fund.—Sinking fund beginning March 1 1925 sufficient to retire all bonds by maturity through purchase at not exceeding par or by semi-annual drawings for redemption at par. V. 119, p. 1282.

PENNSYLVANIA-DETROIT RR. CO.—Incorp. in Mich. Feb. 27 1917 with authority to construct and operate a line of railroad in that State. Its outstanding capital stock is $5,000,000, all of which, except directors' qualifying shares, is owned by the Pennsylvania RR. It has no bonds outstanding, but as of May 31 1923 its non-negotiable debt to affiliated companies amounted to $5,867,284, representing construction expenditures, chiefly moneys advanced by the Pennsylvania. Construction work was begun in 1917 and the line opened for passenger traffic on Jan. 1 1923 and for freight traffic on May 1 1923. The entire project, however, is not yet completed. The railroad of the company extends from a connection with the Pere Marquette Ry. at Carleton, Mich., in a northerly direction to a connection with the Wabash Ry. at Detroit, a distance of about 19.96 miles. It also owns certain extensions and branches in and near Detroit, Mich., having an aggregate length of about 8.98 miles. The total length of its owned railroad is about 29.01 miles. In addition it has trackage rights in and near Detroit over the Wabash, Pere Marquette and Fort Street Union Depot railways amounting to about 21.11 miles. It also has trackage rights over the Pere Marquette Ry. between Carleton, Mich., and Alexis Junction, O., a distance of about 25.33 miles. Between Alexis Junction, O., and Toledo, O., a distance of about 4.37 miles, it operates over the Ann Arbor RR. The total distance operated under trackage rights is about 50.81 miles. To be merged into Pennsylvania Ohio & Detroit RR.—See that co. below.

The Inter-State Commerce Commission in Sept. 1923 approved the lease of the property to the Pennsylvania RR.

By the terms of the proposed lease (which runs for 999 years from June 1 1923) the Pennsylvania agrees to maintain and operate the leased railroad and to pay to the Detroit company, as rental, a sum equivalent to 5% per annum on the aggregate par value of the Detroit company's issued and outstanding capital stock, and such percentage as may be agreed to upon any additional capital stock that may be issued after Jan. 1 1923 by the Detroit company with the approval of the Pennsylvania. The Pennsylvania is also to pay all taxes as they shall accrue and a sum each year sufficient to pay all installments of interest and sinking funds when due and payable on its bonded and other indebtedness, as well as such sum as may be necessary to maintain the corporate organization of the Detroit Co.—(V. 117, p. 1556.)

PENNSYLVANIA OHIO & DETROIT RR.—The Michigan P. U. Commission has approved the consolidation of the Pennsylvania-Detroit RR., Cincinnati Lebanon & Northern RR., Cleveland Akron & Cincinnati Ry., Toledo Columbus & Ohio River RR., and the Manufacturers' Ry. of Toledo. The consolidated company will be known as the Pennsylvania Ohio & Detroit RR.

PENNSYLVANIA RAILROAD CO. (THE).—(*See Maps.*)—The system, as shown on the adjoining maps, extends from New York City westerly, via Philadelphia, to Pittsburgh, Erie, Cleveland, Toledo, Chicago and Burlington on the north and to Washington, Cincinnati, Louisville and St. Louis on the south. The total system on Jan. 1 1925 aggregated 11,672 miles. On Jan. 1 1925 the lines included in the company's results aggregated 10,575 miles.

ORGANIZATION, LEASES, &c.—The charter of the Pennsylvania RR. was dated April 13 1846. As to agreement in 1917 to take over the properties and assume the obligations of the Pennsylvania Company, see that company's statement below, and V. 106, p. 1031.

In Nov. 1917 it was agreed that, effective Jan. 1 1918, or such later dates as might be determined, the leases of railroad property held by the Pennsylvania Co. should be reassigned to the Penn. RR. and the lines west of Pittsburgh operated directly by the Pennsylvania RR., through the same officials who had heretofore been in charge of the operation of those lines. In pursuance of this plan the Penn. RR. Co. had resumed in Oct. 1918 operating under lease the Pitts. Ft. Wayne & Chicago Ry., Cleveland & Pittsburgh RR., Erie & Pittsburgh RR., and Pitts. Youngs. & Ashtab. Ry. V. 107, p. 83, 284; V. 106, p. 86, 1031; V. 105, p. 2094, 2184. During 1918 accordingly the Pennsylvania *Company* was relieved of the operation of all the aforesaid lines, which were operated directly by the Penn. RR. Co. as its "Western Lines."

System Operated as a Unit.—**It was announced in Feb. '20 that, effective March 1 1920, the system would be operated as a unit instead of being subdivided as formerly between the lines east and west of Pittsburgh. The system will be divided into four regions, each in charge of a Vice-President, the headquarters of the respective regions to be at Philadelphia, Pittsburgh, Chicago and St. Louis, to be known as the Eastern, Central, Northwestern and Southwestern regions. V. 110, p. 658**

In May 1920 announced that the West Jersey & Seashore RR. and the N. Y. Phila. & Norfolk RR. will hereafter be designated as the Atlantic Division and the Norfolk Division, respectively. See V. 110, p. 2193.

Working agreement with men, V. 112, p. 162.

In March 1916 incorporated the Penn.-Detroit RR. with $5,000,000 stock to build a 52-mile road from Ohio-Michigan line northward to Detroit. V. 104, p. 1146; V. 106, p. 1031; V. 107, p. 91. The stockholders in April 1923 approved the lease of this road to the Pennsylvania RR. for 999 years. V. 116, p. 1893.

In April 1918 took title to the Susquehanna Bloomsburg & Berwick RR., a 42-mile line Watsontown to Berwick, Pa., &c., with $700,000 First Mtge. gold 5% bonds outstanding. V. 106, p. 2011.

On Jan. 1 1921 leased for 999 years the Grand Rapids & Indiana Ry. and the Pitts. Cin. Chic. & St. L. RR. V. 111, p. 1753, 1950; V. 115, p. 437, 760.

The stockholders on Mar. 4 1921 approved the leases of 16 railroad properties constituting portions of the system and controlled through stock ownership. Compare V. 112, p. 162; V. 114, p. 1526.

The company in 1921 was authorized by the I.-S. C. Commission to lease in perpetuity the property of the New York Philadelphia & Norfolk RR., beginning July 1 1921. V. 113, p. 731. Has also been authorized to purchase from the Pennsylvania Co. the stock of the Pitts., Ft. Wayne & Chicago Ry. V. 112, p. 2191; V. 117, p. 2324.

To Build New Terminal.—It was announced in Oct. 1924 that the co. will build a new terminal in West Philadelphia, Pa., work on which was to begin in 1925. It is expected that the entire project will be finished by 1930.

Valuation.—The I.-S. C. Commission has placed a tentative valuation of $284,676,670 on the total used property of Pennsylvania Co.'s Lines west of Pittsburgh, Pa., as of June 30 1916. Companies included in the valuation are: Pennsylvania Co., Pittsburgh Ft. Wayne & Chicago Ry., Massillon &

Cleveland RR., Erie & Pittsburgh RR., Cleveland & Pittsburgh RR., Pittsburgh, Youngstown & Ashtabula Ry., Youngstown & Ravenna RR., Pittsburgh Ohio Valley & Cincinnati RR., Cleveland Akron & Cincinnati Ry., Toledo Columbus & Ohio River RR., and the South Chicago & Southern RR.

The Commission has up to the present time placed tentative valuations on four parts of the Pennsylvania System as follows: Pennsylvania Co., 1,681 miles, valued at $284,676,670, or $169,000 per mile; P. C. C. & St. Louis, 2,222 miles, at $227,930,863, or $102,000 a mile; Long Island RR. 379 miles, at $93,201,517, or $234,000 a mile; West Jersey & Seashore RR., 361 miles, at $26,621,783, or $73,700 a mile; total mileage, 4,661, at $632,430,833, or $135,600 a mile. This leaves 7,029 miles of system to be valued, chiefly between Pittsburgh and the Atlantic seaboard.

SECURITIES OWNED.—Total book value of these on Dec. 31 1924 was $544,991,855, many of which are pledged to secure Pennsylvania issues. Revenue derived from these securities in 1924 $29,852,630. The securities include $4,753,800 Sou. Pac. Co. stock, $41,698,200 (common) stock of the Norfolk & Western, and $5,312,500 stock of N. Y. N. H. & H. RR Co.

With a view to complete stock control of the Pittsburgh Cincinnati Chicago & St. Louis RR., the directors of the Penn. RR. Co. and of the Penn Co. on Mar. 10 1920 offered to purchase the minority stock of the Panhandle Co. and to pay for the same, par for par, in new 50-year mtge. bonds of the latter co. when issued to the Penn. Co., bearing int. at the rate of 5% p. a., prin. & int. to be guaranteed by the Penn. RR. V. 110, p. 1188. See also Pitts. Cin. Chic. & St. L. RR. below.

The Pennsylvania Co. also offered to acquire the minority shares of the Grand Rapids & Indiana Ry., by exchanging therefor, par for par, 2d mtge. 4% bonds of the latter company, held in its treasury.

MERGER.—In Sept. 1924 O. P. and M. J. Van Sweringen made a proposal for the unified control and operation of the railroads of The New York Chicago & St. Louis RR. Co., The Chesapeake & Ohio Ry. Co., The Hocking Valley Ry. Co., Erie RR. Co. and Pere Marquette Ry. Co., for details of which see The New York Chicago & St. Louis RR. Co. above.

The stockholders on Mar. 21 1925 approved the lease of the road for 999 years to the new Nickel Plate.

The question of protecting the minority stockholders of the company who do not join in the Van Sweringen consolidation was decided Dec. 17 1924.

Under the terms agreed upon the new Van Sweringen property is to pay into the treasury of the Pere Marquette quarterly:

"As and when dividends at the rate of 6% per annum are paid on Preferred stock of the new Nickel Plate company, an amount equal to dividends at the rate of 5% per annum on Prior Preference stock and Preferred stock of the Pere Marquette not owned by the new company—the amount so payable to be proportionately decreased in the case of the payment of dividends at the rate of less than 6% per annum on the Preferred stock of the new company.

"As and when dividends at the rate of 6% per annum are paid on Common stock of the new Nickel Plate company, an amount equal to dividends at the rate of 4½% per annum on the Common stock of the Pere Marquette not owned by the new company—the amount so payable to be proportionately increased or decreased in case of the payment of dividends at the rate of more or less than 6% per annum on Common stock of the new company."

Regarding the exchange and purchase of stock, the new lease provides:

"That in case of holders who may desire not to exchange their stock and who will notify the new Nickel Plate company in writing within a reasonable time after lease becomes effective of their desire to receive the fair value of their stock in cash, the new company will pay in cash to such stockholders the fair value of their stock as determined by arbitration conducted in a manner to be specified in the lease."

The stockholders on Dec. 29 1920 approved the lease of the road and property to the Pennsylvania RR. for 999 years upon the general basis of paying a rental sufficient to cover the fixed charges and a dividend at the rate of 4% per annum upon the stock for five years and thereafter at the rate of 5%. V. 111, p. 1950; V. 112, p. 63; V. 115, p. 437, 989.

These $7,260,000 10-year notes, which in June 1917 were held by the owners of the property, were on Jan. 1 1918 secured by pledge of $7,000,000 of the company's 1st M. 5s of 1909 and $3,000,000 1st M. bonds of Allegheny River Mining Co. and $600,000 value of locomotives and cars borrowed for this purpose from the Alleg. Mining Co. The remainder ($1,500,000) of the 10-year notes were reserved to retire the $1,500,000 1-year issue due in May 1918; but in March 1918 $1,500,000 2-year notes were sold to take up the latter.

The one-year Collateral Notes ext. to Mar. 1 1922 are secured by $1,000,000 1st mtge. 5% bonds of Pittsburgh & Shawmut RR., $339,771 6% demand note of the receiver P. S. & N. RR. and $600,588 demand note of Allegheny River Mining Co. V. 110, p. 2388. Announced in Mar. 1921 that the notes "are held privately by majority stockholders of the co. and are being carried as over-due company obligations, on which the int. will be regularly paid but the principal may not be called for a year or more."

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4 1833) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23 1896 and reorganized per plan in V. 61, p. 1109. See V 64, p. 709

The "Reading Company" in the reorganization acquired the security holdings, real estate, equipment, &c., of the old Phila. & Reading RR. Co., also the $20,000,000 stock and $20,000,000 bonds of the Phila. & Reading Ry. and the $8,000,000 stock of the Coal & Iron Co. The right to mine coal, given by charter, is protected by State Const. of 1873 V. 82, p. 393.

The U. S. Supreme Court on Dec. 16 1912 in the Govt. suit (1) dismissed the charge of combination and conspiracy in restraint of trade against the company and other anthracite coal companies and coal-carrying roads; (2) held that the Temple Iron Co. is an illegal organization and should be dissolved; and (3) also held illegal the arrangement under which the coal companies pay the independent operators for coal at the mines 65% of selling price at tidewater. See V. 95, p. 1684, 1652; V. 96, p. 286, 554, 1090, 1557. The U. S. District Court on July 31 1915 held that the company and its subsidiaries, had not violated either the Sherman Law or the commodities clause of Commerce Law. The Government filed an appeal. V. 103, p. 1119; V. 101, p. 85, 929, 1465, 1807; V. 96, p. 1425; V. 97, p. 666; V. 99, p. 821. The U. S. Supreme Court on April 26 1920 sustained most of the Government's charges of illegal combination against the company and certain of its railroad and coal subsidiaries, and ordered their dissolution. See V. 110, p. 1816. The company on June 1 1920 sought a modification of the dissolution decree. The motion, however, was dismissed by the Court on June 7 1920. V. 110, p. 2358, 2488.

Third Modified Segregation Plan.

The company on May 10 1923 filed with the U. S. District Court for the Eastern District of Pennsylvania a third modified plan for the carrying out of the decision of the U. S. Supreme Court, which provided as follows:

1. No additional general mortgage bonds shall be authenticated except that, to refund underlying bonds and obligations [other than those mentioned in clause (a) of Section 5 below], additional general mortgage bonds may be issued to the trustee of the new mortgage of the Reading Co. [provided for in Section 10 below] and stamped to show that they represent obligations of the Reading Co.

2. After payment by the Reading Iron Co. to the Reading Co. of a div. or divs. of $6,000,000 in cash or marketable securities at market value, the Reading Co. will sell all its right, title and interest in and to the stock of the Iron Co., including the present right to vote and receive dividends thereon, to the Coal Co. for $8,000,000. The stock of the Iron Co. will, however, remain subject to the lien of the general mortgage but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.

3. The liability of the Reading Co. on the $94,627,000 gen. mtge. bonds outstanding on Nov. 30 1922 will be decreed to be two-thirds thereof and the liability of the Coal Co. thereon one-third thereof.

4. (Section 4 deals with sinking fund payments, for details of which compare plan published in full in V. 116, p. 2256.)

5. There are outstanding certain underlying bonds mentioned in the Gen. Mtge. These bonds include (*a*) $810,000 of the Phila. & Reading RR. Co. 10-year Sinking Fund Coll. Gold bonds of 1892, extended to Feb. 1 1932, which are secured by pledge of bonds of coal companies belonging to the Coal Co., were assumed by the Coal Co. in 1896 and are in effect guaranteed by the Reading Co.; (*b*) $5,766,717 of the Phila. & Reading RR. Co. 1st Series Consol. Mtge. bonds of 1882, extended to March 1 1937, which are secured by property of the Railroad Co. and of the Coal Co. and are in effect guaranteed by the Reading Co. and the Coal Co., and (*c*) certain other bonds which are not the obligation of the Coal Co. and are not secured upon any property of the Coal Co. The final decree will make provision so that the covenants of the companies in the Gen. Mtge. in respect of these underlying bonds shall bind only the Reading Co. in respect of the bonds described in (*b*) and (*c*) above and shall bind only the Coal Co. in respect of the bonds described in (*a*) above; and, as between the companies, the Coal Co. will remain ultimately liable on the bonds described in (*a*) above, and the Reading Co. will remain ultimately liable on the bonds described in (*b*) and (*c*) above.

6. (Section 6 deals with defaults, liens, &c., and is published in detail in V. 116, p. 479.)

7. The Coal Co. will pay to the Reading Co. $10,000,000 in cash or current assets at market value. General releases of all claims and liabilities as between the Reading Co. and the Coal Co., including the claim of approximately $70,000,000 carried on the books of the Reading Co. as an asset and on the books of the Coal Co. as a liability, will be exchanged. The current indebtedness of the Reading Co. to the Coal Co. amounting to $2,500,000 will first be paid.

8. The Reading Co. will, subject to the lien of the Gen. Mtge. (but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.), sell, assign and transfer all its right, title and interest in and to the stock of the Coal Co. to a new corporation to be formed with appropriate powers, in consideration of the payment by the New Coal Co. to the Reading Co. of the sum of $5,600,000, and its agreement to issue its shares to the stockholders of the Reading Co. as hereinafter provided. The New Coal Co. will issue 1,400,000 shares of stock without par value. Such no par value stock will be sold by the New Coal Co. to the stockholders of the Reading Co., preferred and common, share and share alike, for $5,600,000, or $2 00 for each share of Reading stock. Provision will be made for the disposition by the Reading Co. of any rights to subscribe which may not be availed of by the Reading stockholders within such period as may be fixed by the Reading Co., with the approval of the Court, to the end that the New Coal Co. shall receive the full purchase price of $5,600,000. This sale will be carried out by issuing to Reading stockholders assignable certificates of interest in stock of the New Coal Co., exchangeable for such stock only when accompanied by an affidavit that the holder is not an owner of any stock of the Reading Co.,

9. The Reading Co. will merge the Railway Co. under the authority contained in the present charter of the Reading Co., and will subject the Railway Co.'s property to the direct lien of the Gen. Mtge. The name of the Reading Co., after merger, will not be changed.

10. In order to compensate for any injury to the security which the modification of the terms of the gen. mtge. bonds and the general mortgage may cause, and to leave the Reading Co. properly financed to meet its obligations to the public, the Court will direct the Reading Co. and the Coal Co. to tender for acceptance by the bondholders the following proposals for the execution of new bonds and mortgage and the delivery of new bonds to holders of general mortgage bonds:

(a) The Reading Co. shall execute a new mortgage which will provide for the creation of a series of bonds to be known as Series A, to be limited to the aggregate principal amount of $63,084,666 2-3, and to be issuable only upon the surrender of general mortgage bonds as hereinafter provided. Said bonds of Series A will bear interest at the rate of 4½% per annum, will mature Jan. 1 1997 and will be redeemable as a whole only at 105 and int on any int. day on 60 days' notice. The new mortgage will contain appropriate provisions for the creation and issue of additional series of bonds equally secured thereby bearing interest at such rates and maturing on such dates and otherwise in such form and containing such provisions as may be determined by the directors at the time of issue.

(b) The Coal Co. shall execute a new mortgage which will provide for an issue of bonds limited to the aggregate principal amount of $31,542,-333 1-3, and to be issuable only upon the surrender of gen. mtge. bonds as hereinafter provided. Said bonds will bear interest at the rate of 5% per annum, will mature Jan. 1 1973, and will be redeemable as a whole, but not in part except for the sinking fund, at 105 and int. on any int. day on 60 days' notice.

(c) The Reading Co. and the Coal Co. shall offer to the holders of gen. mtge. bonds the right to surrender their bonds and receive in exchange therefor an equal aggregate principal amount of new bonds (with an adjustment of interest as of the date of the surrender of the gen. mtge. bonds for exchange) as follows:

Two-thirds of said principal amount in 4½% 74-year gen. (or, if and when practicable, *first*) & ref. mtge. gold bonds, Series A, of the Reading Co.

One-third thereof in 5% 50-year ref. mtge. sinking fund gold bonds of the Coal Co.

(d) The exchanged bonds will be pledged under the new mortgages. (For details, see V. 116, p. 2256.)

Plan Approved by Court.—Judges Buffington, Davis and Thompson filed a final decree in the U. S. District Court June 28 1923 at Philadelphia, directing the dissolution of the Reading Co. and its subordinate concerns within six months.

The decree adopted the third modified segregation plan submitted May 10 1923.

STOCK.—Reading Co. has the right to convert the 2d pref. stock into one-half first pref. and one-half common stock. See V 64, p. 709.

Pursuant to the final dissolution decree, the Reading Co. in Jan. 1924 offered to its stockholders, preferred and common, share and share alike, the right to subscribe for certificates of interest in 1,400,000 shares of the capital stock (no par value) of Philadelphia & Reading Coal & Iron Corp.

Stockholders of record Dec. 17 1923 have the right to subscribe for said certificates of interest at the rate of a certificate of interest in one share of stock of Philadelphia & Reading Coal & Iron Corp. for each two shares of stock of Reading Co. pref. or com. held. This right of subscription must be exercised before Jan. 1 1926. The price of subscription is $4 for each share of stock of Philadelphia & Reading Coal & Iron Corp. represented by the certificates of interest subscribed for, or $2 for each share of Reading stock. Compare V. 118, p. 203, and Segregation Plan above.

ORGANIZATION.—Organized under laws of Kentucky.

As to disposal made by Union Pacific of its interests in company in 1913 under order of court, see V. 97, p. 50, 445, 667.

Suit by the Govt. to compel the company to dispose of its holdings in Central Pacific was decided against the Govt in the lower court in March 1917; an appeal by the Govt. came up for hearing in the Supreme Court on April 17 1921, and, after full oral argument, was submitted on April 19 1921 and taken under advisement by the Court. On Jan. 9 1922 the Court ordered a re-argument of the case. On May 29 1922 the U. S. Supreme Court ordered the dissolution of ownership and control of the Central Pacific Ry. by the Southern Pacific Co. V. 107, p. 1542; V. 104, p. 1046; V. 107, p. 513; V. 114, p. 199, 2470, 2718; V. 115, p. 646, 1732. The company in Oct. 1922 filed an application with the I.-S. C. Commission asking authority to acquire control of the Central Pacific by lease and stock ownership, pending final determination by the Commission of a plan for consolidation of the railroads into a limited number of systems. This application was approved by the Commission upon certain conditions on Feb 6 1923. Compare V. 116, p. 685, 2768; V. 117, p. 782. As to Union Pacific decision in 1912, see V. 97, p. 445, 667.

The directors on Dec. 1 1920 adopted a plan for the separation of the company's California oil properties and of its stock holdings in the Associated Oil Co. from its railroad properties, a new company, known as the Pacific Oil Co., being organized for this purpose. See Pacific Oil Co. under "Industrials."

On Jan. 1 1917 agreed to take part in building and then to operate the San Diego & Arizona Ry. (V. 104, p. 74). San Diego to Yuma, Cal., 220 miles and branches. V. 104, p. 74; V. 105, p. 2367; V. 107, p. 514.

It was announced in March 1923 that work had been resumed on the Southern Pacific RR. of Mexico, which will connect the main line at Tucson with Mexico City by meeting the National Railways of Mexico at Orendian. All but 98 miles of the line were completed when revolutions interrupted in 1910. This gap is now to be bridged. The road is not expected to be completed before 1926. Northwestern Pacific RR. (jointly owned with Atchison), see that company.

The Southern Pacific Equipment Co. was incorp. in May 1920. V. 110, p 2293.

The I.-S. C. Commission in Sept. 1924 authorized the acquisition by the Southern Pacific Co. of control of the carriers comprising the El Paso & Southwestern System by stock ownership through purchase of the interest of the El Paso & Southwestern Co. therein and by lease. Also granted authority to the Southern Pacific Co. to issue not exceeding $28,000,000 common stock and not exceeding $29,400,000 5% 20-year collateral trust bonds in payment for the interest of the El Paso & Southwestern System in the Nacozari RR. Principal and 4% interest secured by lien of the dev. & gen. mtge. Pursuant to a supplemental indenture, the company affixed to the bonds its obligation to pay additional interest (2½% and 2%, respectively), thus making the total int. rate 6½% and 6% per ann. The additional int. obligations will not be secured by the dev. & gen. mtge., but in the supplemental indenture the company will covenant that it will not create any new mtge. upon any part of the railways subject to the dev. & gen. mtge. unless such new mtge. expressly shall secure the payment of the additional interest obligation equally and ratably with any indebtedness secured by such new mtge. The total 6½% and 6% int. obligation is combined in the several coupons. V. 114, p. 307; V. 117, p. 2214.

Second mtge. on former Mem. & Charl. secures $2,500,000 of 5s, all of which are owned by Southern Ry. and pledged under the development & gen. mtge. *St. Louis Division Mtge.*, V. 72, p. 138; V. 84, p. 392.

The collateral trust 4s of 1901 have been issued, $ for $, in exchange for the Mobile & Ohio gen. 4s as acquired, by a pledge of which they are secured. Stock trust certificates for M. & O. stock are now entitled to dividends at rate of 4% per ann. in perpetuity (V. 72, p. 242, 822); $8,356,000 of the $9,472,000 bonds and $5,670,200 of the $6,017,000 stock have been deposited. V. 72, p. 439; V. 73, p. 664. See M. & O. statement.

Jointly with St. Louis & San Francisco RR. guaranteed bonds of New Orleans Terminal Co., and subsequently acquired entire control of property (see St. L. & San Fr. plan, V. 102, p. 807). V. 77, p. 38, 699; V. 79, p. 1466.

ORGANIZATION.—Organized in 1889. The following companies are sole owners: Cleveland Cincinnati Chicago & St. Louis, Louisville & Nashville, St. Louis Iron Mountain & Southern, Baltimore & Ohio Southwestern, Missouri Pacific, Wabash, Pitts. Cin. Chic. & St. Louis RR., Chic. Rock Isl. & Pacific, St. Louis & San Fran., Chic. & Alton, Chic. Burl. & Quincy, Ill. Cent., Southern Ry., Mo. Kan. & Tex. and St. Louis Southwestern, V. 75, p. 1355; V. 76, p. 103. These companies agreed under contract to use the property forever and pay as tolls the interest, taxes, rentals and other charges, each line to contribute its proportion to the extent of one-fifteenth to make up any deficiency from unforeseen circumstances. See V. 79, p. 499. See also St. Louis Merchants' Bridge Terminal RR. Government suit, V. 88, p. 1374; V. 90, p. 373; V. 91, p. 39.

Decision of U. S. Supreme Court permitting all would-be tenants to use the property, see V. 94, p. 1187; V. 95, p. 545, 1208, 1685; V. 96, p. 136, 1774; V. 98, p. 764, 1394, 1994; V. 100, p. 1734.

In the litigation between the western lines of the Terminal Railroad Association and the eastern lines over the "bridge arbitrary," Judges of the Circuit Court of Appeals, en banc as District Judges, on Feb. 8 1923 handed down a final decree which declared that the Terminal and the eastern subsidiary companies had been in contempt of Court since 1914, and ordered the defendants to rebate to the western lines alleged unfair through freight charges which they declared had been charged against them, to the advantage of the Terminal Association and the eastern lines. Compare V. 116, p. 1178. Appeal granted, V. 116, p. 1412. Appeal heard and decided Oct. 13 1924 by the Supreme Court of the United States, reversing the decree of the District Court entered Feb. 8 1923, and holding that the making of rates and the division of joint rates is a legislative, and not a judicial, function, and that the controversy was referable to the I.-S. C. Commission. Feb. 4 1925 the West Side Lines filed a complaint with the I.-S. C. Commission and against the East Side Lines, asking for division and reparation. In this proceeding no complaint is made against the Terminal Railroad Association charges.

ORGANIZATION.—In 1888 reorganized (V. 43, p. 164; V. 45, p. 401) without having foreclosure sale confirmed, thus preserving Federal charter. In Oct. 1916 receivers were again appointed and on Dec. 31 1923 the stockholders approved a plan for a readjustment of the road's finances, which was declared operative in May 1924. The plan did not disturb the capital stock but offered holders of the 2d mtge. income bonds 5% non-cumul. pref. stock on a par-for-par exchange basis. The plan also provided for the creation of an issue of new gen. & ref. mtge. bonds secured by a new mortgage subordinate only to prior mortgages of about $31,000,000 and subordinate as to equipment to outstanding equipment trust obligations aggregating approximately $4,600,000.

STOCK.—The Missouri Pacific RR. Co. on Dec. 31 1924 owned $10,000,000 common stock, $23,703,000 preferred stock and $4,440,582 unsecured coupon serial 6% notes.

The Pref. stock and the Common stock are to have equal voting power and in addition provision is to be made that no mortgage to secure additional indebtedness shall be created (except the General & Ref. Mtge.) no obligations maturing more than two years after their date (except the notes described below, the Gen. & Ref. Mtge. bonds and equipment trust obligations) shall be issued, and no stock on a parity with, or having a priority, either as to dividends or assets, over the Pref. stock shall be issued without, in each such case, the consent of the holders of a majority of the outstanding Preferred stock.

DIVS.—Initial dividend on the 5% non-cum. pref. stock of $2 91 a share was paid Dec. 31 1924, covering the period from May 26 1924 to Dec. 31 '24.

BONDS.—See 1888 mortgage abstracts, V. 47, p. 82; V. 78, p. 1448. The Weatherford Mineral Wells & Northwestern ($660,000 5s of 1902) are guaranteed, principal and interest, by endorsement. V. 78, p. 344. The $100,000 Denison & Pacific Suburban 5s are also guaranteed.

Louisiana Branch Lines mtg. is limited to $7,000,000. V. 72, p. 577, 1189

The $5,000,000 5s due Apr. 1 1942 of the Union Terminal Co., Dallas Tex., are guaranteed jointly with seven other proprietary companies.

General & Ref. Mtge. Bonds.—Authorized issue not to exceed 1½ times the par amount of the capital stock from time to time issued. The mortgage securing these bonds shall be a lien, subject only to such of the existing liens as are not displaced upon all the railroads, property and franchises, and, subject to existing equipment trusts, upon all equipment now owned. The lien of the mortgage shall also extend (subject to prior liens) to all properties hereafter acquired by the use of the new Gen. & Ref. Mtge. bonds or their proceeds. Such lien shall be in the form of a direct mortgage, but it may take the form of the pledge or assignment of securities of a corporation or corporations owning property to which the lien is intended to extend.

General & Ref. Mtge. bonds may be issued in separate series, maturing on the same or different dates, and bearing the same or different rates of interest, and any series may be made redeemable, in whole or in part, at times, on notice and at premiums, and may have such conversion privileges and other provisions as determined by the directors.

Notes to Director-General of Railroads.—Such notes bear interest at the rate of 6% per annum and were issued to fund indebtedness of the receivers to the Director-General. They will mature Mar. 1 1930 and will be secured by pledge of $5,500,000 gen. & ref. mtge. Series "A" bonds. Amount issued, $4,400,000.

Unsecured Coupon Serial Notes.—Unsecured coupon serial notes bearing interest at rate of 6% per annum were issued to the amount of the judgments on the unsecured notes of the Texas & Pacific and int. thereon to Jan. 1 1924. Such notes will be dated Jan. 1 1924, will mature in equal annual installments over a period of 10 years, beginning Jan. 1 1930, and will bear interest from Jan. 1 1924. Amount issued, $4,440,583.

ORGANIZATION.—Incorporated in Indiana Oct. 22 1915 as successor of Wabash RR. (foreclosed) under First Ref. & Extension Mortgage, and reorganized per plan in V. 100, p. 1599, 1594; V. 101, p. 1975. Took possession Nov. 1 1915. The plan reduced the fixed charges from $5,795,278 to $3,183,915, besides eliminating guaranties and unsecured obligations.—V. 108, p. 270, 1927.

Deficiency judgment in foreclosure affirmed. V. 109, p. 2074, 2173; V. 110, p. 1090.

STOCK.—The pref. shares A and B are respectively pref., prin. and divs. (non-cumulative) and are callable after 5 years at 110. The A shares are entitled, after payment in any year of 5% on all stock (com. and pref.), to participate in any further dividend for that year at the same rate as declared on common stock (above said 5%). Of the authorized common and convertible preferred, $3,750,000 and $1,250,000 respectively were issuable from time to time on account of unsecured creditors' claims against old co. The pref. and common are issuable as needed for conversion of pref. B, and in Dec, 1924 the amounts outstanding had been increased chiefly in this manner from the totals issued at reorganization in 1915, namely $43,540,000 and $46,200,000, respectively, to the amounts shown in table at top of page. V. 108, p. 1929; V. 107, p. 182; V. 101, p. 2072, 1599; V. 102, p. 1812.

The holders of the convertible pref. stock may at any time after Aug. 1 1918, and up to 30 days prior to any date fixed for the redemption of the entire issue of said profit sharing pref. stock A, convert the same into and exchange the same for profit-sharing pref. stock and com. stock at the rate of $50 of profit-sharing pref. stock and $50 of com. stock for each $100 of convertible pref. stock, with adjustment of unpaid dividends.

DIVIDENDS.—No. 1 on pref. "A" stock Jan. 29 1917, 1%; April, July and Oct., 1%; 1918, Jan. and April, 1%; then none until May 25 1925, when 1¼% was paid.

BONDS, &c.—The plan of 1915 left it to the new co., after reorganization, to provide, by a first & ref. mtge., or otherwise, for refunding the underlying bonds at maturity and for future capital requirements.

The stockholders on Dec. 29 1924 approved and authorized the creation of a ref. & gen. mortgage, the aggregate principal amount of which any at one time outstanding, together with all prior obligations as defined in the mortgage or deed of trust securing the ref. & gen. mtge. bonds, shall be limited to 1½ times the aggregate par value of the then outstanding capital stock, determined as provided in the mortgage. The lines of railroad covered by the mortgage comprise about 2,034 miles of first main track, 322 miles of second main track and 909 miles of other track, on various parts of which the ref. & gen. mtge. is subject to prior obligations issued and outstanding on Jan. 1 1925, in the aggregate principal amount of $61,999,435, for the retirement of which at or before maturity ref. & gen. mtge. bonds are reserved. None of the prior obligations may be renewed or extended and no further issues made under the indentures securing them, except that $5,936,311 principal amount of additional bonds may be issued under Wabash RR. 1st lien terminal gold 4% trust indenture dated Jan. 1 1904, for the acquisition of additional terminal properties. Ref. & gen. mtge. bonds are reserved for the retirement of any such additional terminal bonds which may be so issued. The $12,500,000 Series "A" gold bonds are not red. before March 1 1935. The entire series, but not part thereof, will be red. on Mar. 1 1935, or on any int. date thereafter at 105 and int. upon not less than 60 days' previous notice. V. 120, p. 700.

Abstracts of the mortgages of 1889 were in V. 49, p. 270-273; *Detroit & Chicago Exten.* mtge., V. 54, p. 1049. *Des Moines Division* bonds of 1889, see V. 68, p. 574; V. 69, p. 1248. *Col. & St. L. RR.*, V. 73, p. 338, 786, 1012; V. 74, p. 1040; V. 75, p. 686.

For $10,000,000 terminal gold bonds of 1904, see V. 76, p. 436, 753, 1032; V. 81, p. 1437; V. 82, p. 570; V. 83, p. 1236; V. 84, p. 997.

The 6% secured gold notes due Mar. 1 1930 are a direct obligation of the co. and are additionally secured by deposit of $729,000 Chicago & Western Indiana RR. consol. mtge. 4% bonds, due 1952, and 1,217 shares (par $100) American Refrigerator Transit Co. capital stock (out of a total issue of 5,000 shares capital stock). WESTERN PACIFIC RR. CORPORATION.—A Delaware holding company owning all the stock of the Western Pacific RR. (of Cal.), which in turn owns the railroad running from San Francisco to Salt Lake City, via Oakland, Stockton, Sacramento, Marysville and Oroville, Cal., a distance of 930 miles (including San Francisco Bay ferry, 3 miles); branch lines, 116 miles. Total mileage Dec. 31 1923, 1,046 miles. Crosses the mountains at maximum grade of 1%. Trackage agreement with Southern Pacific Co., V. 118, p. 1270.

In October 1917 arrangements had been made to give financial assistance to the following companies in the construction of their projected lines which will serve as feeders for the Western Pacific, the latter receiving in return for the investment a considerable interest in their capital stock: (1) Indian Valley RR., Paxton Junction to Taylorsville and Engles Copper Mine, Cal., 21 miles; (2) Deep Creek RR., Wendover, Utah, southerly into Gold Hill and Ferber Mining District, 46 miles; (3) in 1917 purchased $1,137,968 of the capital stock of the Tidewater Southern Ry., an electric railway, now 56 miles in length, extending from Stockton to beyond Turlock (see "Electric Railway Section"). Tentative valuation, V. 113, p. 1055.

ORGANIZATION.—Both the holding company (The Western Pacific RR. Corp., incorp. in Delaware), and the operating company (The Western Pacific RR., Co. incorp. in Calif.), were formed in June 1916 per reorganization plan of Western Pacific Ry. foreclosed. Possession taken July 13 1916. See plan, &c., V. 102, p. 155, 160, 2168, 2255; V. 103, p. 62, 240, 408; V. 104, p. 165, 258, 560. V. 103, p. 2080.

In 1917 the Equitable Tr. Co. of N. Y., as mortgage trustee, brought suit against Denver & Rio Grande RR., as guarantor of the 1st M. bonds of the old (foreclosed) Western Pacific Ry. (the holding co. owning $47,437,500 of this $50,000,000 issue), and in Jan. 1918 obtained a judgment for $38,270,343. V. 106, p. 1797. The judgment was followed by a receivership for the D. & R. G. V. 106, p. 85, 192, 498; V. 107, p. 503. See Denver & Rio Grande RR.

In Sept. 1918, having realized to date about $7,771,395 on this judgment the Trustee made distribution of $150 per bond of old Western Pacific Ry., over 90% of these bonds being owned in the interest of the new Western Pacific RR. V. 107, p. 1102, 1187.

In June 1918 the equity in the $10,000,000 stock of Utah Fuel Co. owned by D. & R. G. (subject to collateral lien of $15,080,000 Rio Grande Western Ry. 1st Consol. 4s) was sold in partial satisfaction of above judgment and was bid in for the Western Pacific RR. Corp. for $4,000,000. V. 106, p. 2648, 2759.

On Aug. 16 1920 a further distribution at the rate of $40 on each $1,000 bond was made: in Dec. 1920, $32.50; in July 1921, $100; in Aug. 1921, $40, in April 1922, $25. V. 113, p. 732; V. 114, p. 1654.

The Denver & Rio Grande property was sold at public auction on Nov. 20 1920 for $5,000,000 to John F. Bowie of New York, representative of the Western Pacific RR. For litigation over sale, &c., see Denver & Rio Grande Western RR.

A Delaware charter was granted Nov. 15 1920 to the Denver & Rio Grande Western RR. with an authorized capital of $150,000,000, authorizing it to own and operate railroads and railways outside of Delaware. The company

Sinking fund, 3½% annually of all bonds issued; retired by sinking fund to Mar. 12 1925, $5,738,000; conv. into pref. stock, **$1,213,000. First ref. mtge. bonds are reserved to retire this issue.** V. 87, p. 741, 814, 874; V. 92, 264, 324. The company on May 20 1925 announced that it would offer holders of its 5% bonds due in 1928 102½% for the $5,481,000 outstanding issue.

The $30,000,000 first ref. mtge. 7½s are secured by a mortgage on all real estate, plants and equipment, now owned or hereafter acquired, subject only to the first (closed) mortgage 5s, to retire which first refunding mtge. bonds are reserved. The mortgage provides that the 1st mtge. 5% bonds **shall not be extended, so that upon their payment, at or before maturity in 1928, the 1st ref. mtge. will become a first mtge. on all the properties.** None of the subsidiary companies has any funded debt.

Future series may bear such rate of interest, mature at such times, be callable at such prices, have such convertible or tax provisions and be payable in such currencies and at such places as the directors may determine.

The total combined net assets of the company and its subsidiaries, after deducting all liabilities except funded debt, shall equal at least 250% of the entire funded debt, including bonds proposed to be issued.

If the total combined current assets fall below 160% of total current liabilities, the company shall declare no further dividends upon its common stock until said ratio is restored; if below 160% it will default under mtge

No further 1st refunding bonds shall be issued unless the average annual net earnings for the last three fiscal years, applicable to interest charges, shall be twice the annual interest charges on the funded debt outstanding, including the bonds proposed to be issued.

The bonds are callable all or part at 105 prior to Feb. 1 1926, during next 5 years at 103½; next 5 years at 102½; next 4 years at 101; last year at 100½.

Three per cent annually of total 1st ref. mtge. bonds, first payment Feb. 1 1923, to be used for purchase or call and retirement of bonds sufficient to retire before maturity more than 50% of the amount of the present issue. AMERICAN EXPRESS CO.—An "Association" formed under the laws of New York State Nov. 25 1868. Not an incorporated company.

On July 1 1918 the American Railway Express Co. under Govt. control took over the domestic express operations of American, Adams, Wells Fargo and Southern express cos. for duration of war. Govt. control terminated March 1 1920. The I.-S. C. Commission in Dec. 1920 approved the permanent consolidation of the transportation business and properties of the four companies. V. 111, p. 2522. The American Express Co., however, continues to transact a foreign forwarding business and foreign exchange as well as its traveler's checks, money orders and other financial activities. Also arranges and conducts tours to all parts of the world. (See American Ry. Exp. Co. for divs. paid by that co.)

The Am. Express Co., Inc., was incorporated in Conn. in Feb. 1919 with $6,000,000 to facilitate the company's operation in foreign countries V. 108, p. 880.

The company, it was announced in May 1925, has acquired control of Wells, Fargo & Co. and intends to assume its assets, after distribution of $8 a share and 1-30th of a share of American Railway Express Co. stock recently authorized. The consolidation of the offices of the two companies is expected.

The transaction followed an offer by the Wells Fargo management to stockholders to buy all outstanding stock at $12.50 per share, a price which the directors said in their opinion represented "approximately the ultimate liquidation value of the stock, with the advantage of immediate cash payment."—V. 120, p. 2686.

Capital Readjustment Plan (V. 119, p. 1955).

Plan.—The stockholders on March 4 1925 approved a capital readjustment plan, which provides as follows:

(1) That 35,000 shares of the unissued pref. stock be changed and reclassified into 35,000 shares of 8% cumul. prior preference stock (par $100 each).

(2) That the authorized capital stock be decreased from $35,000,000, consisting of 175,000 shares of pref. stock, par $100 each, and 175,000 shares of common stock, par $100 each, to $25,000,000, to consist of 35,000 shares of 8% cumul. prior preference stock, par $100 each, 100,000 shares of pref. stock, par $100 each, and 115,000 shares of common stock, par $100 each.

(3) That the decrease of the capital stock of the company be effected by (*a*) cancelling and extinguishing 10,000 shares of the unissued pref. stock, being all of the auth. pref. stock not heretofore issued, remaining after changing and re-classifying 35,000 shares thereof into 8% cumul. prior preference stock; (*b*) purchasing for retirement at not above par, and retiring, 30,000 shares of the outstanding pref. stock; (*c*) cancelling and extinguishing 60,000 shares of the unissued common stock, being all of the authorized common stock not heretofore issued.

(4) That the directors be authorized to purchase from time to time for the company, for retirement, at not above par, the 30,000 shares of pref. stock above referred to, by any one or more of the following methods, as in the discretion of the board may seem advisable: (*a*) pro rata from each holder of shares of said stock; (*b*) from pref. stockholders offering said stock to the co. at the lowest prices up to a total of not exceeding 30,000 shares, or any part thereof, all of said stockholders to be given equal opportunity to submit offerings; (*c*) in the open market; (*d*) by direct purchase at private sale.

All accumulated and accrued unpaid divs., and the right to receive the same, on any of such shares of the outstanding pref. stock so as aforesaid purchased for retirement by the co. to be surrendered and extinguished. The outstanding preferred stock had in this manner been reduced to $11,048,300 in April 1925.

(5) That the directors be authorized from time to time to issue shares of 8% cumul. pripr preference stock up to 35,000 shares, for cash at not less than par, or in exchange for shares of outstanding pref. stock, share for share, or upon any other basis of exchange which to the board may seem advisable, with such adjustments of divs. as shall be determined by the board, or to sell the stock or any part thereof and with the proceeds of such sale to purchase shares of outstanding pref. stock for the company, for retirement, at not above par, provided that for each share of said 8% cumul. prior preference stock issued at least one share of outstanding pref. stock shall be purchased, or acquired, by the company, so that at no time shall there be issued and outstanding more than a total of 100,000 shares in the aggregate of both classes of 8% cumul. prior preference stock and pref. stock.

STOCK.—In Sept. 1922 amendments to certificate of incorporation provided for creation of a new class of 7% Cumul. Pref. stock, of which $77,000,000 was authorized and issuable for following purposes and in following amounts so long as required for such purposes:

(1) $44,500,000 in exchange for existing 8% Cumul. Conv. Pref. stock;
(2) $15,000,000 in exchange for existing 7% Non-Cumul. Pref. stock;
(3) $12,500,000 in payment for the Lackawanna properties; and
(4) $15,000,000 for sale.

At the same time the holders of the existing 8% Cumul. Conv. Pref. stock were given the right, after Jan. 1 1923, and until termination by the board of directors to exchange such stock for new 7% Cumul. Pref. stock. The basis of said exchange until changed by the board of directors will be $115, par value, of 7% Cumul. Pref. stock for each share of 8% Cum. Conv. Pref. stock.

At the same time the holders of the 7% Non-Cumul. Pref. stock were given the right to exchange such stock after Oct. 1 1922 and prior to Jan. 1 1923, subject to extension by the board, for new 7% cum. pref. stock on the basis of share for share. The 7% non-cum. pref. stock has been retired, substantially all of it having been exchanged.

The certificate of incorporation of the corporation as last amended Sept. 1922, provided that after 80% of the 7% Non-Cumul. Pref. stock shall have been exchanged for Cumul. Pursuant to such provision, on April 4 1923 the Class B common stock became in all respects the same as the common stock and ceased to exist as a separate class of stock.

CADDO CENTRAL OIL AND REFINING CORPORATION.—ORGANIZATION.—Incorp. in New York State May 2 1919.

The new refinery at Cedar Grove, having a daily capacity of 5,000 barrels was completed in 1920 and is in operation. The operation of the small Shreveport refinery was discontinued on completion of the new refinery. This leaves the company with two refineries at Cedar Grove, having a combined daily refining capacity of 8,000 barrels.

Its holdings in the oil fields comprise: (a) 30 400 acres in fee in Bossier Parish, La.; (b) 2,200 acres in fee in Caddo Parish, La.; (c) approximately 6,000 acres under lease distributed over North Louisiana in Caddo, Homer, Red Rover, DeSoto, Little River, Webster and Bienville parishes and in Texas and Arkansas.

Digest of Proposed Reorganization Plan.

The bondholders protective committee for the Caddo Oil & Refining Co. of La., Inc., 1st Mtge. 6% gold bonds, due 1927, and the Caddo Central Oil & Refining Corp. 1st Consol. Mtge. 6% bonds, due 1930 (interest on both issues being in default since Jan. 1924) propose the foreclosure of the foregoing mortgages and the reorganization of the properties under a new company.

Capitalization of New Company.

(a) $500,000 Mortgage bonds. These bonds will be secured by a first mortgage upon the entire property of the new company, subject only to the lien to secure outstanding Tank Car certificates. The amount of bonds may be increased to $800,000 to retire these Tank Car certificates, in which case the bonds will be secured by a first mortgage on the entire property, including the cars. The maturity, interest rate, sinking fund and other provisions of the bonds will be determined by the committee and incorporated in the final plan to be submitted.

(b) $2,602,935 6% Cum. Pref. stock to be issued in exchange for the present bonds on the following basis: $1,301,955 for $1,496,500 Caddo Oil & Refining Co. of La., Inc., bonds now outstanding: $1,300,908 for $4,336,600 Caddo Central Oil & Refining Corp. bonds now outstanding.

(c) 200,000 shares no par value Common stock to be issued as follows: (1) 14,965 shares to Caddo Oil & Refining Co. of La., Inc., bondholders: (2) 86,732 shares to Caddo Central Oil & Refining Corp. bondholders. Additional shares, the amount not yet determined, to be given to the purchasers of the new bonds, and if an offer is made to the present stockholders additional shares will be available for issue to them. Any of said 200,000 shares of Common stock not issued for these purposes will remain unissued in the treasury.

Under the above plan each holder of a $1,000 Caddo Oil & Refining Co. of La., Inc., bond will receive: (a) $870 Preferred stock and (b) 10 shares no par value Common stock. Each holder of a $1,000 Caddo Central Oil & Refining Corp. bond will receive (a) $300 Preferred stock and (b) 20 shares no par value Common stock.

Committee has not yet reached a definite conclusion on the question whether a proposition shall be made to the stockholders of the company to join in the reorganization, but, if any such offer is made, it will require the stockholders to provide a portion of the new money.

BONDS, &c.—The $25,000,000 10-year 7% debentures (offered in Jan 1920 at 100 & int.) are convertible at any time into common stock at $45.8823 per share. Redeemable on 60 days' notice at 107½ during the first 5 years, 105 during the sixth year, 104 during the seventh year, 103 during the eighth year, 102 during the ninth year, and 101 thereafter. No mortgage may be created while any of these debentures are outstanding except purchase money mortgages. V. 109, p. 2174; V. 110, p. 363.

In Sept. 1921 the company announced that it had arranged with a group of bankers to secure at once a loan of $10,000,000 under an arrangement which required the subordination of the $25,000,000 7% Convertible Debentures to the new money for the period of the loan and of any renewals, substitutions or refundings thereof. As a consideration therefor, the company offered to increase the rate of interest on assenting debentures from 7 to 8% per annum from July 1 1921 to the maturity of the debentures. The plan was declared operative on Oct. 31 1921. On Sept. 29 1923 it was announced that the loan had been paid off and the subordination of the 8% debentures had been terminated. The 8% debentures therefore now enjoy the same position in point of security as the 7% debentures, but they will continue until maturity (Jan. 1 1930) to bear interest at the rate of 8% per ann. instead of 7%. V. 113, p. 1475, 1986; V. 115, p. 2682; V. 117, p. 1560.

The Eastern Cuba Sugar Corp. 7½% mortgage bonds are guaranteed prin. and int., by Cuba Cane Sugar Corp. and are convertible for the life of the bonds into Cuba Cane Sugar Corp. common stock at $20 per share. Sinking fund will reture annually for five years, beginning in 1925 3% and thereafter annually 5% of the maximum amount of bonds at any one time outstanding; redeemable at any time after one year, all or part, on 60 days' notice at a premium of 7½% if redeemed on or before Sept. 1 1924; if redeemed thereafter and on or before Sept. 1 1934, the premium shall decrease ½ of 1% for each year or fraction thereof elapsed from Sept. 1 1924 to date of redemption; if redeemed after Sept. 1 1934 the premium shall decrease 1% for each year or fraction thereof elapsed from Sept. 1 1934 to date of redemption. GALENA-SIGNAL OIL CO.—ORGANIZATION, &C.—Incorp. in Penn. in 1901. Deals in railroad lubricating and signal oils. Formerly controlled by Standard Oil Co. of N. J. but segregated in 1911.

In 1918 arranged to acquire control, subject to $2,800,000 6% bonds, of important interests in the Humble, Tex., oil field, including 42 wells (daily capacity, 3,000 bbls.), with 24-mile pipe line, and remaining 50% of the $1,500,000 stock of the Petroleum Refining Co. (name changed to Galena Signal Oil of Texas), owning refinery at Houston. V. 106, p. 1233 V. 110, p. 968.

In connection with these acquisitions the shareholders voted May 21 1919 to increase the authorized common stock from $12,000,000 to $20,000,000 and on creating $8,000,000 of 8% cumulative preferred (a. & d.) stock (callable at 115 and divs.), ranking as to assets and dividends ahead of all other stock except present $2,000,000 8% cum. pref. stock. Par of all $100.

The plan involved (1) the issuing of $2,000,000 of such new pref. stock and $4,000,000 of the increased common stock, in part payment for aforesaid acquisitions; while (2) $4,000,000 of such new pref. stock was offered for subscription to all stockholders of record June 29 1919 at par. V. 107, p. 85.

It was the intention of the board that the remaining $4,000,000 of new common stock and $2,000,000 of new pref. stock should for the present remain in the Treasury, unissued. V. 106, p. 1233, 2563; V. 110, p. 968.

"American Republics Corporation Co.," &c., see V. 109, p. 1181, 1275. Government suit, V. 118, p. 3161.

Stock—Debentures.—The stockholders in May 1920 approved the plan to increase the common stock from $20,000,000 to $22,000,000 (par $100) and to issue $6,000,000 7% convertible debenture bonds, convertible into common stock, par for par. Stockholders were given the right to subscribe to the debentures at the rate of $100 in principal sum thereof for every 3 2-3 shares held at $93 04 for each $100 of debentures. Debentures are redeemable at 110 during 1920, at 109 during 1921, the premium decreasing 1% each subsequent year until maturity. Convertible into common stock at rate of $100 in par value of stock for each $100 in principal of debenture bonds. Compare V. 111, p. 696.

SUB. CO.—BONDS.—A new company with title "Petroleum Refining Co. of Texas" (in 1919 name changed to Galena Signal Oil Co. of Texas) took over the properties acquired in Texas and operates the same as a separate organization. This new company issued $6,000,000 capital stock (increased to $7,500,000 in 1920) all owned by the Galena Signal Oil Co.; also $3,800,000 6% bonds dated July 1 1918, $1,000,000 of which are in the treasury.

GENERAL ELECTRIC CO. (ALLGEMEINE ELEKTRICITATS GESELLSCHAFT), GERMANY.—Company was originally incorporated in 1883 under the name of the German Edison Co. to exploit the Thomas A. Edison patents for incandescent lamps. In 1887 its corporate name was changed to "Allgemeine Elektricitats Gesellschaft," since known the world over as the "AEG." For many years AEG has enjoyed a co-operative relationship with the General Electric Co. (America) under a contract which provides for the exchange and mutual use of patents, technical knowledge and experience.

AEG manufactures all forms of electrical apparatus from the largest turbo-generator set to a flashlight bulb.

STOCK.—Outstanding, common, $28,560,000; preferred, $4,165,000; preferred "B," $4,462,500.

DEBENTURES.—The National City Co., New York, in Jan. 1925 sold at 93¾ and int. $10,000,000 20-year sinking fund 7% gold debentures. Dated Jan. 15 1925, due Jan. 15 1945. Int. payable J. & J. Denom. $1,000 and $500 c*. Principal, interest and sinking fund payable in N. Y. City in U. S. gold coin of the present standard of weight and fineness, at National City Bank, New York, trustee, without deduction for any past, present or future taxes or duties levied by or within the German Reich. Red. at 105, on 30 days' notice, either as a whole, on any interest date after July 15 1929, or by lot, through the operation of the sinking fund, on any interest date after Jan. 15 1930.

Sinking Fund.—As a sinking fund for the redemption of the debentures, the company agrees to pay over to the trustee the sum of $360,150 on or before June 1 1930, and the sum of $349,650 on or before each succeeding Dec. 1 and June 1, so long as any of the debentures remain outstanding. The sums so received shall be applied by the trustee, on the respective interest dates next following the receipt thereof, to the redemption by lot, at 105, of $343,000 of debentures on July 15 1930, and $333,000 principal amount thereof on each subsequent interest date. The trust agreement will provide that any debentures which shall not have been redeemed by the sinking fund or otherwise retired prior to maturity on Jan. 15 194 will be paid on that date at 105.

Security.—Debentures will be the direct credit obligations of the company which will covenant in the trust agreement securing the debentures, that so long as any of the debentures remain outstanding and unpaid, the company will not execute any mortgage upon or make any pledge of any part of its properties and assets either real or personal, unless such mortgage or agreement of pledge shall provide for the security of these debentures either equally and ratably with the bonds, notes or other obligations or liabilities, of whatsoever character, which are to be secured by such mortgage or pledge, or, at the option of the company, in priority thereto.

Except for the charge or lien in favor of the so-called "Dawes debentures," the capital amount of which has now been fixed at the equivalent of $7,732,620, the only outstanding liens on any of the company's properties are small mortgages to the extent of only $95,282. Company will also covenant in the trust agreement not to take advantage of the provision of the German law, under which the "Dawes debentures" have been created, to register an owner's mortgage in its own name to the extent that it may at any time have redeemed or repaid such debentures.

The trust agreement will further provide that the company will not pay any cash dividends on its capital stock subsequent to Sept. 30 1924 except out of net earnings.

EARNINGS.—For the five years ending June 30 1914 the net earnings available for dividends after deducting all interest, tax and depreciation charges, were as follows:

1910.	1911.	1912.	1913.	1914.
$4,385,204	$5,269,493	$5,804,014	$6,879,267	$4,496,448

During the year ended Sept. 30 1924 the books of the company have again been put on a gold basis and the company reports net earnings, after deducting all interest and tax charges (except income taxes which are a charge against earnings after interest) but before deducting depreciation—equal to $3,201,107, and net earnings, available for dividends, after all charges, of $1,719,143.

Managers Securities Co.—Pres. Alfred P. Sloan, Jr., on Oct. 29 1923 announced that the directors had worked out a plan under which about 70% of the principal executives of General Motors will be given an opportunity to acquire a substantial stock interest in the corporation. The plan is briefly summarized as follows:

(1) General Motors Corp. will cause the Managers Securities Co. to be organized in Delaware with a capital of $28,800,000 of 7% cumul. non-voting con. pref. stock, $4,000,000 Class A stock and $1,000,000 Class B stock.

(2) General Motors Corp. will subscribe for all of the Class A and Class B stock, paying therefor $5,000,000 in cash, and will enter into a contract with the Managers Securities Co. agreeing to pay to it for each year from 1923 to 1930, both inclusive, 5% of its net earnings in excess of 7% on the capital employed. On Jan. 1 of each year it will advance $2,000,000 to the Managers Securities Co. on account of amount due under this contract, or as a loan, or both, as more fully recited in the plan.

(3) The Managers Securities Co. will offer to purchase as of Oct. 15 1923, the equivalent of 2,250,000 shares of General Motors Corp. com. stock at $15 per share, aggregating a total purchase price of $33,750,000, payable $4,950,000 in cash and $28,800,000 in its 7% cumul. non-voting conv. pref. stock; this is at the rate of $2 20 in cash and $12 80 in 7% pref. stock for each share of General Motors Corp. common stock purchased.

(4) A special committee of the directors will select a list of managers (including directors who are occupying managerial positions) to whom the General Motors Corp. will sell at cost the Class A and Class B stocks of the Managers Securities Co. theretofore purchased. Sales so made to these managers will be secured by an agreement under which the General Motors Corp. shall have the right to repurchase said stock under the terms and conditions recited in the plan.

Each common stockholder is given the right to supply common stock for the purposes of this plan up to 10% of his total common stock holdings, to be paid for at the rate of $2 20 in cash and $12 80 in 7% cumul. non-voting conv. pref. stock of the Managers Securities Co. for each share of General Motors Corp. common stock supplied.

(For further details of plan, compare V. 117, p. 1998.)

CONTROL.—On Dec. 31 1924 E. I. du Pont de Nemours & Co. owned $55,589,106 stock of the General Motors Securities Co. (formerly Du Pont Amer. Industries, Inc.), representing 70% interest in 1,875,000 shares of General Motors Corp. common stock; also owned $25,791 200 preferred stock of Managers Securities Co. V. 120, p. 697.

CAPITAL STOCK.—The stockholders on June 16 1924 adopted the charter amendments proposed by the directors for the purpose of simplifying the capital structure of the corporation.

These amendments provided for the consolidation of the three issues of senior securities into one issue of 7% pref. stock, which will constitute a prior preference on the entire assets after debts of the corporation.

Holders of the outstanding 6% pref. stock and 6% debenture stock were accorded the right, upon payment of $10 per share, to exchange their shares for a like number of shares of the new 7% pref. stock, exchanges to be made on or before Dec. 31 1924.

Holders of the outstanding 7% debenture stock were notified to send in their 7% debenture certificates to the stock transfer office of the corporation for exchange into 7% pref. certificates, which were to be ready for delivery on July 1 1924.

The charter amendments also provided for the exchange of the outstanding common shares for new common shares on the basis of one new common share for each 4 shares of common stock outstanding, thus reducing the 20,646,400 common shares outstanding to 5,161,599 shares.

DIVIDENDS.—On com., in 1917, Feb., 1%; May 1917 to Feb. 1920, 3% each quar. (12% p. a.). The last-mentioned amount of stock was held by J. S. Bache & Co. in escrow pending the liquidation and discharge of certain liabilities of Aetna Explos. Co., but on Sept. 6 1922 the escrow receipts were exchanged for certificates of preferred stock. V. 112, p. 263; V. 115, p. 1215.

HOUSTON OIL CO. OF TEXAS.—Incorp. July 5 1901 in Texas. Owns the oil and gas rights on over 800,000 acres of land in Texas and Louisiana. The fee simple of the lands, together with all mineral rights thereon other than oil and gas was sold in 1915 to the Southwestern Settlement & Development Co. (not incorporated).

The stockholders in Nov. 1916 ratified the acquisition by the Federal Petroleum Co. and the Republic Production Co. of an undivided half-interest in the mineral rights retained by the company and also in those sold to the Southwestern Settlement & Development Co. The Federal Petroleum Co. and the Republic Production Co. assumed the management and control of the company's oil development of the lands involved in Dec. 1916 under this agreement.

In 1901 the Houston Oil Co. contracted to sell to the Kirby Lumber Co. about 8,000,000,000 feet of standing yellow pine timber of 12 inches and upwards to be paid for semi-annually at $5 per 1,000 feet. Under an agreement effected in July 1908, the amount of timber to be cut under this contract was reduced to 6,400,000,000 feet, the minimum semi-annual payments to be five-eighths of amount specified in original contract

The stockholders on May 12 1921 approved the terms of the adjustment of the company's claims against the Kirby Lumber Co., under which the Houston Oil Co. receives in settlement $3,000,000 in 7% notes, payable semi-annually in installments of $150,000 and secured by a lien on the Kirby Lumber Co.'s timber. Compare V. 112, p. 1982.

The company in April 1925 issued $7,000,000 10-year sinking fund 6½% gold notes, the proceeds to provide the Houston Pipe Line Co. (all of whose securities are owned by the Houston Oil Co. and pledged with the trustee to secure this issue) with funds for the construction of a 200-mile pipe line from the company's recently developed gas field in Live Oak County, Texas, to Houston, Texas, and intermediate points.

There will be deposited with the trustee for the benefit of these notes all the bonds and stocks of the Houston Pipe Line Co., including $7,000,000 6½% bonds, which will constitute a first mortgage on the entire 201 miles of proposed pipe line.

Sinking fund to be applied to redemption of this issue by purchase in the open market, and if not obtainable, to redemption by lot. It is estimated there should be available for the sinking fund not less than $700,000 annually from date of completion of the pipe line. V. 120, p. 1754.

Readjustment Plan.—The stockholders on Oct. 3 1923 approved a plan for the readjustment of the debt and capitalization of the corporation. The plan in brief provided as follows:

The capital stock was reclassified so as to consist of $10,000,000 of prior preference cumulative 7% preferred stock and 450,000 shares of common stock, of no par value.

Holders of the old preferred stock received 1¼ shares of new common stock of no par value for each share of preferred stock held, in lieu of the share so held, and of the accumulated dividends thereon. Holders of common stock received one share of new stock of no par value for each six shares of old common stock.

A new issue of $10,000,000 of prior preference stock was underwritten at 90, carrying with it for each share of prior preference stock so underwritten 2¼ shares of the new non-par value common stock. This prior preference stock, together with the accompanying common stock, was offered pro rata to the stockholders on identically the same terms as the banks had underwritten it.

Accordingly, rights were issued to the old preferred stockholders, entitling each preferred stockholder to subscribe for his proportionate share of the $10,000,000 prior preference stock, together with the 245,000 shares of common stock.

Under the plan the maturity of the bonds was extended from May 1 1932 to May 1 1942; the annual sinking fund payments postponed until May 1 1929, unless a dividend is paid on common stock (see V. 117, p. 1241), and the mortgage closed at $10,000,000, leaving in the treasury of the company $1,771,700 of bonds available for future corporate purposes. (Compare V. 117, p. 1241, 1669, 1783.)

INTERNATIONAL HARVESTER CO.—Originally incorporated in N. J. on Aug. 12 1902 and acquired five concerns manufacturing agricultural machines: Deering Harvester Co., McCormick Harvesting Machine Co., &c. Also has timber lands, coal, ore, blast furnace and steel properties. See full description of plants, organization, &c., in Oct. 1918, V. 107, p. 1574, 1575; V. 108, p. 2038; V. 85, p. 104. Canadian Co., V. 108, p. 385. In 1919 acquired Chattanooga Plow Co. and Parlin & Orendorff Co. of Canton, Ill. V. 108, p. 2437. In June 1920 acquired the Richmond (Ind.) plant of the American Seeding Machine Co., V. 110, p. 2662. The International Harvester Co. of Argentina (a subsidiary) was incorporated in Delaware Sept. 29 1924 with a stated capital of $5,000,000.

Plants are located at Chicago, Ill.; Milwaukee, Wis.; Akron, Ohio; Auburn N. Y.; Chattanooga, Tenn.; Ft. Wayne, Ind.; Canton, Ill.; New Orleans, La.; Richmond, Ind.; Rock Falls, Ill.; Springfield, O.; Chatham, Ont.; Hamilton, Ont.; Croix, France; Neuss, Germany, and Norrkoping, Sweden. Manufactures binders, reapers, harvester threshers, mowers, rakes, hay stackers, corn machines, ensilage cutters, potato diggers, culti-packers, engines, cream separators, tractors, commercial cars, motor trucks, tillage implements, plows, cane mills, evaporators and kettles, listers, beet pullers, cultivators, corn planters, seeding machines, &c.

The U. S. Govt. through Attorney-General Daugherty on July 17 1923 filed a petition in the Federal District Court at St. Paul, Minn., demanding that the International Harvester Co. be separated into three independent corporations, with different stockholders, owners and officials, as suggested by the Federal Trade Commission in its report to the U. S. Senate in 1920 (V. 111, p. 1088).

The action was taken, the Att'y-Gen. stated in his petition, because the original decree dissolving the Harvester company which was entered Nov. 2 1918 (V. 107, p. 608, 699) was inadequate to achieve its purpose, viz. "To restore competitive conditions in the United States in the inter-State business in harvesting machines and other agricultural implements."

The Att'y-Gen. asks the Court to decree that the company is "still a combination in restraint of inter-State trade and commerce, and still is monopolizing and attempting to monopolize said trade and commerce in violation of the Sherman Anti-Trust Law, and contrary to several opinions, orders and decrees of this Court." Compare V. 117, p. 282, 1561; V. 118, p. 1672; V. 119, p. 1741.

The Government on Oct. 23 1924 filed in the Federal Court at St. Paul a brief in the foregoing proceedings asking that the consent decree of 1918 be reversed or "effective dissolution" ordered. Compare V. 119, p. 1962.

Holding that the decision of 1918, divesting the company of three of its manufacturing lines, had proved effective, a special Federal Court of Equity at St. Paul, Minn., May 19 1925, denied the Government's petition for supplemental provisions to that decree. The Government, it is stated, will appeal from the decision. Compare V. 120, p. 2689.

STOCK.—Rights of stock, see application to list. V. 107, p. 1574.

The stockholders on July 29 1920 ratified the proposal increasing the authorized Pref. stock from $60,000,000 to $100,000,000 and the Common stock from $80,000,000 to $130,000,000. The plan provided: (a) that $20,000,000 of the new Common and $40,000,000 of the Pref. stock be set aside for employees under the stock ownership and profit-sharing plan; (b) that $10,000,000 of the new Common will be used for the payment of 12½% stock dividend on the Common and (c) the balance, $20,000,000, will be available for the payment of 2% semi-annual stock dividends on the Common stock, the same to be declared on the first days of Jan. and July of each year if the directors so decide. V 111, p. 498, 697.

DIVIDENDS.—Regular dividends at rate of 7% per annum were paid on the pref. stocks of the International Harvester Co. of N. J and Int. Harvester Corp. Dividends at rate of 5% per annum were paid on Inter. Harvester Co. of N. J. common stock from 1913 to 1916; 7% in 1917 (5% and 2% extra) and two dividends of 1¼% each were paid on April 15 and July 15 1918, respectively. No dividends had been paid on the common stock of the Inter. Harvester Corp. since July 15 1914 owing to European war.

The consolidated company paid its initial dividend on common stock 1¼% Oct. 25 1918; Jan. 1919 to April 1920, 1½% quar.; July 1920, 1¾%; Sept. 1920, 12½% in com. stock; Oct. 1920, 1¾%; Jan. 1921, 1¾% and 2% in com. stock; April 1921, 1¾%; July 1921, 1¾% in cash and 2% in stock (V. 112, p. 2418); Oct. 1921, 1¾%; Jan. 1922, 1¾% in cash and 2% in common stock; Apr. 1922, 1¾%; July 1922, 1¾% in cash and 2% in common stock; Oct. 1922, 1¾%; Jan. 1923, 1¾% in cash and 2% in common stock; April 1923 to July 1925 paid 1¾% quar. in cash.

On June 30 1924 the company's fleet comprised 110 ships, having a gross tonnage of 1,171,055 tons.

In Oct. 1916 the company's financial position having been vastly improved owing to the war, a reorganization was effected without foreclosure per plan in V. 103, p. 582, 668, 1214, 1985, the funded debt of the International Co. being reduced by $30,729,000 and its direct interest charges from $3,248,330 as of Dec. 31 1914 to $2,369,820. V. 105, p. 387. The plan left entirely undisturbed the existing common and preferred stock. V. 103, p. 1214. The American International Corp. (V. 103, p. 2338; V. 106, p. 90) in 1916-17 acquired a considerable amount of the capital stock.

INTERNATIONAL PAPER CO.—Company, organized in 1898, is the largest manufacturer of paper in the world.

The stockholders on March 24 1925 ratified a contract between the company and *Canadian International Paper, Ltd.*, which provided among other things for the acquisition by the company of all or substantially all of the capital stock and other securities of Canadian International Paper, Ltd., and the issue and exchange therefor of $5,000,000 of Com. stock, $5,370,000 of Cumul. 7% Pref. stock, and not less than $6,912,250 of new 6% 30-Year Sinking Fund Gold bonds of the company and the further payment of a large sum in cash.

Through the acquisition of the securities of the Canadian International Paper, Ltd., the company acquired indirectly all, or substantially all, of the properties formerly owned by the Riordon Co., Ltd., of Canada, purchased at a foreclosure and liquidation sale of the properties of the Riordon Co., Ltd., held in Montreal, Canada, on Sept. 8 1924, by the committee representing holders of 20-Year Sinking Fund 1st Mtge. & Ref. Gold bonds of the Riordon Co., Ltd., and by the committee representing holders of 10-Year 6% Gen. Mtge. Sinking Fund Gold bonds of the Riordon Pulp & Paper Co., Ltd.

Company also controls Continental Paper & Bag Mills Corp., manufacturer of wrapping and bag papers and a producer of paper bags and specialties.

Mill Properties.—Company and wholly owned subsidiaries will own 24 paper and pulp mills located in Maine, New Hampshire, Vermont, Massachusetts, New York and the Provinces of Quebec and Ontario, Can. These mills have a daily capacity of 1,800 tons of various classes of paper, which is being increased to approximately 2,000 tons.

The most important plant is the Three Rivers (Que.) mill, which has a daily capacity of 320 tons of newsprint. This mill was completed in 1922 and is being enlarged so that by the end of 1925 it will have a capacity of 500 tons per day. The Kipawa mill, a bleached sulphite plant formerly owned by Riordon Co., Ltd., is located in the Province of Quebec.

Including the above mills International Paper Co. and wholly owned subsidiaries will own and operate 5 ground wood mills for the manufacture of mechanical pulp, 7 combination ground wood and paper mills, 7 combination ground wood, sulphite pulp and paper mills, one paper mill, one mill for the manufacture of kraft or sulphate pulp, one combination paper and soda pulp mill and two bleached sulphite mills.

Timber Limits & Water Powers.—Company and wholly owned subsidiaries will own in fee 1,604,000 acres of timber lands, stumpage rights covering 55,000 acres and Canadian Crown timber limit leases covering an additional 9,069,000 acres. The pulp wood on lands owned in fee is estimated to be in excess of 6,000,000 cords, while that on lands held under Canadian Crown leases is estimated to exceed 28,000,000 cords.

Company with its wholly owned subsidiaries is also among the largest holders of developed and undeveloped water powers on the Continent. The developed water power sites have an installed capacity of 180,000 h.p., capable of being increased through further development and through the utilization of undeveloped sites to over 600,000 h.p. on a hydro-electric basis. Most of the company's mills are located adjacent to and utilize the output of the developed water powers and in addition certain powers have been electrically developed and their output is sold to public utility companies.

The *International Hydro-Electric Corp.*, a subsidiary, has been incorporated for the purpose of segregating the company's properties from the manufacturing end of the business.—V. 120, p. 2689.

STOCK.—The stockholders on March 24 1925 voted to increase the amount of capital stock of the company and to reclassify its shares so that the total number of shares authorized will be 1,250,000 shares (par $100 each) consisting of 500,000 shares of Common stock, 250,000 shares of 6% Pref. stock, and 500,000 shares of Cumul. 7% Pref. stock.

KRUPP (FRIED.), LTD. (FRIED. KRUPP AKTIENGESELLSCHAFT), ESSEN, GERMANY.—HISTORY AND BUSINESS.—Fried. Krupp Aktiengesellschaft (Fried. Krupp, Ltd.) was organized in 1903 to continue the industrial enterprises theretofore conducted for nearly 100 years under the firm name of Fried. Krupp.

Company is one of the largest coal-producers in Germany and its production of coal is more than sufficient for its own requirements. The mines controlled and worked are equipped with coking plants for the recuperation of by-products. Under the allotment of the "Ruhrkohle" (Federation of Ruhr Coal Mine Owners), the company's coal production is placed at 9,500,000 tons a year. In addition to its control of fuel, the company also controls and works important deposits of high-grade iron ore.

The blast furnace plants, comprising 10 furnaces at Rheinhausen on the lower Rhine and 7 on the middle Rhine, have a total daily output capacity of between five and six thousand tons. The steel plants are equipped mainly with open-hearth furnaces with capacities of up to 80 tons, in addition to converters and electric and crucible shops. Their total yearly steel output capacity is 2,200,000 tons.

The main plants for casting, forging, rolling and finishing are located at Essen and Rheinhausen.

The company's activities cover virtually every important steel and iron product in its various phases of manufacture. Among the products the following may be specified: Structural steel (construction of bridges and steel structures of any dimensions), rails, locomotives of all sizes and kinds, rolling stock, ship building material, forging and steel castings of largest sizes, Diesel engines, motors and motor trucks, excavators, machinery for the textile and paper industries, agricultural machinery and implements, cash registers and many other kinds of machinery and apparatus. The works own facilities for transport as well by river and canal as by rail, there being besides for the circulation within the works a well-developed network of lines with corresponding rolling stock. The company also owns about 140 miles of railroad, 91 locomotives and 3,780 cars. For inland water and oversea transport, the company has its own shipping department.

NOTES.—In Dec. 1924 Goldman, Sachs & Co., Kleinwort Sons & Co. (London), Lehman Brothers, White, Weld & Co., Hallgarten & Co., Halsey, Stuart & Co., Inc., and J. & W. Seligman & Co. sold at 99¼ and int. $10,000,000 7% 5-year merchandise secured gold dollar notes.

Description of Notes.—Dated Dec. 15 1924, due Dec. 15 1929. Notes will be the direct obligations of Fried. Krupp, Ltd. The notes will be in bearer form in denom. of $1,000 and $500 and will bear int. payable J. & D. at the rate of 7% per annum, such interest to be represented by coupons. Principal and int., and premium, if any, will be payable at the New York office of Goldman, Sachs & Co., fiscal agents for the loan, in U. S. gold coin of the present standard of weight and fineness. Company covenants that net interest receivable from it by the holders of these notes shall not fall below 7% per annum, and that net payments by way of principal and sinking fund shall not fall below the amounts specified, by reason of any German taxes, present or future, which the company may be required or permitted to deduct or withhold. The notes will be issued pursuant to the terms of an agreement with the National Bank of Commerce in New York, defining the obligations of the company, and an agreement with the Dresdner Bank, Germany, as trustee of pledged assets.

The company will covenant to retire $750,000 of notes on or before Dec. 15 in each of the years 1925 to 1928, incl. To the extent that the company shall not purchase such notes at not to exceed 102 and int., notes will be called for redemption at 102 and int., all as provided in the trust agreements. Except as redeemed for this purpose, the notes may be redeemed only as a whole on any interest date at 102 and int. and on three months' prior notice. Notes not retired nor redeemed as above are payable at par on Dec. 15 1929.

Security.—The notes will be secured by a direct and exclusive first charge upon merchandise and raw material in salable form of a value at cost or market, whichever is lower, of at least 150% of the amount of the outstanding notes, all as defined in the trust agreements pursuant to which the notes are issued. Company will covenant to maintain at all times this ratio between the pledged security and the amount of outstanding notes. The pledge of assets to secure the notes will be made in favor of the Dresdner Bank, as trustee of pledged assets.

Relation to "Dawes Plan."—The obligations of the company with respect to the payment of reparation ("Dawes Plan") will take the form of a requirement that the company pay annually an amount not exceeding 6% upon a capital sum which has not yet been definitely determined but which in all probability will not exceed 30,000,000 gold marks, or about $7,200,000. No payment whatever is required for the first year ending Aug. 31 1925. For the second year the rate is 2½%; for the third year, 5%. For the fourth year, it attains 6% whereof 1% is as amortization of principal. As there is no provision for accelerating the maturity of the capital sum, the average annual payment required of the company for account of reparation during the life of these notes would thus not exceed $306,000. The burden of the company's liability for reparation will, furthermore, be considerably reduced, as, under a special German law, part of the annual payments in respect of industrial reparation bonds will be refunded to the obligors of such bonds by branches of German industry, banking and commerce which under the "Dawes Plan" do not themselves assume a direct responsibility for reparation payments. The liability of the company for reparation will be secured by a charge in the nature of a first mortgage upon the fixed assets of the company, but such charge does not extend to assets of the character to be pledged as security for these notes.

Neither German law nor any international engagements assumed by the German Government involve any restrictions upon the acquisition by the company of the foreign exchange requisite to permit the company to meet the external obligations evidenced by these notes.—(V. 120, p. 92.)

MAXWELL MOTOR CORPORATION.—ORGANIZATION.—Incorp. May 7 1921 in West Virginia as a reorganization and merger of Maxwell Motor Co., Inc., and Chalmers Motor Corp. Manufactures the Maxwell, Chalmers and Chrysler cars.

In Nov. 1919 a readjustment of capitalization and a merger with the Chalmers Motor Corp. was proposed. Committees representing (1) the merchandise and (2) the banking creditors of the Maxwell Co. and (3) the stockholders of the Maxwell and the Chalmers companies agreed upon a plan and agreement of reorganization bearing date Sept. 1 1920 (V. 111, p. 1375). This plan succeeded the plan of Aug. 30 1919, which was abandoned. V. 109, p. 985, 978, 985, 1700. The plan was declared operative in Jan. 1921. V. 112, p. 263.

New Company—Plan Dated April 15 1925.

With the approval of the directors and the holders of large amounts of Class "A" and of Class "B" stock a plan has been formulated which provides for the creation of a new company to be called the "*Chrysler Corp.*," which shall acquire the properties of the Maxwell Motor Corp. The new company shall issue: (1) Cum. pref. stock entitled to pref. divs. at the rate of $8 per share per annum from Jan. 1 1925. The shares are to be callable at 115, and a sinking fund of not less than 10% of the amount of divs. paid on the common shares is to be created to provide for the retirement of the pref. stock. (2) Common shares of no par value.

Class A shares of Maxwell Motor Corp. will be exchangeable, share for share, for the cum. pref. stock of the Chrysler Corp., and in addition will receive one share of common stock of the Chrysler Corp. for every 10 shares of Class A stock of the Maxwell Corp. so exchanged.

Class B shares of Maxwell Motor Corp. will be exchangeable, share for share, for common stock of the Chrysler Corp.

The new common shares required for delivery to Class A stockholders will not require an issue of common shares of the Chrysler Corp. in excess of the number of Class B shares of the Maxwell Motor Corp. outstanding, as arrangements have been made for the retirement of an equivalent number of Class B shares of the Maxwell Corp. in case the stockholders shall carry through the suggested plan.

At the request of the directors the following have consented to act as a committee under the plan and agreement dated April 15 1925: George W. Davison, Chairman; C. A. Boody, Leo M. Butzel, with Charles J. Farrell, Sec., 80 Broadway, N. Y. City. Depositary, Central Union Trust Co., New York.

STOCK—*Class A (Preferred)*—Par value $100 a share. Pref. over Class B as to assets of $100 a share (in case of liquidation voluntary or involuntary) and as to non-cumulative dividends at rate of $8 per share per annum, with right to participate equally with the common stock, share for share, in any further dividends declared in any year after $8 per share has been paid in that year on both classes of stock. Also possessing equal voting rights with Class B stock, share for share. Total authorized, $27,500,000; outstanding in hands of public Dec. 31 1924, $23,937,300.

PHILADELPHIA AND READING COAL AND IRON CORP.—This company, incorp. in Delaware Dec. 20 1923, was formed in accordance with the final decree in the Govt. suit against the Reading Co. The latter sold to the new company all its right, title and interest in the capital stock of the Philadelphia & Reading Coal & Iron Co., subject to the lien of the general mortgage of Reading Co. and the Philadelphia & Reading Coal & Iron Co. (as modified by the final decree) for the sum of $5,600,000.

Philadelphia & Reading Coal & Iron Corp., pursuant to the final decree and the order modifying the final decree entered by the District Court on Dec. 4 1923, will issue from time to time 1,400,000 shares of stock without par value, being its entire authorized capital stock, to Wilmington Trust Co. of Wilmington, Del. (the trustee) as trustee under a trust agreement dated Dec. 28 1923 between Philadelphia & Reading Coal & Iron Corp., Reading Co., Newton H. Fairbanks and Joseph B. McCall as trustees, and Wilmington Trust Co. as trustee. The trustee will issue certificates of interest in said stock and each certificate of interest will entitle the registered owner thereof, or his assigns, upon surrender thereof accompanied by an affidavit in substantially the form required by the final decree (to the effect, in substance, that the applicant does not own any shares of the capital stock of Reading Co. and is acting in his own behalf in good faith) to receive a stock certificate for the number of shares of the capital stock without nominal or par value of Philadelphia & Reading Coal & Iron Corp. represented by such certificate of interest, together with all dividends (but without interest thereon) collected by the trustee in respect of said shares of stock after the date of such certificate of interest and prior to such exchange, and a dividend order or assignment for any dividends declared but not then payable in respect of said shares.

All the certificates of interest will be dated Jan. 2 1924, except as otherwise provided in the trust agreement in case of the declaration of dividends by Philadelphia & Reading Coal & Iron Corp. prior to the issue of all of its authorized 1,400,000 shares of capital stock.

Pending the exchange of certificates of interest for shares of stock, the trustee will deliver proxies for voting all the shares of stock held by it to Newton H. Fairbanks and Joseph B. McCall, individual trustees appointed by the District Court for the purpose, and will hold all dividends payable in respect of the shares of stock held by it until paid over to the owners of the respective certificates of interest upon exchange thereof for shares of stock as aforesaid. If at any time after July 1 1926 any of the certificates of interest shall remain outstanding, the final decree provides that the Court in its discretion, after a hearing upon such notice to holders of certificates of interest as it may direct, may order the shares of stock of Philadelphia & Reading Coal & Iron Corp. represented by said certificates of interest to be sold and the proceeds distributed to the registered owners of such certificates of interest.

The corporation during the year ended Dec. 31 1924 issued to Wilmington Trust Co., trustee, of the total of 1,400,000 of its no par shares, 595,862 shares in the manner provided in said decree. There was received in payment therefor $2,383,448. This amount was paid to Reading Co. on account of the purchase price of the capital stock of the Philadelphia & Reading Coal & Iron Co.

Advices from Wilmington Trust Co., trustee, state that during the year ended Dec. 31 1924, of the above 595,862 shares issued to it, 498,697 shares had been issued to holders of certificates of interest who had filed affidavits as required by the terms of the decree.

RIMA STEEL CORP.—(V. 120, p. 839).

ROYAL DUTCH CO.—ORGANIZATION.—Incorp. in The Hague Holland, in 1890, with a capital of 1,300,000 florins ($522,600). Through its subsidiaries it is now the largest international producer and distributor of mineral oil and its by-products of Europe. V. 107, p. 2243. **Started as a local enterprise of the Dutch East Indies. After 1900 developed rapidly. In 1902 entered the international field and in conjunction with the "Shell" Transport & Trading Co. of London (which see) and the de Rothschild (Paris) group, founded the Asiatic Petroleum Co. as a distributing concern. Subsequently absorbed the principal other oil producing enterprises in Dutch East Indies and amalgamated its interests with those of the "Shell," the combined assets of both being turned over to two new companies, viz., the "Bataafsche Petroleum Co. and the Anglo-Saxon Petroleum Co. The "Royal Dutch" holds 60% in these two concerns (the "Shell" 40%); also 12½% of the outstanding ordinary "Shell" shares. The two interests so combined have since then acquired exclusive or controlling interests in important oil fields in Rumania, Russia, Egypt, the United States (Oklahoma and California), Panama, Venezuela and Mexico.**

Company's shareholdings at Dec. 31 1923, V. 119, p. 453.

AMERICAN INTERESTS.—The combination owns a predominating interest in the Shell Co. of California. V. 109, p. 377. Also owns $2,247,000 Ordinary shares and $840,000 Preference shares of the Roxana Petroleum Corp. of Virginia and $179,760 Ordinary shares of the Ozark Pipe Line Corp. The "Roxana" owns fields in the well-known oil districts of Cushing, Healdton and Bartelsville. Also constructed a large refinery in St. Louis and one at New Orleans. At Martinez, on the Pacific Coast near San Francisco, a refinery capable of handling 25,000 bbls. a day and storage facilities at Martinez and on the fields for 4,250,000 bbls. have been established, as well as an 8-inch pipe line 170 miles long from the field to the refinery. In Mexico the allied companies, besides owning other valuable property, control the Mexican Eagle Oil Co., Ltd. Has also established large storage facilities and a refinery of exceptionally great capacity in Curacao, West Indies, in the immediate vicinity of the Panama Canal.

In Nov. 1921, a plan was formulated for the merger of the company's "American interests" with the Union Oil Co. of Dela., for details of which see statement of Shell Union Oil Corp. below.

The plan of reorganization is as follows:

Foreclose First Mortgage.—Foreclose the existing first mortgage upon all of the property of the corporation covered thereby, or, at the option of the reorganization committee, sell in the pending receivership proceedings all such property expressly subject to the existing first mortgage and have such property acquired by the reorganization committee.

Sell in the pending receivership proceedings or otherwise all the property in New York and elsewhere not covered by the first mortgage and have such property acquired by the reorganization committee.

Organize New Company.—Organize a new company in New York, with an authorized capital of 500,000 Common shares without par value. The name of new company will be Seneca Copper Mining Co.

The reorganization committee shall sell and convey the property acquired by it to the new company for approximately 350,000 Common no par shares, or so much thereof as may be required, subject to the existing first mortgage or to the new first mortgage.

New First Mortgage.—If the existing first mortgage be foreclosed, have the new company give a new first mortgage upon all its property, real and personal, situated in Michigan and upon all subsequently acquired property, and upon all stock of any subsidiary company so acquired by the new company to secure proposed bonds of the new company amounting to $1,500,000, payable Jan. 1 1935, with 7% interest from Jan. 1 1925, payable J. & J. SHERWIN-WILLIAMS CO. (THE).—(V. 120, p. 2023.)

SIEMENS & HALSKE (A. G.) SIEMENS SCHUCKERTWERKE (G. m. b. H.).—The business of the Siemens & Halske A. G. was founded, in 1847 by Werner von Siemens. The Siemens group covers the whole field of electrical manufacture, and is subdivided into several companies. The Siemens & Halske A. G. is the parent organization. Its scope of business includes the automatic and manual telephone, the telegraph, the signalling and electro-medical apparatus and all kinds of radio equipment. The principal associated company is the Siemens Schuckertwerke B.m.b.H., over 50% of whose stock is owned by Siemens & Halske A. G., the balance of the stock being owned by the closely allied Elektrizitaets Aktiengesellschaft, formerly Schuckert & Co. The Siemens Schuckertwerke G.m.b.H. manufactures all kinds of electrical machinery and appliances for lighting, power, traction and electro-chemical purposes, also wires and cables. The Siemens & Halske A. G. also owns 40% of the stock of the Osram Co., a German incandescent lamp factory, employing about 20,000 hands. The Siemens Schuckertwerke G.m.b.H. owns 67% of the stock of the Austrian Siemens Schuckertwerke A. G. with works at Vienna, at Pressburg and Mueglitz in Czechoslovakia, and at Budapest. There are a number of other subsidiary companies for the manufacture of electric carbons, porcelain, glass, paper and other material required for use in the companies' principal products.

The concern has outside of Germany and Austria 82 branch offices situated in most of the countries of the world. About 40% of its production is exported. The Siemens group consists of 26 factories situated at various points in Germany. The main plants are located at Siemensstadt, near Berlin, and in Nuremberg.

BONDS.—In Jan. 1925, Dillon, Read & Co., Marshall Field, Glore, Ward & Co., New York; Union Trust Co., Cleveland, and Central Trust Co. of Illinois, Chicago, sold $10,000,000 bonds as follows: $5,000,000 3-year 7% secured sinking fund gold bonds, due Jan. 1 1928, at 99 and int., to yield 7.37%; $5,000,000 10-year 7% secured sinking fund gold bonds, due Jan. 1 1935, at 96½ and int., minimum yield 7.64%. $1,500,000 of these bonds were purchased from the bankers by Mendelssohn & Co. and Pierson & Co., both of Amsterdam, Holland, for offering in that market.

Dated Jan. 1 1925. Interest payable J. & J. Coupon gold bonds in denoms. of $1,000 and $500, registerable as to principal. Principal, interest and sinking fund payable at the office of Dillon, Read & Co., New York, in U. S. gold coin of the present standard of weight and fineness, without deduction for any German taxes, present or future. Central Union Trust Co. of New York, trustee; Deutsche Kreditsicherung A. G., Berlin, German agent of trustee.

Security.—The bonds are a joint and several obligation of the two companies, the Siemens & Halske A. G. and the Siemens Schuckertwerke G.m.b.H.

These bonds will be secured by the actual ownership of salable merchandise, title to which will be held by a trustee under the provisions of the German law for the benefit of the bondholder. The method of taking title to the merchandise and of handling the security during the life of the bonds will be the same as that used by the Netherlands Government to its credit to German industry. In 1920 the Netherlands Government arranged to advance to German industry as a whole 140,000,000 guilders (about $56,000,000) for a period of ten years. The Netherlands Government insisted that these credits should be secured as much as possible and in such a way that the total amount of the credit should always be covered by merchandise having a current market value at all times substantially in excess of the amount borrowed. Under the German laws the actual ownership of the commodities passes to the trustee, who is in a position to dispose of them without reference to the company, if and when foreclosure of the mortgage is called for. The Netherlands Government thus has ownership through the medium of a trustee of quick assets in the form of salable merchandise the value of which exceeds at all times the amount of the credit granted.

For the purpose of handling these government credits there was organized in Germany the "Treuhandverwaltung Fuer das Deutsch-Niederlaendische Finanzabkommen" (Trustee Administration for the German-Dutch Finance Agreement) which passes on and grants the individual credits. For the purpose of handling the merchandise there was also organized by most prominent members of German industry the "Deutsche Kreditsicherumg A. G., Berlin" (German Securities Trustee Co., Berlin) having for its purpose the safeguarding of foreign financing for the lender. The trustee company has a thorough and elaborate system of segregating the commodities held as collateral security and permanently controls the maintenance of the necessary values. It also supervises the insurance of the merchandise and satisfies itself as to the adequacy thereof. The trustee thus safeguards the above-mentioned Netherlands Government credit, and will in the same way and to the same extent safeguard the collateral security given for this loan.

The Siemens companies will transfer to the German Securities Trustee Co., as the German agent of the Central Union Trust Co., New York, trustee, stocks of salable merchandise, such as brass, copper, aluminum, zinc, steel, iron plates, dynamo plates, lumber, oils and rubber, as well as suitable half-finished and finished goods. The value of these stocks, which under the German law will be actually owned by the trustee's German agent and which will be kept open to permanent inspection by the trustee's German agent, will at all times exceed the amount of bonds outstanding by at least 66 2-3%. The merchandise will be constantly revalued by the trustee's German agent at the lowest market prices prevailing. The companies will obligate themselves to insure the stocks serving as collateral security against all risks in accordance with the requirements of the trustee's German agent.

Sinking Fund.—A sinking fund is provided for the 3-year bonds sufficient to retire $250,000 each six months through purchase at prices not exceeding par and interest if obtainable, any unexpended balance to revert semi-annually to the companies. The 3-year bonds are callable as a whole on any interest date, at the option of the companies, at 101 and interest.

A sinking fund is provided for the 10-year bonds sufficient to retire through call by lot $132,000 of bonds each six months at 102 and interest, the balance of less than 50% of the issue to mature at 102 and interest. The 10-year bonds are callable as a whole, at the option of the companies, on any interest date, at 104 and interest on July 1 1925, the call price being reduced by ½ of 1% each 12 months until July 1 1929, from which date until maturity the call price remains 102 and interest.

SALES AND EARNINGS.—Earnings of both companies can be given reliably only for the fiscal years ended July 31 1912, 1913 and 1914, while Germany had a stable currency, and are set out below. In addition the sales for these years and for 1923-24 are as follows (fiscal year ends July 31):

"The growth of our steamship operations and the development of our terminal properties on Newark Bay have been very steady and encouraging during the year 1924, and we are entering the year 1925 handling a very much increased volume of freight compared with the same period last year. During 1924 we had in operation all of our 32 ships so as to keep them in first class condition, an average for the year of 18 ships running to Gulf points and to Pacific Coast points, and at the present time [March 1925] we have in active operation 24 ships either on berth or on charter, holding the other vessels ready for prompt service as required. Freights have improved over last year and it is possible by economical management and operation to show a fair profit in this trade."

WELLS FARGO & CO. (EXPRESS).—Incorp. in Colorado Feb. 5 1866. On June 30 1917 operated on 84,751 miles of railroad in the U. S. and Mexico, 33,466 miles of stage, inland and ocean steamer routes; total 118,218 miles. Also, jointly with National Rys. of Mexico, controls Wells Fargo & Co. S. A. (Sociedad Mexicana). V. 91, p. 1451.

The loss of their contracts with the railroads because of Government control and operation, and inability to effect an arrangement with the Railroad Administration for continuing their individual operations culminated in an enforced retirement from domestic express operations and the transfer of the property of this company and the other leading express companies used in the express business to the American Railway Express Co. on June 30 1918 at least for the duration of the war. In consideration for the properties the several companies received stock in the Am. Ry. Exp. Co. (the Wells Fargo, $10,500,000 thereof) but no guaranty of net return. In Dec. 1920 the I.-S. C. Commission approved the permanent consolidation of the several companies into the American Railway Express Co. V. 111, p. 2532; V. 108, p. 2020, 2124. See American Railway Express Co. above for dividends paid by that company.

American Express Co. acquires control—see that company above.

CAPITAL STOCK.—The stockholders on Feb. 6 1923 voted to reduce the capital stock from $24,000,000 to $12,000,000 by reducing the par value from $100 to $50, the reduction to be effected by payment in cash of $50 a share, payable as soon as possible after March 5. Payment, it was stated, would be made by disposing of Govt. bonds. This return of capital was the first step toward the ultimate liquidation of the company. See also V. 116, p. 526.

The directors on Aug. 7 1924 authorized the reduction of capital stock from $12,000,000 (par $50) to $240,000 (par $1). The directors have also declared a cash dividend of $8 per share in liquidation out of capital assets and a dividend of 1-30 of a share of American Ry. Express Co. stock of $100 par, for each share of Wells, Fargo stock, both payable June 10 1925 to holders of Wells, Fargo stock of record June 1 1925.

It was announced April 2 1925 that the four committees representing, respectively, the bank debt, convertible bonds and preferred and common stocks, had agreed upon a plan of reorganization.

The plan contemplates that the properties of the company will be acquired by a new company through a sale under decrees of the Federal courts, and that 7% pref. stock, no par value convertible Class A stock and no par value common stock of the new company will be delivered in exchange for the debt to be adjusted.

The new 7% pref. stock (auth., $50,000,000, if of par value, consisting of 500,000 shares (par $100 each), or of 500,000 shares, if without par value) will be preferred as to both assets and earnings, will be cumulative after two years, will be redeemable at $110 per share and accrued dividends and entitled to receive the same amount per share on liquidation.

The new convertible Class A stock will be preferred as to dividends over the new common stock in the amount of $5 per share per annum, which will be cumulative after five years, and preferred over the common stock as to assets in the amount of $75 per share and accrued dividends in the case of liquidation. It will be redeemable at $75 per share and accrued dividends and convertible into new common stock share for share.

Class A stock shall be an authorized issue of shares without par value in an amount to be determined by the reorganization committee, not exceeding 500,000 shares. Common stock of the new company shall be an authorized issue of shares without par value in an amount to be determined by the reorganization committee, not exceeding 1,500,000 shares.

All of the three classes of stocks of the new company will have equal voting rights.

These notes shall be redeemable in whole at any time or in part from time to time upon at least 30 days' notice at par and interest plus a premium of ½% for each year or fraction thereof from the redemption date to their maturity date.

Government's Settlement of War Time Claims of Carriers Against Railroad Administration—Final Cost to Government $1,674,500,000.

In a report for the calendar year 1924, submitted by Director-General of Railroads James C. Davis to President Coolidge in January 1925, it is shown that of the claims arising out of Government war time control of railroads final settlements have been affected with every carrier whose property was actually taken over, except two small affiliated companies in Colorado, whose properties are in receivership. The total cost to the Government of the 26 months of Federal control and the six months guarantee period is shown to have been $1,674,500,000. Claims amounting to $1,013,389,502 were filed by the carriers against the Railroad Administration during the investigation of these claims sundry voluntary reductions were made and the Administration paid to carriers sums on account; this reduced the aggregate amount of claims as finally presented for adjustment to $768,003,274.

Changes in Railroad Wages.

On July 20 1920 the U. S. RR. Labor Board, acting under Transportation Act of 1920, granted wage increases to the 2,000,000 railway employees of the United States, retroactive to May 1 1920, which the Board estimated would add approximately $600,000,000 to the pay-roll, but which the Association of Railway Executives estimated at $625,921,085, or 21%, and which appears to have aggregated possibly $720,000,000. Increases aggregating about a billion had been demanded. See V. 111, p. 347 to 350, 459, 460; V. 110, p. 2252, 2254, 2624.

On July 1 1921, after careful investigation, the U. S. Labor Board permitted the railroads, aside from the so-called short lines (which are in a class by themselves), to make a wage decrease of about 12%, as against the aforesaid wage advance of May 1 1920. It was estimated that this would effect a saving in the yearly pay-rolls of the roads of $375,000,000. (Compare V. 112, p. 2143 to 2150, 2377; V. 113, p. 33.) While the decrease was duly put in effect, the question whether it should be accepted or should be opposed by a strike was referred by the leaders of the 16 railroad unions to their local organizations (V. 113, p. 149), which, it appears, were quite generally in favor of a strike, both to recover the lost wages and prevent further unfavorable changes in wage or labor conditions.

When, however, it came to the actual declaring of a strike only the four trainmen's brotherhoods and the switchmen's union were prepared to take this step in the face of a strongly adverse sentiment on the part of the public and the Federal Government, and even in the case of these unions, on a number of roads, notably the Pennsylvania Eastern Lines, the necessary 66 2-3% vote was lacking (V. 113, p. 1326, 1706, 1718, 1730 to 1738).

The strike was scheduled to begin in the various sections of the country Oct. 30 to Nov. 5 1921 (V. 113, p. 1735), but it was called off on Oct. 27 1921 after a hearing before the Labor Board, in view of the vote by the latter that it would not take up the matter of wage decreases until all the questions relating to national rules and regulations had been disposed of by it. (V. 113, p. 1849 to 1852, 1943.)

In 1921-22 the national rules were rewritten by the Labor Board on a somewhat more satisfactory basis for the shop crafts and maintenance of way men, clerks and station employees, signal men, supervisors, firemen and oilers, train dispatchers, railway express employees, &c., but not for the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railroad Conductors, Brotherhood of Railroad Trainmen and Switchmen's Union of North America. The efforts of the railroads to get these latter bodies to agree to a further wage reduction of about 10% and to submit to various changes in the rules failed in April 1922.

The rules as revised for the other unions in general add from one to two hours to the eight hours that must be worked at the regular pro rata rate before the punitive extra pay becomes operative.

Reductions in wages of shopmen, maintenance of way men, freight car men, signal men, clerks, &c., aggregating approximately $135,000,000 per annum, were announced by the United States Railroad Labor Board in May and June 1922, effective July 1 1922. V. 114, p. 2432, 2541, 2784.

Following the wage reduction, the shop craft organizations went on strike July 1 1922, and for three months thereafter the railroads of the country were seriously handicapped in their operations. V. 115, p. 139. On July 17 1922 about 8,000 stationary firemen, engineers and oilers also were called out. President Harding made strenuous efforts to get the strikers to return to work and held numerous conferences with representatives of the unions and with railway executives. But his proposals for the settlement of the strike of railway shopmen, though accepted Aug. 2 1922 by the employees, fell through, because the carriers rejected the recommendation that the men return to work with their former seniority and other rights unimpaired (V. 115, p. 611, 612). Later in the month, however, many of the roads made individual agreements with their men on the basis of the so-called Baltimore plan or other separate arrangements, and where this was not done the strikers in large numbers gradually drifted back, so that by the end of September 1922 the strike ceased to be much of a disturbing influence. V. 115, p. 2123, 1596, 1282, 1283. In February 1925, long after the strike had ceased of all influence, the shopmen's union declared the strike ended on all roads except the Pennsylvania and Long Island railroads.

A temporary injunction restraining the officials of the Federated Railway Shop Crafts from interfering in any way with the operation of the railroads was granted at Chicago Oct. 5 1922 by Federal District Judge James H. Wilkerson, and later was continued in force. This was an additional aid in breaking up the strike. (V. 115, p. 1495, 2123.) On May 1 1923 leaders of the strike of railroad shopmen abandoned their case in defense against this injunction and announced that their principal contentions in the case had been upheld. (V. 116, p. 2086.) A final decree making permanent the temporary injunction was entered July 12 1923 by Judge Wilkerson. The decree affected about 400,000 railroad employees and officers of the shop crafts concerned in the strike. (V. 117, p. 169.)

The threatened strike of 400,000 maintenance of way men had meanwhile been stayed, E. F. Grable, President of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, having reached an agreement with the Railroad Labor Board to withhold any strike order until the Board could arrange for a rehearing (V. 115, p. 139, 395). After the rehearing the Labor Board (Oct. 14 1922) granted the employees, represented by the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, an increase, effective Oct. 16 1922, of 2 cents an hour over the reduced schedule put in force on July 1 1922 (V. 115, p. 1790).

An increase totaling over $3,000,000, together with the eight hour day and time and-one-half for overtime, was granted to approximately 65,048 members (freight employees and common laborers) of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees, effective March 1 1923. V. 116, p. 898; V. 115, p. 2446, 2343.

The United States Railroad Labor Board on March 10 1923 refused to reopen the case under which 11,000 telegraphers on eleven Western roads suffered wage reductions (said to total $1,500,000 annually) in a decision handed down by the Board in December 1922 (V. 115, p. 2755), and which became effective Jan. 1 1923. (V. 116, p. 1138.) Increases in wages affecting about 5,500 telegraphers and station agents and aggregating approximately $364,432, were, however, granted by the Board in Nov. 1923 on a number of roads. (V. 117. p. 2400.)

On April 24 1923 the Brotherhood of Maintenance of Way Employees, &c., filed a request with the Labor Board for a return to wages in effect prior to July 1 1921 (V. 116, p. 1856). The petition affected 28 railroads and 175,000 employees. On June 30 1923 the Board remanded the case back to the roads for individual settlements. Failing this, the Board on Dec. 3 1923 awarded a wage increase of 1 to 2 cents an hour, retroactive to June 1 1923, to approximately 22,612 maintenance of way men of the Boston & Maine RR., the Fort Smith & Western Ry., the Louisville & Nashville RR., the Louisville Henderson & St. Louis Ry., the Nashville Chattanooga & St. Louis Ry., the San Antonio Uvalde & Gulf RR., and the Trinity & Brazos Valley Ry. These roads had failed to reach individual settlements with their men. A number of other carriers involved in the original controversy had settled. (V. 117, p. 2508; V. 116, p. 1969.)

In Oct. 1923 the firemen, trainmen, conductors and engineers, represented by the Big Four Brotherhoods, asked for wage increases averaging approximately 12½%. This increase, it was computed, would cost the railroads about $100,000,000 additional a year and bring wages up to the schedules in effect as of May 1 1920. (V. 117, p. 2848, 1740, 1524, 750, 636.)

The first settlement growing out of negotiations with the railroad brotherhoods over wage increases asked in Oct. 1923 was announced by the New York Central RR. on Jan. 22 1924, when the road made known that it had reached an agreement with engineers and firemen on practically all divisions and subsidiary lines providing for an increase in wages of approximately 5% and changes in certain working conditions. The agreement, which was to run for one year, affected, it is estimated, about 15,000 men, including engineers, firemen, hostlers and hostler's helpers. This settlement was then used by the labor organizations as a basis for attempted agreements on all American roads. The increase, when applied to the 160,000 engineers and firemen employed by all Class I. railroads, would cost, it was figured, about $25,000,000. (V. 118, p. 394, 627.) An increase of approximately 5%, affecting 44 Western railroads and about 50 subsidiaries, was granted on April 8 1924 to approximately 80,000 conductors and trainmen. (V. 118, p. 2003.)

The U. S. Railroad Labor Board handed down a decision on Oct. 21 1923 awarding increases of 1 to 2 cents an hour to clerks, station forces, dock, warehouse and platform freight handlers and similar employees of 65 carriers. The opinion found that 29 carriers and employees of the class involved had negotiated agreements increasing pay for some of the groups, but that there was no uniformity in the agreements. The employees affected by the decision were represented by the Brotherhood of Railway and Steamship Clerks, freight handlers, express and station employees, by the Brotherhood of Railway Station Employees, and by the International

Longshoremen's Association. (V. 117, p. 1849.) This decision followed close upon another denying an increase to signalmen. The wage increases asked by signalmen on 45 carriers ranged from 13 to 23 cents an hour. This class of employee had been granted an increase of 13 cents an hour by decision No. 2 in July 1920. On July 1 1921 their wages were cut from 6 to 8 cents an hour and a further decrease in July 1922 of from 5 to 6 cents an hour brought the rates of pay to approximately what they were under the Federal Administration prior to decision No. 2. The Board decided in denying the request that the cost of living and other elements entering into consideration of the case had not changed sufficiently since the last decision of 1922 to justify an increase (V. 117, p. 1741).

Since March 1 1923 wage increases of one kind or another have been made by many individual roads to their employees. The Pennsylvania RR. on March 12 1924 increased wages of about 22,000 engineers, firemen, hostlers and hostler helpers by 5%, retroactive to Jan. 16 1924; the Pennsylvania RR. also granted a wage increase of about 6% to 32,000 conductors, baggagemen, brakemen and switch tenders. Early in 1924 an increase of about 5% was granted to engineers and firemen of the following roads: The Pittsburgh & West Virginia Ry., the New York Chicago & St. Louis Ry., the Erie RR., the Chesapeake & Ohio Ry. and the New York New Haven & Hartford RR.; this increase followed close upon the announcement of the New York Central RR. of similar wage adjustments, referred to further above. Increases of 5% were also granted during 1924 to conductors and motormen of a number of roads, including the New York New Haven & Hartford RR., the Louisville & Nashville RR., the Lehigh Valley RR. and the Southern Ry. A wage increase, ranging from 30 to 36 cents a day to conductors, switchmen and brakemen, was granted on June 2 1924 by the Chesapeake & Ohio Ry. Co., retroactive to May 1. This action was in line with an increase given to engineers and firemen. Wage increases amounting to 6½% for all yardmen and trainmen, retroactive to May 1 1924, were granted by the Texas & Pacific Ry. These illustrations might be multiplied almost indefinitely.

United States Railroad Labor Board.

This Board, created by Transportation Act of 1920, consists of the following:

Ben W. Hooper, Chairman; G. W. W. Hanger, Vice-Chairman; Horace Baker, Edwin P. Morrow, J. H. Elliott, Samuel Higgins, W. L. McMenimen, E. F. Grable and A. O. Wharton, with L. M. Parker as Secretary.

Equipment Trust Agreements of Jan. 15 1920.

Equipment trust agreements were executed early in 1920 by some 80 leading railroad companies with the Director-General of Railroads and the Guaranty Trust Co. of New York as trustee, covering approximately $323,000,000 worth of new rolling stock, built and building. This rolling stock was ordered by the United States Railroad Administration during the period of Federal control of railroads and has been allocated to the railroad companies named below and accepted by them. (Compare V. 109, p. 1668, 1955, 2406.)

The notes, while issuable from time to time as equipment is delivered to the roads, are all dated Jan. 15 1920, payable, both principal and interest, in gold of present standard. Each issue will mature in 15 equal installments on Jan. 15 in each year, 1921 to 1935, both inclusive, and will bear interest at 6% per annum, payable semi-annually, July 15 and Jan. 15 at the office of the trustee in New York City. They will be subject to redemption at the option of the maker prior to maturity at 103 and interest on any interest date after 60 days' notice, but only as entire issues.

The War Finance Corporation, in a statement issued by Managing Director Eugene Meyer Jr., on Jan. 22 1922 announced that the Director-General had addressed a letter to all railroads of which the U. S. Treasury still held issues of equipment trust obligations no part of which had yet been sold by it, asking [in order to increase the salability of its holdings] that he be permitted to subordinate to the remainder of the issue [which remainder he might then sell] not alone the last five maturities, 1931 to 1935, or any one or more of them, but such portion of the maturities of any year as he might determine. The official statement said:

The amended clause will read as follows:

"'Eleventh: Upon request of the holder, or holders, of all the notes which by their terms shall be due and payable in any year, and upon presentation of such notes for that purpose, the trustee shall stamp thereon, or upon such part thereof as said holder, or holders, may designate and request, the following words:

"'For value received and as an inducement to purchases of unstamped notes, the holder of this note has caused the same to be stamped pursuant to Article Eleventh of the Equipment Trust Agreement mentioned in the note, and, as provided in said Article Eleventh, the unstamped notes shall be payable in preference and priority to the stamped notes out of any moneys received or collected by the Trustee under said Equipment Trust Agreement, upon enforcement of its rights or remedies in case of a default of the carrier.'

"For the present, it is the purpose of the Director-General, upon the execution of the supplemental agreements, making the amended clause operative, to make sales of railroad equipment trust obligations under an arrangement, to subordinate, on the part of the Government, approximately 33 1-3% of the principal amount of each maturity; and the Director-General will be prepared to sell 66 2-3% of issues of equipment trust obligations, unsubordinated, at par and accrued interest to date of delivery. The Railroad Administration will thus retain the one-third subordinated part of all serial maturities."

ECONOMIC TRENDS IN THE ELECTRICAL INDUSTRY

Varied Markets are Stable

Only in the United States Census will you find more industries represented than are included among the users of electricity, and of electrical products.

Start with the homes of the nation which depend upon electric current year in and year out, through good times and bad, for their light, comfort, and convenience.

Take next the factories, the railways, the mines, the farms, and even the movie theatres. Each represents a major field of human activity that is governed by its own particular set of economic forces and conditions.

Electricity and electrical products are used for industrial purposes, for transportation, for comfort, health, amusement and personal convenience. This diversification of users and uses gives stability and vigor to the electrical service industry through all phases of the business cycle.
